

Intra-Party
CONFIDENTIAL NEWSLETTER

The INTRA-PARTY CONFIDENTIAL NEWSLETTER is published by the American Nazi Party every Tuesday at 928 N. Randolph Street, Arlington, Virginia. All units are requested to schedule their weekly reports so that they arrive at National Headquarters on Friday of each week.

INTRODUCTION - The CONFIDENTIAL NEWSLETTER is a TOP SECRET, weekly Intra-Party communique, for the purpose of informing the units in the field of all Party news, and for issuing special directives, and for launching joint national and international projects. It will also explain the Party position on current political and personnel matters wherever it is felt necessary. The CONFIDENTIAL NEWSLETTER will be sent only to active Party units and affiliates and a very select number of supporters. It is to be kept in a locked place or burned.

NATIONAL HEADQUARTERS NEWS

HATE RUN - On Sunday, March 10, Stormtrooper Andy Chappell ran 50 miles in 100 laps around Washington, D.C.'s Lafayette Park. The run, dedicated to the White Race, demonstrated the superiority of Nazis over liberals, Jews and peace creeps, who currently have a fad of taking peace walks. Andy ran for seven hours and twenty-three minutes straight. The press was there, but there was no coverage. On April 3, S/T Chappell will run 110 miles, from National Headquarters to Richmond, Va., carrying with him the Party's application for a new charter, which he will deliver to the State Corporation Commission.

PICKET STATE DEPT. - A dozen Nazi Troopers picketed the State Dept., Washington, D.C., on Friday March 15, protesting the admission to this country of a troupe of Soviet agents claiming to be "Russian clergymen".

NAZI FARM - The Headquarters Division is starting a "Hate" garden to grow vegetables in an effort to cut mounting food costs. Onions, pumpkins, and garlic are already sprouting.

PHYSICAL TRAINING - A highly successful physical training program has been instituted here under the direction of S/T Andy Chappell. It includes a 1 mile run. Other units are encouraged to follow suit.

ROCKWELL REPORT - The March 15 ROCKWELL REPORT shows what a gruelling job it is to be Commander Rockwell and explodes the myth that we are highly financed. Order bulk shipments and give this number wide distribution.

THE NATION

CHICAGO CRISIS - A concerted effort to run the Party out of Chicago is being waged by the combined forces of Jewry. Extreme pressure has already broke the will of the landlord who owns the Headquarters building there. He is selling the building, but has given us first crack. \$1,500 must be raised by April 1 at the latest. Help on this will be considered a LOAN. Contact: Lt. Roy James, 2124 N. Damen Ave., Chicago 47, Illinois.

LOS ANGELES DEATH - Party supporter Dick Anderson is mourning the loss of his son, who was killed accidentally recently in a collision with a freight train. He was a great admirer of Commander Rockwell. Condolances can be sent to Dick at: 2595 Valley Blvd., Pomona, California.

MIAMI COMBAT - All the headaches involved in opening a new Nazi Headquarters were experienced by Trooper John McClure in Miami the past four weeks. His daily battles with Jewry resulted in a sensational amount of international publicity and stirred up a raging "hornet's nest" in the Kikes' homeland. The ordeal included: picketing of the ADL and the Israeli Bond Drive Kick-Off (Kikes rioted at both); the jailing of McClure and Trooper Dave Peterson (both are free); the beating of McClure by Negro inmates; the closing of their headquarters, located in a downtown office building, by the landlord; and the daily hardship of having to jump from place to place with a family just minutes ahead of the TV cameras, while all but a tiny few of the would-be supporters headed for the hills. Commander Rockwell then dispatched Major Allen to re-group forces before taking the offensive again. Major Allen has since returned, successful.

WOULD BAN SWASTIKA - As a result of intensive ANP activity in Southern Florida, Rep. Claude ("Red") Pepper has introduced a bill in Congress to outlaw the Swastika and the hammer-and-sickle symbols. We expect the bill to pass eventually, but see two good effects: 1) It will prove we are the only right-wing organization feared enough to pass laws against, thus smashing the Jew-spy lies, and 2) It will enable us to launch one of the largest national agitation campaigns in our history. Incidentally, New York State is pushing a similar bill, banning only the Swastika. More on this whole project in the future.

NEW YORK ACTION - The N. Y. Division of Fighting American Nationalists has kept up a steady drive of picketings and distributions, having recently picketed the 39th Anniversary Banquet of the Red "Worker" on March 9, and a race-mixing movie, "Diamond Head" on March 20. N. Y. FAN has been hampered by the N. Y. newspaper strike, but has been receiving publicity over the air, and some in the "New York Post," the only regular paper publishing. N. Y. FAN announces a new address: P. O. Box 49, N. Y. 9, N. Y.

PENNA. FAN PICKET - FAN of Penna. picketed the appearance of Commie leader, Arnold Johnson, in Philadelphia on March 8. Units from Reading, Willow Grove and Philadelphia participated.

SUBS FROM NEW ORLEANS - Party faithful in New Orleans have been steadily sending in new subscriptions to Party publications these past many months. This is an important service that all Party faithful should perform in their areas.

SALT LAKE CITY YOUTH UNIT - A new, sizeable youth unit is being launched in Salt Lake City, Utah. More on this in the future.

THE WORLD

COLIN JORDAN has completed six months of a nine-month sentence in England. His principal aide, John Tyndall, was released March 8. Colin Jordan is scheduled to be released in June.

NOTICES

PARTY CONVENTION - Commander Rockwell has called a National Convention of the American Nazi Party and all affiliates to be held in Chicago, November 30, 1963. All units should begin making arrangements to send delegates. More details in the future.

TRANSFERS - All transfers and personnel shifts between different units must be cleared by National Headquarters. Also, local units are urged to "check out" people before encouraging them to visit headquarters. Recently, the Cincinnati division sent us a visitor being hunted by the law. We have no choice but to "turn in" fugitives. Harboring one, either knowingly or unknowingly, could result in the whole Party being shut down by authorities.

PROJECTS

HIT THE NEWSSTANDS - Party faithful are urged to approach newsdealers in their areas with the idea of carrying the **ROCKWELL REPORT** and **THE STORMTROOPER**. We will supply newsdealers with **ROCKWELL REPORTS** at 20¢ apiece and **STORMTROOPERS** at 25¢ apiece for resale. The balance is their profit for carrying the publications.

BIRCH SOCIETY NAMES - All Party stalwarts are asked to send us the names of Birch Society people in your area--or even names of those suspected of being Birchers. Many Birch units are defecting to the ANP, disgusted with JBS pussyfooting on the Jewish question. We are sweeping them up.

Intra-Party
CONFIDENTIAL NEWSLETTER

The INTRA-PARTY CONFIDENTIAL NEWSLETTER is published by the American Nazi Party every Tuesday at 928 N. Randolph Street, Arlington, Virginia. All units are requested to schedule their weekly reports so that they arrive at National Headquarters on Friday of each week.

INTRODUCTION - The CONFIDENTIAL NEWSLETTER is a TOP SECRET, weekly Intra-Party communique, for the purpose of informing the units in the field of all Party news, and for issuing special directives, and for launching joint national and international projects. It will also explain the Party position on current political and personnel matters wherever it is felt necessary. The CONFIDENTIAL NEWSLETTER will be sent only to active Party units and affiliates and a very select number of supporters. It is to be kept in a locked place or burned.

NATIONAL HEADQUARTERS NEWS

JEW TRAP EXPOSED - A Jew scheme to trick Commander Rockwell into coming to New York, where a warrant awaits him, has been uncovered and smashed at its roots. The clever Jew scheme was in the disguise of a speaking engagement, topped by a debate with a Jew, at Bard College in upper New York State. The Jew instigator even agreed to pay The Commander's transportation. But he let the "cat out of the bag" when he sent only a one way ticket to New York City.

HITTING NEWSSTANDS PAYS OFF - The "Hit-The-Newsstands" project, launched in issue No. 1 of the CONFIDENTIAL NEWSLETTER has already reaped a whirlwind in Washington, D.C. A newsdealer sold 15 copies of THE STORMTROOPER the first day he handled it, and he has ordered 50 copies of the latest issue, just out.

GENERAL INSPECTION - A General Inspection of the Headquarters Division was held on April 1. Commander Rockwell was highly satisfied, but called for continued improvement.

CLASSES HELD - The Headquarters Division is holding regular nightly classes for the benefit of members. Major Allen instructs a class in American government; Capt. Koehl in English, and Capt. Ryan in National Socialist Indoctrination.

COUNTER-PICKET COONS - Fifteen Nazi Troopers counter-picketed a few CORE integrationists, seeking admission to Virginia theaters recently. These pickets have won the Party much support from local Virginians.

WOULD JAIL SCHOOL BOARD - Commander Rockwell led a delegation of 20 Nazis, dressed in business suits, to a recent meeting of the Arlington County School Board on the subject of desegregation. The Commander and Major Allen sought to have the School Board arrested for holding a racially integrated meeting in violation of Virginia law. Later Commander Rockwell addressed the throng, blasting integration.

THE NATION

CHICAGO "REPRIEVE" - Around the clock hustling by Roy James, officer-in-charge of Chicago Headquarters, has gained the Party a brief "reprieve" from its April 1 deadline. But the danger is not over yet. The greater part of the \$ 1, 500 still must be raised to save the Hq.

ROY JAMES PROMOTED - Roy James, the Nazi who bashed Martin Luther King, and who is now in charge of Chicago Hq., has been promoted to the rank of Captain in the American Nazi Party.

NEW BALTIMORE GROUP - Over 4, 000 sleeping Baltimoreans awoke the morning of March 29, amidst a veritable snowstorm of anti-race-mixing literature, distributed on doorsteps in the wee hours of the morning by a new Racist organization. More on this new group in the future.

EMORY BURKE'S SCHOOL - Emory Burke, who recently resigned from the NSRP in disgust, plans to open a school for the training of White leaders in Montgomery, Alabama. More on this in the future.

WEST COAST ACTION - The Western Division of the American Nazi Party is reporting tremendous and rapid gains, after a year of tough sledding to survive. Three factions arose in California, and almost destroyed the Party there. But little by little the disunity has been overcome by the discipline and pure idealism of our loyal Nazis. Now we are organizing a large influx of YOUNG MEN, many of them from UCLA and other universities. Leonard Holstein recently led a picket of 12 young Nazis against CORE in Los Angeles. Leonard reports by phone that the Jew chief of police in the area plans to arrest them the next time they come, although he will NOT arrest the CORE pickets. Our men are determined to square off with such tyrants. We may go to jail, but we will beat hell out of the Jew rats, legally.

THE WORLD

GERMANS SEE US - A one-hour TV spectacular on the American Nazi Party was shown over Germany's only network on March 3. The spectacular, filmed in and around Arlington Headquarters and including interviews with The Commander, was viewed by an estimated 50 million Germans and other Europeans.

NOTICES

DUES DO IT - Members of the American Nazi Party are now receiving THREE publications as part of their benefits as dues-paying members; THE ROCKWELL REPORT, THE STORMTROOPER, and the CONFIDENTIAL NEWSLETTER. Soon there will be another breakthrough in the growing list of successful Nazi publications; THE INTERNATIONAL NAZI, published by the World Union of National Socialists, with the highest level material from National Socialists all over the globe. In the first issue, scheduled for September, there will be an article by Emory Burke which we believe will make intellectual and philosophical history, an article by Colin Jordan and one by a GERMAN National Socialist! All Associate Members are urged to keep their dues paid up to insure that they receive these smashing periodicals. We are now installing automatic mailing equipment, contributed by a loyal supporter, and when dues are not paid over a two month

2-2

period, the stencil for the unpaid member is kicked out by the machines automatically. It is the only way to be fair to the faithful who DO pay their dues.

PARTY CONVENTION - All units should start thinking about arrangements to send delegates to the Party National Convention in Chicago, November 30, 1963.

VINLAND BOOK STORE - The Vinland Bookstore, formerly located in Chicago, is being reorganized under Lt. Alan Welch. The new mail order address is: P.O. Box 1633; Washington 13, D.C.

PROJECTS

SPY RETURNS - The libeling smear artist and spy for the Jews, John Roy Carlson (real name Deronian), who was active during the war years, has returned to the scene. He is currently "lecturing" on the West Coast. An effort should be made to obtain a recent photo of this creep, so he can be properly exposed to patriots.

HITLER WAS RIGHT - Our International Affairs Department is working to translate the slogan "Hitler Was Right" into as many languages as possible. If you know how to express this idea correctly in another language, please let us hear from you. (Even if we do have a translation for a particular language, you may be able to confirm, correct or modify what we already have. Above all, these slogans must be letter-perfect in every case before they are released.)

LAST MINUTE SPECIAL - - -

CMDR. SPEAKS AT U. OF MISSOURI - A new way has been found to beat the Jew terrorists who keep getting The Commander's college speaking engagements canceled. At 11:40 a.m. Monday, 1 April, 1963, The Commander addressed a tremendous audience at the U. of Missouri, while seated at his own desk in Arlington. The university rigged up a loud speaker system in the auditorium in Missouri, and filled the hall with students and faculty. Then they called The Commander long distance and hooked the phone into the loudspeaker system. The Commander spoke to the students for forty-five minutes and then actually answered questions over the 1,500 miles for another 30 minutes. He was greeted by a resounding burst of applause at the end of the speech! The sole "wrong note" was provided by a Polish kike who drew a huge laugh from the students when he replied to The Commander's question whether he were a Jew, "I am a Presbyterian". We couldn't see this character, but the students could. They howled.

Intra-Party
CONFIDENTIAL NEWSLETTER

The INTRA-PARTY CONFIDENTIAL NEWSLETTER is published by the American Nazi Party every Tuesday at 928 N. Randolph Street, Arlington, Virginia. All units are requested to schedule their weekly reports so that they arrive at National Headquarters on Friday of each week.

INTRODUCTION - The CONFIDENTIAL NEWSLETTER is a TOP SECRET, weekly Intra-Party communique for the purpose of informing the units in the field of all Party news, and for issuing special directives, and for launching joint national and international projects. It will also explain the Party position on current political and personnel matters wherever it is felt necessary. The CONFIDENTIAL NEWSLETTER will be sent only to active Party units and affiliates and a very select number of supporters. It is to be kept in a locked place or burned.

NATIONAL HEADQUARTERS NEWS

PURSUE ATTACK ON SCHOOL BOARD - The Party is vigorously pursuing its offensive to have the Arlington County School Board jailed for holding a racially integrated meeting in violation of Virginia law last week. Close to 10,000 pieces of literature, blasting the law-breaking Board were distributed to Arlington residents. The Party then went to the Grand Jury, seeking indictments against the law-breaking Board, but the Grand Jury refused to act. Now the Party will go into the Circuit Court to obtain a writ of mandamus in its crusade to bring the law-breaking, race-mixing School Board to justice.

BAN SWASTIKA - The City of Miami Beach has passed an ordinance banning the Swastika. Wearing of Hammer-and-Sickle symbols by Communist "dignataries" will be allowed, however.

BOOK COVERS ROLLING - Capt. Matt Koehl has solved a seemingly insurmountable problem in manufacturing book covers for "THIS TIME THE WORLD" by the simple use of good old Nazi ingenuity. A D.C. bookbinding company had previously advised him it would require \$20,000 to do the job. Capt. Koehl's method will beat 80% of that, thanks to the labor of dedicated unpaid men here at HQ.

TROOPERS BUSY - Headquarters Division Troopers were kept mighty busy performing hard-labor duties last week. A huge amount of lumber, donated by a supporter, was moved from HQ to the Barracks.

WILL SEARCH VISITORS - New security measures, handed down by The Commander in a general order, will require the searching of all new visitors to the National Headquarters. Additional security precautions are also to be taken whenever The Commander is in the building.

PROMOTIONS - The following Nazis were promoted this week: Frank Niles to the rank of Warrant Officer; Robert Lloyd to Group Leader; Bernie Cook and Dave Peterson to Troup Leader.

LEADERS MEET - Sam Napier, temporary leader of our Los Angeles battle-group, visited National Headquarters last week and participated in some of our street activity before he left. He also took back with him Dale Gatewood, who has transferred to Los Angeles because of family emergencies. Capt. Roy James, leader of the ANP in Chicago and the Midwest, also visited HQ last week and held secret conferences with The Commander and Major Allen on various critical situations in Chicago.

MILWAUKEE SUBS - The Milwaukee unit sent in 12 subscriptions to the **ROCKWELL REPORT** last week. All units take note.

RECENT SMEARS - Recent smears on the Party appear in: "Escapade" magazine for April; "Confidential" and "Esquire" for March; and the New York-Brooklyn Daily, a paper published in New York during the recent newspaper strike. Various papers in Australia have also smeared the Party, due to the growth of WUNS units there.

THE NATION

FOSS SUING IN MIAMI - Lt. Roger Foss is suing the Miami ADL, and the cop who arrested him while he peacefully picketed the ADL there last July. The court recently ruled he must amend his suit within 10 days. Lt. Foss immediately countered with a request for a 60-day stay of proceedings.

McCLURE RAPPED, BUT BEATS IT - Trooper John McClure, just emerging from a five-week legal, tactical, and physical battle with Miami Jewry and prison inmates, was convicted in Miami of illegal possession of a deadly weapon. But the judge deferred sentence on the condition that McClure leave the Miami area. McClure thus beat the rap by re-grouping forces in nearby West Palm Beach. An interesting side-note is the unsuccessful attempt by Jews to provoke Trooper McClure into an assault rap. As he left court a Jewess agitator struck him, but he wisely avoided the obvious trap.

SOUTHERN BIRCHERS DEFECT - Many John Birch Society members in the South are reflecting a nation-wide trend by defecting to the Nazi Party.

JACKSONVILLE UNIT - Former NSRP men, Warren Folks and Tinsley Sammons, have formed the Jacksonville Nazi Patriots Society.

CHICAGO STILL "ON HOOK" - The Chicago unit is not yet "off the hook" in so far as their battle to save their Headquarters building goes. But they are making steady progress and have succeeded in gaining more time.

THE WORLD

AUSTRALIAN WUNS UNITS - Two new units of WUNS in Australia are forging ahead at a terrific pace. One unit is based in Sydney, the other on the South Coast.

NOTICES

THANKS - A word of thanks to all our members, supporters and friends who have thoughtfully sent us NAZI "CARE" packages of food, clothing and other useful items.

PROJECTS

"HITLER WAS RIGHT" - April 20 is Hitler's Birthday. To commemorate the occasion, colorful Swastika stickers, with the inspiring message-- "Hitler Was Right"--are being prepared in various languages. All units should be expecting packets. This simultaneous show of racial solidarity will be international.

APRIL 20TH - Because of the usual lack of funds, we can't promise anything, but we are doing everything possible to make Hitler's Birthday, April 20th, and Jew "Six Million" Day, April 21st, memorable occasions for the Hebes.

SWASTIKA IN THE SKY - Even in this secret bulletin, we can't reveal exactly where, but we are working on having a BIG SWASTIKA IN THE SKY painted over one of America's most Jewy cities, if funds can be raised. Party faithful in all parts of the world are bending every effort to remind the Jews that G-Day is approaching.

Intra-Party
CONFIDENTIAL NEWSLETTER

PUBLISHED WEEKLY by: American Nazi Party, 928 N. Randolph St., Arl., Va.

THE CONFIDENTIAL NEWSLETTER is a TOP SECRET, intra-Party communique, for the purpose of informing Associate Members and units in the field of all Party news; for issuing special directives; for launching joint national and international projects; and for explaining the Party position on current political and personnel matters. The CONFIDENTIAL NEWSLETTER will be sent only to active Associate Members, Party units, affiliates and a very select number of supporters. It is to be kept in a locked place or burned. All units are to mail their weekly reports to arrive at National Headquarters by Friday of each week.

NATIONAL HEADQUARTERS NEWS:

LEGAL HURDLE CLEARED - The Party has been successful in winning a date for a hearing before the Virginia Circuit Court in our fight to insist that the Arlington County School Board obey the law. This was a major hurdle -- one that has tripped us before. On April 23rd, Maj. Karl Allen, Capt. Matt Koehl and Lt. Alan Welch will appear as petitioners for a writ of mandamus to force the local Commonwealth's Attorney and law officers to take action against the School Board for ignoring and refusing to obey the Virginia state law against race-mixing. Our FIGHT for the White Race has won us many complimentary phone calls from local citizens.

CHAPLAIN - Probationary Trooper Don Wiley, a twenty-one year old ordained Baptist Minister from Lexington, Kentucky, has been temporarily appointed Party Chaplain by Commander Rockwell. Upon completion of his probationary period, Trooper Wiley, a graduate of Lexington Baptist College, will become the Party's first full-time Chaplain. Although the Party takes no official stand on religious matters, The Commander feels that a Chaplain will be helpful in explaining the Party's aims to the millions of Christian patriots.

AWARD - Lt. Alan Welch was awarded the Medal of Merit for his six months of hard work as Party Controller. Lt. Welch, who has a degree in mathematics from the University of Houston, is now handling most of the financial records of the Party.

TRANSFERS - In keeping with the growth and importance of the Chicago headquarters, several of the Party's top-ranking veterans will report there for duty about May 1st. Capt. Seth Ryan, Lt. Tony Wells, and Lt. Ralph Forbes will join Capt. Roy James to provide the leadership to spearhead Midwest activities. The Midwest continues to be one of the most fertile areas for recruiting. Smaller units in Minnesota, Wisconsin, Michigan, Ohio and Kentucky will be coordinated immediately under the command of the Chicago headquarters.

RESIGNATION - We regret to announce the loss of one of the most able and well-liked Nazis at National Headquarters, Lt. Roger Foss. Roger has resigned in a 'disagreement' over a rumor that John Patler, ex-Party officer and editor of the old 'National Socialist Bulletin,' is returning to the Party. Patler devoted the entire last issue of his magazine, 'Kill,' to the theme, 'Rockwell is Right,' in which he attempted to patch up some of the damage he had done in deserting the Party and attacking The

4-1

Commander. Tempers ran high after Patler visited headquarters last month for a conciliatory talk. Roger resigned in haste, much as he did three years ago over pretty much the same issue. Roger is welcome back, and any member in touch with him is encouraged to suggest that he drop personal animosities and return to the Cause he has served so faithfully.

THE NATION:

STILL NEED \$\$\$'s - Although the local members have contributed to the best of their ability, the Chicago Hq. **STILL NEEDS HELP** in raising the \$1500.00 necessary to make the building safe from Jew harassment and foreclosure. **DO WHAT YOU CAN NOW!** It's **NOW OR NEVER** for 2124 N. Damen Avenue, an address known around the world! **WE CAN'T AFFORD TO LOSE IT!!!**

BRAVE MEN - Three Chicago troopers, led by GL Sam Bartlett, were arrested **AGAIN** this week for "breach of the peace" in counter-picketing Chicago "Peace Creeps." All of the men already face up to two years imprisonment in trials to be held this week, on similar charges. This takes real guts, in light of previous experiences with Chicago "justice" and the Cook County Jail. Commander Rockwell will be in Chicago for the trials. Details next week.

WESTERN DIVISION - The Jew police chief of Torrance, Calif., backed down and **DID NOT ARREST** Nazi pickets as he had threatened to do, when Leonard Holstein, Dennis Reaves, Carl Thornton, and William Krauss re-picketed **CORE** coons attempting to integrate a new housing development there. Police did, however, arrest sympathizers in the crowd, on fake charges (later dropped). This should be kept in mind hereafter, and supporters warned to be on their best behavior when standing by at pickets and other demonstrations.

FLORIDA - ST John McClure's threat to picket Red Jack in West Palm Beach when he arrived at the airport for Easter Holidays caused the Jew-boot-licking politicians there to threaten to outlaw the entire Party throughout Florida. The State Attorney General (whose brother was recently defeated in a Miami election after announcing he was going to run the Nazis out of Florida) promised the bill would be introduced to the Legislature last week. It has bogged down, however, because they can't find a legal way to outlaw the Party.

LEADERSHIP SCHOOL - Natl. Hq. will sponser two, one-week National Socialist Leadership Schools during the last two weeks in August, 1963. There will be a nominal fee to cover food, utilities, etc. Associate Members and personnel from other units who have never served at Natl. Hq. should plan their summer accordingly, and make every effort to attend. Interested persons should contact Capt. Matt Koehl, National Organizer.

THREE "ALLIES"? - At least three of the old-time "jew-fighters" have made conciliatory moves toward the Party in the past month, and their publications are becoming more pro-Hitler. The next step is pro-Nazi, then pro-American Nazi! We won't name names, yet, but watch the "anti-Semitic" publications. Two of them have written personal letters of "appeasement," the other seems to be being forced into line by his "followers." This follows Commander Rockwell's theory that our continued success will force other groups either to admit the superiority of our methods (and thereby accept our leadership), or attack us as "spies." We have just about

weathered the "spy" charges, now, as our accusers have been made to look more and more ridiculous by our obvious sacrifices and successes. This could be our first definite step toward leadership of the Right Wing.

NOTICES:

WE NEED NEWS - There are now a dozen or more Nazi "cells" in various cities which meet on a scheduled basis, but which don't rank yet as official headquarters, and therefore do not report regularly. **LET US KNOW WHAT YOU ARE DOING!** We will pass the word along as inspiration to other groups.

PROJECTS:

LIBERALS STUPID? - The April 15, 1963, **ROCKWELL REPORT**, a 12-pager, explains why Liberals are so stupid, and what ANP can do about it. Every Newsletter reader who lives near a university, or who knows a college student, should order several re-prints for distribution.

HITLER'S BIRTHDAY - All members and supporters are reminded that April 20th is Hitler's Birthday. Make this fact known by calls to local radio stations, letters to editors, and any other legal means available.

FLASH - Commander Rockwell will speak in **CHICAGO -- AND IN ARLINGTON** on Hitler's Birthday, April 20th. That's right -- both places!!! He will address a large Chicago assemblage at 3:00 p. m., then catch a plane in time to speak before a large bon-fire rally in Arlington. Associate Members and other visitors are welcome to join the festivities at either event.

Intra-Party
CONFIDENTIAL NEWSLETTER

Published weekly by: American Nazi Party, 928 N. Randolph St., Arlington, Va.

THE CONFIDENTIAL NEWSLETTER is a TOP SECRET, intra-Party communique, and will be sent only to active Associate Members, Party units, affiliates and a very select number of supporters. It is to be kept in a locked place or burned.

HITLER'S BIRTHDAY

On 20 April, Nazis all over the world and all over America celebrated the birthday of the White Race's first great leader, Adolf Hitler.

NATIONAL HEADQUARTERS NEWS

Party members and comrades from as far away as Boston, Montgomery and Chicago came to Arlington for an outdoor rally at the barracks which inspired all of us. There were prayers by our new Chaplain; inspiring speeches by Commander Rockwell and Emory Burke; "hate" songs, like the immortal one about Finkelstein; a giant birthday cake; and finally even beer for the few Party members and visitors who are not yet on the Party "oath."

INTERNATIONAL

National Socialists in more than 21 countries joined us at least spiritually in celebrating the Leader's birthday. We received overseas telephone calls from some of them, including London, where our Party comrades crowded around the phone and sent up British cheers for the White Race which were literally "heard 'round the world." Hundreds of thousands of little fluorescent, red, white and black stickers saying "Hitler Was Right" were airmailed from headquarters to our groups all over the world for distribution on the Great Day. The Jews may black out the news of this project, but they can't black out the inspiration in the hearts of millions of persecuted White Men and National Socialists all over the globe nor the terror in the guilty hearts of Jewish traitors and subverters when they see this smashing demonstration of our growing international strength.

CHICAGO

The Commander spoke to a large gathering of Party comrades and visitors at the Chicago headquarters as uniformed and armed Stormtroopers stood guard. There was a small riot outside the headquarters during the speech and a fat, screaming Jewish "lady" was arrested and carted off to jail. But, inside, The Commander gave a speech which sent shivers up and down the spines of the audience and Stormtroopers and brought stormy applause and "Sieg Heil's" at the end. Within minutes of the conclusion of the speech in Chicago, The Commander was on a jet plane for Washington where he was met by a detachment of Stormtroopers who whisked him to the National Headquarters birthday celebration for his speech there, and the

5-1

presentation of a dozen red roses by Eva Hoff, young leader of the Philadelphia section of the Party.

BALTIMORE

Our growing Baltimore detachment celebrated the Leader's birthday by passing out hundreds of "complimentary" copies of "The Diary of Ann Fink" to grateful Jews at their celebration of "Ghetto Day." Readers who have not seen "The Diary" may be assured that the wails and groans of the Jew fakers promptly turned to roars and howls of helpless rage.

LOS ANGELES

Sam Napier, who recently visited National Headquarters, and Leonard Holstein organized a "truck invasion" of Los Angeles and surrounding suburbs. They rented a large truck, decorated it with signs celebrating Hitler's birthday, the White Race and swastikas, and filled it full of our uniformed Stormtroopers.

JACKSONVILLE

Our brand new unit there had 18 members present for the rally, took up a collection for the Jacksonville headquarters and started things off with a bang. Patriot Warren Folks, a fearless and dedicated fighter for the White Race if there ever was one, even put up a swastika in his barber shop at 7 North Hogan Street!

DECORATIONS AND AWARDS

Troop Leader Petersen and Troop Leader McClure have been awarded the Order of Adolf Hitler, Bronze Metal, by The Commander for their heroism and huge success in "The Battle of Miami," in which they picketed the Anti-Defamation League and even invaded the Jews' "sacred" Miami Beach to picket the starting rally for the rotten Jew Israel Bond Drive.

PROPAGANDA VICTORY IN VA.

Although we lost another round in the court battle to force Arlington officials to arrest the School Board and enforce the segregation laws at Arlington meetings, the newspapers gave good coverage to the Circuit Court battle by Major Karl Allen, Captain Matt Koehl and Lt. Alan Welch. As a result, the judge was forced to dismiss their petition on the grounds that it was impossible for Arlington officials TO DISTINGUISH BETWEEN NEGROES AND WHITE PEOPLE! He even wondered whether the officials should give blood tests to everybody at meetings to see if they were Negroes! Readers can imagine the effect of this on the hundreds of thousands of White Men in the area of National Headquarters!

RECRUITING DRIVE

Enclosed is a sample of a new sticker we are producing in vast quantities. It is on very expensive, gummed paper with glue on the back--even though it doesn't feel or look like it. This special gummed stock, which won't stick or curl except when actually wet, costs us a little less than 2¢ each. But we think you will agree the results will be well worth it. We ask all members and supporters to purchase as many as possible of these stickers, which we are furnishing at actual cost--3¢ each

and to see that they do the most good. (Incidentally, please notice the amount of postage on this envelope. Postage is literally draining our scant income faster than we can get it in, as you will see by multiplying the postage on this envelope by the thousands of pieces going out of here every day. It may seem small to you, but please send stamps and even small contributions to help when you can.

WARNING

Ex-Stormtrooper Sam Bartlett, a really great Nazi when he is sober, has committed the foulest kind of treachery and desertion--because of Zionist whisky! Bartlett has been doing heroic work in Chicago with Captain Roy James, along with three other heroic fighters for our race and nation, Ray Schultz, Chris Vidnjovich and Stormtrooper Kujac. Bartlett has been in court several times before the most vicious and prejudiced judge we have ever experienced and who has already thrown four of our men into the rottenest jail in the country for a year--for picketing. While in Chicago, The Commander managed to talk a lawyer into representing them this time and we even had bail!

Then Bartlett took \$45, scraped together by a dedicated member of the White Youth Corps to help him pay his lawyer--AND SPENT IT ON BOOZE! Apparently, in a drunken stupor in an alley somewhere, Bartlett failed to appear for a hearing while under bond. Because of this, three brave men may lose their bonds--and our bondsman--and go to prison--to say nothing of the next men who are grabbed for standing up for our race and nation in Chicago streets. Worst of all, Captain James reports that Bartlett took his things with him when he went on his rotten drunk, indicating he knew what he was doing. Deserter Bartlett will be tried and punished as is fitting for this unspeakable treachery when it is legal and proper. Until then, Party members are asked to be alert for any trace of this betrayer and report information of his whereabouts to Captain James in Chicago, or to National Headquarters immediately.

The Commander has asked that we point out here that Bartlett is very untypical of the rest of the Party. Most of the officers, from The Commander on down, never drink at all and the majority of the Party has taken the non-drinking oath. The Commander expressed his gratitude to these members who never touch a drop in spite of the terrible pressure on all of us all the time. We look forward to the day when NO Nazi will have anything to do with alcohol or cigaretts.

POOR ANN FINK

Also enclosed in this mailing is a copy of "The Diary of Ann Fink," as mentioned above--of which we are sure you will want more. Students love 'em! They do more than all of our proof to explode the rotten Jew lie that Hitler murdered any innocent people. We again remind members that it is costing us far more than we can afford to send all this out and, if you do nothing else, PLEASE AT LEAST SEND BACK 10 or 15¢ WORTH OF STAMPS TO COVER THIS MAILING.

SUBSCRIPTIONS TO JEW RAGS

One of the things which would help most here at headquarters would be subscriptions to the local Jew rags published in almost every city. A patriot in New York keeps us pretty well supplied with the Kike "Press" and the Kike "Examiner." We have

53

squeezed out the price of a subscription to Harry Golden's smelly sheet, "The Carolina Israelite." But we only see an occasional copy of the Jew filth from other cities. We ask members and supporters in other cities to purchase regularly or subscribe to their local Jew rag and then forward it to us--REGULARLY. Better yet, subscribe for us directly in the name of "Karl Allen, Box 94, Arlington, Virginia." You'll get to see the juicy items anyway in the ROCKWELL REPORT or the STORMTROOPER. This will be a tremendous help to us and should give you a lot of pleasure too. We especially need the "California Jewish Voice," the "Chicago Jew Sentinel," the "California B'nai B'rith Messenger," the Detroit Jew paper, the New York Times and a few others. If you are willing to get one of these for us, please let us know in advance, so that two people don't get the same paper.

Intra-Party
CONFIDENTIAL NEWSLETTER

The INTRA-PARTY CONFIDENTIAL NEWSLETTER is published by the American Nazi Party every Tuesday at 928 N. Randolph Street, Arlington, Virginia. All units are requested to schedule their weekly reports so that they arrive at National Headquarters on Friday of each week.

BITTER NEWS IN CHICAGO

Although a few dedicated and loyal supporters did their utmost to save the Chicago headquarters, it was not enough. For the lack of \$600 we must now lose the magnificent Chicago headquarters which was built by the blood, sweat and tears of many brave young men. We are not whipped in Chicago by a long shot, however, and will not desert the courageous fighters there who are still fighting for freedom and liberty from the devilish Cook County prison. We shall take what we can salvage and find another place to start all over again.

LOS ANGELES

The AP wires carried all over the world the story of the incredible battle by our men in Los Angeles while they were picketing the celebration of the capture by Jews of Arab Palestine. Leonard Holstein and four other Nazis were attacked by a raging Jew mob--AND THE POLICE THEN ATTACKED THE NAZIS! There were concussions, broken noses and other serious injuries. Our men are now in jail or in prison hospitals charged with assaulting police officers with deadly weapons! Write them letters of support, c/o Leonard Holstein, Los Angeles City Jail. It wouldn't hurt to write, wire or call the Los Angeles Chief of Police to protest this incredible outrage.

FRANKHOUSER FREED

In Arlington Monday, April 29, Roy Frankhouser was finally cleared of charges of assault and battery arising out of another vicious attack upon us outside of an Arlington drug store by a gang of young hoodlums. Roy was severely beaten--and then charged with the assault, although he was all alone and faced more than ten young toughs!

THE DIARRHEA OF ANN FINK

Our little Ann Fink booklet is having terrific effects on the guilty Jew fakers everywhere. One Jew who was handed one in Philadelphia on the steps of a Kike rally, opened it up, turned purple and lost his supper.

LONG-PLAYING RECORD READY SOON

On Sunday, April 28, sound crews from a Pennsylvania broadcasting corporation came down with their sound crews to Virginia where the Commander recorded a hell-raising speech to a raging mob. The master recording will be made into a 33 RPM long-playing record, lasting about an hour and the first small edition

will be available to members and supporters. (If you will want one of these records, let us know immediately and we will reserve one for you.)

COMMANDER SPEAKS AT UNIVERSITY OF MARYLAND

On Friday, 26 April, The Commander addressed students at the University of Maryland with great success. Questions from faculty members and executives at the end of the speech indicated terrific interest in our Party and its radical approach to the burning questions of the day.

TRANSFERS

Lt. Forbes has been transferred to California where he will be needed after so many of our boys have been thrown in jail out there.

Ex-Corporal Chris Baily, lately of the U. S. Marine Corps, will soon arrive at National Headquarters for full-time duty as a Stormtrooper. The Marine Corps was extremely anxious to get Chris to reenlist. They promoted him and offered him a \$1200 reenlistment bonus, but Chris couldn't wait to get in the fight for our American Republic and White Race and turned them down. He will be welcome here.

Stormtrooper Andy Chappell has been transferred to Chicago to fill the vacancy left by the cowardly and despicable desertion of Sam Bartlett "under fire."

FLORIDA

Our branches in Palm Beach, Ft. Lauderdale and Jacksonville are booming. Bill Cody has gotten us a house and an address for headquarters in Ft. Lauderdale to renew the Battle of Miami. The meetings in Jacksonville are growing larger and more enthusiastic and sending more and more full-time applications to National Headquarters. Congratulations to all down there.

SPECIAL NOTICE

As pointed out in an earlier issue of the Confidential Newsletter, it is not fair to the Party or to faithful supporters for those who do not do their share to receive our three Party publications--the Rockwell Report, the Stormtrooper and the Newsletter--when they don't pay their dues. This will be the last Newsletter mailed to those who are delinquent in their dues. Those who have sent large contributions and about whom there can be no question they are doing all they can to help, need not worry about this notice. Those who may have been forgetful or "taking a free ride" should pay up their back dues immediately and stay current. In case the arrearage of dues is too great to be caught up, please write to the Party Controller, Lt. Welch, and make some kind of arrangements to catch up as soon as possible. **WE ARE DESPERATELY PRESSED FOR FUNDS AND, UNLESS SOME OF THOSE WHO HAVE BEEN TAKING IT EASY WILL PITCH IN AND HELP THE LOYAL FEW WHO HAVE BEEN KEEPING THINGS GOING, WE WILL HAVE TO CUT OUT THE NEWSLETTER AND PERHAPS SOME OTHER OPERATIONS.** We have already had to cancel our picketing of the Communists in Union Square May Day, because of lack of funds after we fought and won that right in three years of bitter fighting up there. We

have had to miss a dozen other golden opportunities to strike blows for the White Man because of the hard-to-believe lack of funds. There are a few incredibly faithful supporters who are doing far more than their share while others who could actually afford the kind of help the Party needs to little or nothing. Please do at least your share for the men who are FIGHTING for YOU!

CLEAN-LIVING NAZIS

More and more of our young men are taking the non-drinking and non-smoking oath. Especially in the case of some of our two-pack-a-day cigarette fiends, this shows real strength of character. At Sunday's meeting, on the 28th, ten or our top men took the oaths administered by The Commander himself.

NSRP-STYLE "COMBAT"--HARD TO BELIEVE!

While the cannibals and Jews have been rampaging through Birmingham, many trusting members of the NSRP have tried to get Fields to stand up for the White Race but with no success. In fact, during most of the battle, Mr. Fields stayed in Chicago and tried to recruit Sam Bartlett and others of the American Nazi Party stationed in the windy city! Meanwhile, the ex-national secretary of the American Nazi Party, James Warner, now the editor of the "Thunderbolt," heard about Emory Burke's inspiring visit to National Headquarters and appeared on Emory's doorstep one night with Jerry Dutton apparently, Emory reports, to frighten Emory!

AMERICAN NAZI PARTY STRIKES IN MONTGOMERY

Dozens of Stormtroopers were begging The Commander to do down to Birmingham to fight the niggers who were rampaging over the White Man down there. But the Party simply had no funds for the mission. However, when Emory Burke was driving back to Montgomery after speaking at Hitler's birthday here, T/L Bernie Cook, fresh out of the Philadelphia prison for picketing Gus Hall, talked The Commander into letting him go down to Montgomery to picket Bobby Kennedy. Everything possible was done to terrorize and horrify Bernie. But, like a good Nazi, he laughed at these attempts by police and men who claimed to be from the White Citizens Council. When he arrived at the picketing spot, Admiral Crome-lin and 16 other pickets were allowed to march, but Bernie was seized and heaved on a bus by the police! Nevertheless, we made our first solid impression on Montgomery. Keep your eye on this area! We will have a big surprise for the would-be terrorists down there in a few weeks!

HOW YOU CAN HELP

There are many ways associate members and supporters can help, in addition to contributing. Here are some of them: Do you have lodging which can be used by The Commander and his body guard and driver while driving? If so, give us the information. Can you come to National Headquarters sometime during your vacation to help work on The Commander's book, "This Time the World," on which we are laboring 24 hours a day--typing, printing, cutting, folding, binding, etc.? Can you obtain REGULARLY the local Jew and/or nigger paper in your area and send them to headquarters? Can you distribute literature door to door, in cars, etc.? Do you have any office supplies--Scotch tape, paper clips, staples, etc.--you can send? Staple food items? We can use almost ANY kind of help you can

give, including moral support. Even if you don't always receive an answer, every letter letting us know somebody cares about the fight we are putting up really helps.

FLASH! -- LAST MINUTE WORD FROM LOS ANGELES

Sam Napier just called from Los Angeles as this was being prepared for printing and all hands are gritting their teeth in rage at the inside story of what happened in the Los Angeles riot at the celebration of Israel's "Independence" Day. We are familiar with the usual pattern (1) Nazis start to picket (2) Jews attack (3) Police drag the Nazis off or (4) Arrest the Nazis and charge them with various crimes. But this episode is something extra. Many of the cops were black and they pitched into the Nazis worse than the Jews. When they got the Nazis handcuffed and face down in the street, the nigger cops were kicking and stomping our helpless boys--five against hundreds of Jews and the police force!

They are charged with felonious assault and face long prison terms without a lawyer. The only attorney who would talk to us so far **WANTS THREE THOUSAND DOLLARS!** We are sure we can do better than that--**BUT WE MUST HAVE HELP TO PROTECT AND DEFEND THESE YOUNG MEN!** If the right wing will not support fighting young men and is interested only in literature and private meetings, we will not survive. We are not ashamed to **BEG** for help for these shock troops of the White Race. If they are thrown in prison for long terms, how are we going to get other young men to stand up and fight? Please help!

Intra- Party
CONFIDENTIAL NEWSLETTER

The INTRA-PARTY CONFIDENTIAL NEWSLETTER is published by the American Nazi Party on the 1st, the 7th, the 15th and the 22d of each month at 928 North Randolph Street, Arlington, Virginia. All units are requested to schedule their weekly reports so that they arrive three days prior to publication.

NATIONAL HEADQUARTERS

Several pickets recently -- one at a race-mixing movie and another at The White House. Thousands of tourists cheered our clean-cut young troops picketing Kennedy. Lt. Ferris, Lt. Welch and other officers and troopers have been making highly successful public speeches to good crowds in Judiciary Square at noon on week days.

APPLICATIONS AND PARTY CARDS

The Party is entirely out of application blanks and Party cards. These are being reprinted as soon as possible but we ask all units to be patient. First priority is, and must be, finishing production of thousands of copies of THIS TIME THE WORLD. We are working day and night on this and as soon as it is finished we will rush supplies requested to all units.

NEW ORLEANS

Party stalwarts Ray James Leahart and Mark Graves are visiting Headquarters on a trip from New Orleans.

DETROIT

Jew terrorism has once again forced a cancellation. They "got" our lease of the American Legion Hall for a speech by the Commander on June 10. Not to be daunted, Russ Roberts, the sponsor, is advertising the speech in the back-yard of his HOME! This is certainly defying the Jews!

CHICAGO

The headquarters building has been "condemned" and, after three years of heroic struggle, our brave men will be thrown in the street unless we can locate and arrange for another building of some sort in the next few days. Captain James will not let up the pressure on the enemy and will soon be launching attacks on Communist treason and race-mixing from whatever new headquarters he can arrange.

Captain James, in the midst of his other problems, has been speaking in Chicago's public parks -- much to the horror of the Jews.

LOS ANGELES

Lt. Ralph Forbes, newly appointed leader of the southwest division of the Party, is accomplishing wonders in his first few weeks of action. He has managed to get all of our men out of jail on bond and our excellent lawyer has succeeded in having many of the charges against our men dropped. Morale is high and the men who were beaten and jailed are itching to "go" again. Lt. Forbes promises some earth-shaking action in the very near future.

JACKSONVILLE

All our men are out of jail and Group-Leader McClure is consolidating the Party's position in the new headquarters there. If and when the niggers try their riot act in Jacksonville, they will find something missing in Birmingham--FIGHTING White men!

SAN FRANCISCO

We now have enough fighters in the San Francisco area to form a unit and open a headquarters in the very near future. The Commander hopes to be present at the opening himself.

READING, PENNSYLVANIA

The Nazi groups from Baltimore, Philadelphia and Reading held a hike and a rally in Reading, Sunday. The Commander drove up from Arlington and addressed the group after a picnic in the woods.

DENVER, COLORADO

Jews all over the United States are raging over the Commander's amazingly successful speech at Colorado University two weeks ago. What particularly incenses the Jews is that the Commander put it over on them so fast they never got a chance to use their threats and terrorism to get the speech cancelled. As a result, the Commander is getting more college invitations than ever before. We are warning the students who invite the Commander, not to mention the speech until just the day before to avoid the Jew campaign of terror.

NATIONAL HEADQUARTERS

Washington, 14 June. When the red nigger revolution hit Washington this Friday, they met the first strong organized opposition of the White Man. We have been too poor to counter-demonstrate against the niggers in the wave of uprisings across the South and felt sure that local organizations would stand up and fight. But so far as we know, the niggers rampaged through Birmingham, Jackson and the other cities without a sign of organized opposition from White groups. But when they hit Washington, D. C., only 10 minutes from our headquarters, we took all the starch out of them. As the niggers started their demonstration in front of the White House, they were faced with the BIGGEST PICKET BANNER we have ever heard of! On an entire roll of oil cloth, 50' long X 3' wide, was the electrifying slogan, "WHITE MAN--FIGHT!" The banner could be seen--and read--three blocks away and was held aloft on 12' poles, spaced every 12' by four men. The rest of our pickets carried signs reading, "Race-mixing stinks!", "Down with race-mixing!", "Separation or death!" and "They don't want civil rights; they want special rights!" As the black tide began to flow along Pennsylvania Avenue, our men fell in behind carrying the monstrous sign, "WHITE MEN--FIGHT!" The last two men in our line carried a sign reading, "Whites can march too--fall in for the White Race!" The rampaging niggers raised so much hatred and opposition in Washington's long-suffering White population, that two or three hundred White people did have the courage to fall in behind us and march for the Whites! --much to the horror of the liberal beatniks and coons.

As the head of the nigger army reached the District Building (what would be the City Hall in any other town), two of our men dressed in horrible ape suits with gorilla faces, jumped out in front of them and started leading the parade, carrying a large banner saying, "Join our march for civil rights" with an arrow pointing back toward the horde of niggers.

Police, firemen and detectives were horrified as our courageous "monkeys" worked their way through thousands of niggers who were too stupid to figure it all out, and Major Allen, who was one of the monkeys, almost made it to the speaker's platform where he was going to hand bananas to the nigger speaker.

Panicky policemen seized our "apes" and whispered, "You guys are crazy; they'll kill you!"

"No, they won't. These are 'non-violent' niggers!", replied Major Allen.

"The hell they are!", muttered the horrified police as they escorted the monkeys out of the nigger crowd and across the street where our men were picketing with the enormous banner, "WHITE MAN--FIGHT!"

At one point, at the height of the excitement, veteran Nazi Dave Peterson, who was the second monkey, broke out of the police line, ran through the niggers, and climbed up a tree. The cops dragged him out with bananas falling out of his bag and the White members of the crowd in stitches, even the liberals.

Tens of thousands saw the Nazis defying the niggers and mocking them, right in the middle of thousands of these revolutionary terrorists, although the TV and most of the papers failed to mention this.

The niggers swarmed down Pennsylvania Avenue to the Justice Department to blast Bobby Kennedy for not loving niggers enough. Captain Matt Koehl, who was in charge of picketing operations, went into the Justice Department to arrange for a speech to the Nazis on behalf of the White Race, but was curtly informed that the Attorney General's time was completely consumed dealing with "minority" rights.

Public reaction was the best we have ever experienced for any picket. Our phone rang from about 6 p.m. to midnight with grateful and often anonymous White people calling to thank us for standing up to the black revolution at last.

Fry Sobell Picket

Saturday, June 15, squads of Nazis picketed at the White House against the "Free Morton Sobell" campaign of the Jew-Communists. Simultaneously, Lt. Ralph Forbes, leader of the Western Division of the American Nazi Party, has pickets scheduled against the commemoration of the Rosenberg execution in Las Vegas, Nevada and Los Angeles. Details of these pickets are not yet in from the West Coast and will be reported in the next Letter.

Colleges and Universities

Largely as a result of the Commander's smashing success at the University of Colorado, which was widely reported in most college newspapers, six universities have written inviting the Commander to speak either during the summer session or next Fall. In each case, the Commander is writing back immediately suggesting the invitation be kept confidential until the last moment--which is why we cannot give the names of the colleges here. With only a day or two's notice, the Jews can't get their terror campaign into high gear fast enough to get the speech stopped. In any case, the Jew effort to ban the Commander is having the inevitable effect of making people itch more to hear him; just like when they ban books, they usually sell more.

A New York informant tells us that the Jews are so concerned about our successful speeches at more and more colleges, that they are putting out a special confidential pamphlet on the subject to all appropriate student groups at all colleges. We would appreciate seeing a copy of this if anyone can get his hands on it.

Physical Training

Stormtroopers at National Headquarters showed noticeable improvement on their June PT test scores over those of the previous month, when the physical training program was formally launched. Individual improvement ranged from 9% to 65%, with an impressive overall average of 35%. Party PT is based on the Army Physical Fitness Testing Program, and consists of five exercises which bring all parts of the body into play, and which use a person's body-weight as a measure of his strength. The goal is to assure that all Stormtroopers are in above-average physical condition, and can do DAILY what only 40% of the entire Army can do on a TEST.

ENGLAND

We have just received the fourth issue of the official organ of Colin Jordan's National Socialist Movement, THE NATIONAL SOCIALIST, which has a brand-new, full-size, tabloid format, complete with Swastikas and a splendid front-page tribute to the Fuhrer.

The Jews had hoped to stop our English Comrades by illegal jailings. But they guessed wrong. Not only are these men now out, but they have more fight and spunk than ever! As living testimony of their National Socialist faith, we now have their wonderful publication.

Another powerful weapon has been added to the White Man's arsenal.

CORRECTION

In the June 7 NEWSLETTER on page 3, we reported that \$4,000 had been spent for alterations and repairs, out of which our men were forced. We just want to emphasize that this sum was put up by the landlord, and NOT the Party. We wish to reassure all those who contributed toward the Chicago headquarters that their help was not "frittered away" on the untenable situation there, and that this sum will be discreetly used to reestablish operations elsewhere.

THIS TIME THE WORLD

Members of the Headquarters Division this week completed the gigantic task of producing the first batch of cloth-covers for 5,000 copies of "This Time the World". The men assigned to book-making will next begin the other processes of production and assembly, and complete them just as diligently.

DANVILLE, VIRGINIA

Lt. Schuyler Ferris led a squad of Nazi Stormtroopers and Associate Member, Eva Hoff, in a picket line against black outrages in this besieged city. As this is written, details are lacking. They will be reported in the next Newsletter.

PICKETING SUGGESTIONS

In view of the Commander's recent General Order forbidding picket sticks, it might be of interest to other headquarters to know that first-class substitutes are cardboard "cores" for rolls of cloth, oilcloth, etc., which we get free from department stores--even Jews wonder what we will do with them. With these as "picket sticks", you can never be accused of "assault with a deadly weapon"

CARELESS TELEPHONE TAPPERS

A few nights ago, the Commander received one of his frequent midnight long-distance calls, and Captain Koehl stayed on the main line a few minutes after the Commander picked up the extension. The Commander, the caller from St. Louis and Captain Koehl all noticed a peculiar little scratching noise at a steady interval. We all stopped talking and listened carefully and could plainly hear the squeaking of a tape coming off its spool unevenly and scraping as it hit a low point on each revolution. So we all payed our respects to the Bureau and cussed the Jews in case it was them. We figured the niggers are too stupid to rig such a device, so we left them out.

Sometimes it seems there are so many taps on our line that we have to ask two or three of them to get off so the rest of us can hear.

It is well to remember this when talking to the Headquarters, even though we do not engage in illegal activities or have any "spy" secrets worth snitching.

On the other hand, it is a mistake to become paranoiac on the subject of "spies" and talk in riddles and whispers all the time. It is impossible to "hide" from the Federal Bureau of Investigation, even if we wanted to. And as for the Jews, most of what they can hear from us must scare them to death. So who cares?

The only thing to be careful about is discussing FUTURE PLANS for legal but "hairy" missions in enemy territories, such as Philadelphia, Miami Beach, etc.

WHITE MAN

FIGHT!!!

The stage is now set. The RED NIGGER REVOLUTION we have been predicting is about to begin! On 28 August - CIRCLE IT IN RED ON YOUR CALENDAR - the Communists will launch the first MASSIVE assault in their planned TAKE-OVER!

Birmingham was a forerunner. Detroit was a forerunner. Everything we have seen so far have been mere preliminaries. BUT THIS IS IT! The Reds - with full support of the Soviet Union - plan to bring a rampaging army of 500,000 niggers to Washington to FORCE Congress to give SPECIAL RIGHTS to Negroes and Jews, COMPEL COMPLETE AND TOTAL MONGRELIZATION, and do away with private property - as Phase No. 1 of the RED REVOLUTION IN AMERICA!

This explosive situation is analyzed in all its crucial significance in the enclosed ROCKWELL REPORT. Read it carefully! THEN RE-READ IT! THEN PREPARE TO ACT!

IT IS NOW OR NEVER! On 28 August we MUST have a MASS TURN-OUT OF WHITE MEN! If you don't do anything else, ACT this once! PLAN NOW to come to Washington the week of 28 August (a Wednesday) - if you have to take off of work or cancel a birthday party; if you have to hitchhike or crawl DON'T MAKE EXCUSES - THE COMMUNISTS AND THEIR NIGGERS WON'T!

Tell your friends to come, Nazis or not! Impress them with the crucial importance of ACTING on this particular date - what it means in terms of their FREEDOM AND SURVIVAL AS WHITE MEN! If you have a car, fill it up and drive here. If everyone receiving this URGENT appeal will get just three (3) others to join them in this GREAT COUNTER-MARCH on Washington, we will literally make history by tearing up all the plans and operations of the Reds, and hand them a DECISIVE DEFEAT!

The American Nazi Party has already proven it has what it takes to carry out a mass counter-demonstration of this kind. In recent weeks National Headquarters has been testing out new and effective devices for mass-type operations. Earlier last month, with less than a few hours preparation and 50 troops, we were able not only to launch a counter-demonstration against over 3,000 coons, but literally to STEAL THE SHOW from them on top of it! Think of it! And think what we will be able to do with eight weeks preparation and several thousand grim-jawed White men this summer!

Starting 4 July, the Commander will begin stumping the State of Virginia, speaking to masses of White men who have had about all the race-mixing they're going to take. The Commander will urge them to stand up and join us in a MAMMOTH COUNTER-DEMONSTRATION. To insure the proper turn-out, the Commander will make important revelations in his tour of the state.

The Communist paper, THE WORKER, is now boasting about plans for a SOVIET AMERICA. The Reds think they can stampede the United States into complete Marxist tyranny. They think there is no more fight left in the White Man of this country.

BUT when they make their move on 28 August, they will be in for a few rude surprises. Come hell or high water we will make a stand! If the niggers can demonstrate "non-violently", so can we!

Resolve now to make your stand with fellow White men! We will be counting on you!

In the meantime we will be depending on all the support you can give to a campaign of this kind. Besides your presence, we need transportation, paper, walkie-talkies, tents--but above all **FINANCIAL SUPPORT** to keep going and **FIGHTING**!

Convention/ Leadership Training Course

To facilitate maximum attendance, the Party is scheduling its National Convention (originally set for November in Chicago) and the Leadership Training Course for the period immediately following 28 August in Arlington. This will enable you to take part in all three events, without the trouble and expense of additional travel.

NATIONAL HEADQUARTERS

Phone Calls

The Duty Officer at National Headquarters has been given explicit instructions that the Commander is not to be interrupted by long-distance phone calls after 9 p. m. (Eastern time) or before 6 a. m. (E.T.)--except in case of ABSOLUTELY URGENT EMERGENCY!

Night calls should ordinarily be referred to a qualified Party officer, or postponed until morning. In recent weeks the Commander's normal rest has been seriously disturbed by a rash of long-distance calls from Party Members at night--all of them well-meaning, but most of which could have been satisfactorily handled in the above manner.

During the daylight hours, Commander Rockwell will be glad to accept calls. But we sincerely ask everyone's cooperation in cutting out the nighttime calls.

Honor Guard

When the Commander returned a week ago Sunday from his Jacksonville trip, he was met at Washington's National Airport by an honor guard of 15 uniformed Nazi Stormtroopers. The effect on spectators, Jews and non-Jews, was devastating, and one we are sure they will not soon forget.

INTERNATIONAL

London

The Leader of the National Socialist Movement (NSM) in Great Britain, Colin Jordan, is back in the fight with renewed vigor and drive following his recent release from prison for Nazi activity. The Jews are in a panic, and screaming for new restrictions on "freedom of speech" to prevent their exposure by the British Nazis.

Paris

The French Section of the World Union of National Socialists (WUNS) has announced the tracking down and expulsion of a Communist agent who attempted to infiltrate the Marseilles unit, one Mr. Yvan Calzi.

ARLINGTON, VIRGINIA

Commander Rockwell succeeded in getting on a local open-end radio broadcast this past week. For almost 15 minutes over powerful-watt Station WAVA the Commander cut loose on the Jew and Negro questions. His blast was so devastating that the unnerved station manager finally cut off the Commander in the middle of a sentence and started playing music!

BALTIMORE, MD

Roy Frankhouser, ANP Division Organizer from Pennsylvania, was repeatedly cheered last week as he gave a stirring speech to residents of the South Baltimore area who had gathered at a local swimming pool to protest forced integration. Midway through the speech, police told Frankhouser he would have to stop speaking. When Frankhouser refused--citing Constitutional guarantees under the First and Fourteenth Amendments--he was arrested and held under \$700.00 bail, which local members and supporters succeeded in raising.

CAMBRIDGE, MD.

An advance scouting party under Lt. Schuyler Ferris has just returned with first-hand reports of the situation in this racially-tense town where martial law has been imposed, following a recent wave of Negro demonstrations. These reports are now being evaluated at National Headquarters to determine what further action will be taken.

DANVILLE, VA.

Lt. Schuyler Ferris recently led a team of Nazis in a counter-demonstration against coon agitators in this southside Virginia community. Reaction from the White public was one of undisguised sympathy and thankfulness that at last there is one outfit willing to get out in the streets and stand up for the White Man. Press and radio coverage in the Danville-Richmond area was excellent.

JACKSONVILLE, FLA.

Commander Rockwell has concluded a highly successful strategy session with members here, at which a campaign of action was mapped out for the North Florida District. John McClure, veteran Nazi fighter recently released following arrests in Miami and Jacksonville, has been confirmed as head of the local headquarters. The Jacksonville unit has been the target of disruptionist tactics by a well-known Birmingham publishing society, which actually tried to BUY our members! But a National Socialist cannot be bought. The upshot of the Commander's visit has been to establish effective working solidarity.

LOS ANGELES, CALIF.

As over 15,000 CORE-niggers demonstrated at a segregated housing site here Saturday, Lt. Ralph Forbes of the Southern California Division plowed right smack into the middle of the agitators with a Nazi placard. Lt. Forbes was soon joined by other Party members carrying a monster-banner reading: WHITE MAN...UNITE! Residents of the project showed how they felt by cheering the Nazis and booing the coons and creeps of CORE.

MILWAUKEE, WISC.

Local Party men last week joined members of a pro-American group in a demonstration against flying the United Nations flag at the well-known Mader's Restaurant in the downtown area.

NEW ORLEANS, LA.

Commander Rockwell earlier last week discussed the Nazi reaction to the explosive racial situation developing in this country in a ten-minute interview over Radio Station WNOE.

PICKET STICKS

Those who read the "Picket Pointers" in the May-June STORMTROOPER will notice that pickets are instructed not to use sticks with their placards, to avoid any "deadly weapons" charge.

There is one exception, however, mentioned earlier in CONFIDENTIAL NEWSLETTER No. 12, namely cardboard rolls--which we have been getting free from Jew department stores.

**INTRA - PARTY

The INTRA-PARTY CONFIDENTIAL NEWSLETTER is published by the American Nazi Party on the 1st, 7th, 15th and 22nd of each month at 928 N. Randolph Street, Arlington 3, Virginia. All units are requested to schedule their weekly reports so they arrive three days prior to publication.

NATIONAL HEADQUARTERS

Fight Sign

The super-huge WHITE MAN...FIGHT! sign over the entranceway of Headquarters is now visible day and night blocks away. Less than 24 hours after it was hoisted into position, it was the talk of all Arlington.

Even the local press took note of it in a lengthy article entitled, "Nazi Party Plans Big D.C. Parade". The same article mentioned that at least 10,000 White men were expected to march. The story went on to quote the Commander: "We'll help the police stop them //rampaging nigger horde// ---and have the greatest pleasure doing it."

Parade Permit Denied

The Party application for a Washington parade permit for August 28 has been turned down. D. C. officials explained that such a permit would only be issued to "Negro rights" demonstrators, whom they said would be given "preferred treatment" that day.

We'll see about that! The White Man is NOT going to be run off the streets of the nation's capital on the 28th day of August, 1963! Ten thousand angry White men cannot be stopped from marching!

Growing Support

Since the Commander publicly announced plans for a White Man's counter-demonstration next month, Headquarters has been deluged with calls and inquiries from persons interested in taking part. Passersby openly congratulate personnel on duty for the stand of the Party.

INTERNATIONAL

World-Wide Demonstration Planned

On Saturday, July 27, Nazis from Scandinavia to South America will take part in demonstrations against continued persecution and imprisonment of West German anti-Communists. The protest has been called by the World Union of National Socialists (WUNS) to bring world attention to the violation of basic human rights by the Bonn Government, and will be directed against its embassies, consulates and other agencies around the globe.

In the United States, Stormtroopers of the National Headquarters Division will set the pace by picketing the Bonn embassy in Washington. We expect all Party units to participate in similar demonstrations in their respective areas. In most larger cities across the country the West German Government maintains consulates, trade delegations and/or tourist bureaus. Please check which Bonn offices are located in your area; then act.

This will be a mighty manifestation of world-wide racial solidarity, in which a record number of groups are expected to participate. It will mark the opening of a determined drive to expose the hypocrisy and viciousness of the Bonn tyrants, who show the same callous disregard for human rights as their Red counterparts on the other side of the Berlin Wall.

BALTIMORE, MD.

A South Baltimore crowd of 5000 Whites cheered the 15 FAN pickets who demonstrated recently against the motley assortment of kikes, niggers and creeps which invaded this all-White community, claiming discrimination at an area amusement park.

At one point some of the racial trash were stoned, after they had agitated the good White citizens beyond endurance. FAN pickets had earlier handed out hundreds of lethal little leaflets entitled, "Red Revolution Has Begun!", telling about the planned nigger march on Washington August 28.

PHILADELPHIA

Local Party activist, Eva Hoff, is organizing effective, widespread literature distributions throughout the city and suburbs.

Special Report from the Commander on Tour:

ACTION REPORT

Farmville, Virginia

This is being written from the center of the only area in the United States to successfully survive Federal orders to integrate the schools for more than four years.

I have already made six speeches in the speaking campaign throughout the State of Virginia and present herewith a special detailed "combat" report of the action.

The first speech in Richmond is covered in the ROCKWELL REPORT. After that speech, there was a period of a week, during which we made the thousand-and-one preparations necessary to distribute literature and speak all over the State in spite of all kinds of opposition. On Thursday, July 11, I made the first speech of the tour in Culpeper, Va. Before I spoke, the town was plastered with our "White Man... Unite and Fight!" leaflet describing the nigger march on Washington and calling for counter-action. Without any publicity, this leaflet produced a crowd of about 300 people in the tiny town of Culpeper who gathered on the court house lawn under a hot, noon-day sun.

As usual, those who come to hear me are just about scared to death when they get there. They act like 10-year-old kids sneaking a visit to a house of ill-repute. Most of the audience usually skulks around behind trees and bushes or peeks around the corners of buildings.

But as I begin to speak, they are drawn in and become interested enough to forget some of their fear. After I had spoken for about an hour (and I was almost soaked from head to foot with perspiration), the crowd had become openly enthusiastic and applauded and whistled. In spite of his fear, an old man with a cane hobbled up in the crowd to shake hands with me and, when he placed his hand in mine, I found a dollar bill there. Most of the young men present, pledged to stand with us in Washington August 28th. And the strapping young Nordic who seemed to be leader of the local youth promised me at least a hundred men from Culpeper.

When we got to Orange, Virginia, for the next speech, we found the radio station had been blaring all day that a Jew who owned the parking lot where I was to speak, had closed it off and I would be arrested. They kept telling the people there would be no speech every half hour on tapes. Nevertheless, a goodly crowd of about 250 to 300 appeared and I began my speech. In the middle of it, an imposing-looking man flanked by two police officers marched up to me and I was told I would have to quit as I was on private property. I sparred with them for a few moments and then asked the police officers WHERE WAS the public area. They told me it was about a hundred yards away so we had to move flags, banners and sound equipment through the mob and when we got to the new place, right in the middle of the crowd, they wouldn't move and I was completely surrounded for the rest of the speech. A "platoon" of about 50 niggers showed up and looked mean but didn't do anything. In spite of all this difficulty there was considerable applause at the conclusion of the speech and no heckling or boos. The Jewish merchants in the crowd were literally horrified.

The next day, I spoke at noon in the little town of Buckingham. The town and the crowd were extremely small. Just before I spoke, an ugly Jew came up to ask me some questions

and admitted he was a Brooklyn kike. Observing the stormtroopers, he was very meek and polite. But in the middle of the speech I observed this Hebe behind the crowd trying to bash something on the ground with a brick. So I called the attention of the crowd to the Jew and his methods and pointed out that he had told me he was a Brooklyn kike. I said we would all wait quietly until he had made his noise and the Jew got red and panicky. He couldn't make his little bomb go off. With the whole crowd watching him in silence while I offered suggestions, he suddenly announced, "This rock will break heads, too!" I pointed out to the crowd that this was a typical New York Jew "answer" to arguments he couldn't cope with. The crowd laughed and the kike slunk away with his tail between his legs.

That night I spoke in Louisa, Virginia, the legislative district of Patrick Henry. The speech here was the most successful yet.

The local judge banned me from the Court House square and I had to speak in a parking lot. Then they also told us the judge banned the loud speaker, so I had to shout across two city blocks to reach the crowd for over an hour. Another unhappy item was the fact that right behind the bushes in back of me was a chicken coop and at a strategic point in my speech, a hen laid an egg and began to cackle vigorously. A few young squirts in the audience started to giggle but I shut them up quickly by pointing a finger at them and telling them there was nothing funny about what is happening to our race and nation. The whole audience sobered up immediately and was transfixed, spellbound and silent throughout the rest of the speech--in spite of the cackling hen.

As I wound up the speech, there was a veritable burst of applause and I was again swamped with grateful men and women who wanted to shake my hand, and saying "God bless you!", etc. They fought for our literature like starving men fighting for crumbs. And almost to a man, pledged to march with us August 28.

The next day, July 13, we had three speeches scheduled. At 2 o'clock I appeared in Palmyra. Don Wiley, our preacher, had just given a blessing and introduced me, when the whole fire department, just across the street from the Court House, rolled out and they turned on the sirens and two huge loud speakers and started to squirt water in all directions. We all thought we were going to be hosed down. I kept right on speaking for about an hour while the sirens, hoses and loud speakers were going full blast. I realized we had to beat this sort of thing or the Jews would organize similar foolishness in every town along the way. So we all took turns holding the banners and flags and speaking for seven hours! Finally, I had to leave to speak in Appomattox. I left all the troops under command of Captain Roy James (who bashed Martin Luther King) at Palmyra to keep speaking while I dashed alone and without any equipment to Appomattox about 80 miles away.

At Appomattox, I spoke on the Court House steps to about 150 really fine-looking White men and a few women. I had none of the special equipment, flags or banners, of course, but the reaction was nevertheless superb. Handshakes, autographs, blessings, pledges to be in Washington--and \$8 slipped into my hand by an old couple--the woman with tears in her eyes as she said "Thank God, it's about time!" I was prepared to return to Palmyra to continue

I was prepared to return to Palmyra to continue the battle there and stopped momentarily to get coffee when all of a sudden the crew from Palmyra appeared with the news that they had won total victory. The fire trucks had been put away--and Roy James made a speech they won't forget! The citizens were ashamed and hung their heads as our men drove off. Today, August 14, I am speaking in the armory in Farmville, one of the finest communities in Virginia. The local radio station has been reporting the speech regularly. However, it is raining heavily at 10:30 a.m. and the speech is set for 2 o'clock. We shall see if the White Man here are willing to get a little damp in order to fight. I believe they will.

KEYSVILLE, VA.

Although the ROCKWELL REPORT and NEWSLETTER are due today, because of difficulties of the campaign through Virginia I can still get one more day's news in this letter. The courier from headquarters will pick up both the Report and the Newsletter tonight so I will include the activities for yesterday, July 14.

Yesterday, in Farmville, the city officials gave us the National Guard Armory for our speech. It seemed as if the entire town turned out to hear us! I cannot properly express what a pleasure it was to speak in a hall for the first time under ideal conditions with people actually seated in chairs! The city and police officials were most cordial and friendly and gave us every possible cooperation.

As I have almost come to expect, the audience was silent and spellbound within five minutes of the commencement of the speech and they interrupted several times thereafter only for applause. For the first time, I spoke near an electrical outlet and was able to make high-quality tapes of this speech in the National Guard Armory in Farmville.

(As most of you probably know, the Pennsylvania broadcasting executive, who was

making the 33rpm record for us, got blasted in a special ADL Bulletin and almost went out of business. He ran like a rabbit and left us high and dry without even our tape of the speech--he is so scared. It took us weeks to find another outfit which would make the record, but we have done it and I will send them the master tape of this Farmville speech for recording to get the records out as soon as possible.)

In the middle of the speech in the Armory, the Chief of Police came up and told Major Allen that station-wagons of niggers were pulling into the parking lot trying to horrify the White people who had come to the meeting. The mayor WAS horrified and begged me to cut the speech as short as possible. Personally, along with the rest of our officers and men, we would have preferred to run those niggers off, but since we not only obey the law, but all reasonable requests, and since the city officials had been so very kind and sympathetic, I could see no point in precipitating more trouble for them than they already had. So, instead of speaking for the full hour, I talked for only about 40 minutes. A few of the White citizens got up and scurried out of the audience when they heard the niggers were coming. While they were going out, a team of sharply-dressed New York-type niggers marched in and stepped up to the very front of the hall along the sides. When I pointed out that the heads of CORE and NAACP were Jews and asked what kind of people the Negroes were to need two Jews to lead them, one of these super-brassy kike-trained New York niggers sounded off, "I'll answer that". I shut him off unceremoniously. But, meanwhile, other members of the Negro crew had marched up very near me. Captain Roy James (who bashed Martin Luther King) and others of our stormtroops moved in along with local and state police. The niggers did nothing but look mean and ugly--which is easy for them, by nature. I continued to speak.

When I asked for volunteers in Washington, August 28th, the audience burst into applause and made it clear that the White men from Price Edward County would be THERE!

There was the usual warm applause at the conclusion of the speech and handshakes by dozens of citizens.

When we went out to the parking lot to depart, surrounded by state and local police and our own stormtroopers, the niggers were standing around trying to think what to do next, and--wonder of wonders--they were being led by three of the most obnoxious New York yids you ever saw--purple lips, bulging octopus eyes, yellow skin, nigger-type hair, long Jew beaks and that evil New York "I-smell-sh..eep" expression. I pointed this out loudly to the Chief of Police and other Farmville citizens but it was unnecessary. They chorused, "Don't worry, we see 'em!"

It was another smashing victory and proof that the White men of this country don't need much more EXPOSURE to the truth--they need leadership--to DO SOMETHING ABOUT IT.

That's what we're giving them and they just can't get enough of it!

The town officials of the next city on the schedule (Crewe, Va.), had been seemingly hostile ~~to the speech and had threatened everything from running us out of town~~

That's what we're giving them and they just can't get enough of it!

The town officials of the next city on the schedule (Crewe, Va.), had been seemingly hostile when we tried to arrange the speech and had threatened everything from running us out of town to arrest. But when we actually came to the speech, in spite of all the fuss, we found they had blocked off 8 square blocks, allowing only us to drive inside and barring all niggers! They were horrified because the niggers had threatened to raise hell if I were allowed to speak. The top officials, as usual, were a bit chicken-hearted about this, and, as usual, would prefer to solve the problem by bowing to the nigger terrorists. But, almost to a man, the citizens of Crewe were so strongly for us that they were forced to accord us our right to speak. And the results were heart-warming! We got the applause and cheers we have almost come to expect. There was a good delegation of Farmville people who came all the way to Crewe just to hear the speech again.

At 8 o'clock we spoke at Blackstone, Va., on the drill field beside the National Guard Armory. This time, most of the delegation from Farmville, plus some from Crewe and--amazingly--some young men all the way back from the speech at Appomattox were there too.

Even standing there in that field, we seized that audience as we told them of the beginnings of the Communist black revolution and the Jews who are leading it. In the middle of the speech, an enormous air-raid siren, right on the corner of the Armory near which I was speaking, burst loose in ear-shattering wails--completely drowning me out, of course.

This time, rather than stand patiently and wait for them to quit, I knew we had that audience of citizens and top officials 1000% with us--and they were MAD! So I packed up our gear and headed for the car. As I hoped, and expected, the officials and citizens rushed up to assure and reassure me that they would get that siren stopped and that it was probably some Jews who had set it off from the City Hall downtown. At first, I thought it was just wishful thinking, and that the Jews would keep the infernal racket up. But, finally, the top officials assured me that it would be stopped--after we had started back to speak and folded up to quit two or three times.

It DID stop and I continued on to one of the most successful speeches we have ever had, with nothing but applause and cheers at the end.

An interesting side-light in this campaign is the experience of some of the boys who are sleeping on the ground in the woods because we can't afford more than one room each night. Two nights ago, Major Allen and S/T Baily were attacked by a pack of savage dogs while they were sound asleep. After they escaped and drove about two miles to another place in the forest, had gotten themselves settled and had dropped off to sleep again, HERE CAME THE SAME PACK OF DOGS, baying and snarling, after they had cut across fields and streams to get at them again. If I didn't know better, I would swear they were Jew dogs. After they had weathered this storm a second time, and were about to drop off to sleep, Major Allen saw a snake and warned Baily that cold-blooded snakes, seeking warmth, often crawl in beside sleeping humans. Baily was so horrified that he sat up the rest of the night against a tree.

Then, last night, Frank Niles, who had come down from headquarters with the courier, thought he heard some wild animal sneaking next to him while he was sleeping and he lashed out with a savage kick. The "wild animal" turned out to be Captain Welch seeking a dry place after a rain shower.

Meanwhile, Major Allen had ferretted out an abandoned house and gotten permission from the owners, two old ladies, to sleep in the garden. What he didn't know, was that the old ladies keep a huge herd of cats in the house and in the middle of the night the hungry cats, mewing & purring, crawled all over him and cuddled up next to him until he was almost covered with cats.

White Christian Americans will never know the depth of gratitude they owe to my brave young lads who are working day and night with very little to eat and living under the hardest imaginable conditions to produce a miracle for America and the White Race on August 28.

It is literally true that, except for emergency help from two amazingly unselfish and dedicated supporters in California, the campaign would have come to a complete halt TODAY!

Little by little, the people in the towns where we are speaking are getting up their courage to help and small donations are trickling into headquarters. If we were permitted to take up collections at the meetings, there would be no problem, but in most cases, this is illegal. For yet a little while longer, we must depend on the wisdom and foresight and sacrifice of Americans who are willing to back up a FIGHT, instead of more newspapers, literature, private rallies and the endless petitions.

The people we are reaching are literally STARVED for leadership to get organized and fight. This campaign will not only help stop the horror and black horror in Washington on August 28, BUT IT HAS PROVED BEYOND THE POSSIBILITY OF A DOUBT THAT WE CAN WIN THE GOVERNORSHIP OF THIS GREAT STATE IN 1966. We are operating in a vacuum. The people have nowhere else to turn. Few of them are courageous enough to come right out

But we haven't met one single individual in Virginia who was hostile, and there can be no question that even the most timid will vote for us in the privacy of a curtain polling booth.

Can there be any recipient of this CONFIDENTIAL NEWSLETTER who is unable to perceive the tremendous importance of this campaign to reach every White citizen of Virginia? We need some substantial help, in addition to that provided by the two dedicated patriots in California and I earnestly ask every reader to try to understand the petty annoyances caused by our lack of correspondence, orders, etc., and pitch in to win an actual, smashing victory, both on August 28 and in the Governorship race in Virginia year after next.

NATIONAL HEADQUARTERS

Thanks

We wish to express our deepest gratitude to that small band of dedicated supporters who have consistently supported our mighty Cause through thick and thin, particularly during the emergencies of recent weeks. Had it not been for them, the Commander's speaking tour of southside Virginia would have ground to a halt, and the Commander himself would still be in the Emporia jail, unable to meet important engagements.

When the history of this movement is written, it will be necessary to include a special tribute to the idealistic spirit and unselfish sacrifice of these individuals.

News Clippings

National Headquarters is grateful to all members and supporters who have been forwarding pertinent newspaper clippings, particularly those containing direct reference to the Party.

Unfortunately, however, we can only use a few of these clippings--and must discard the others--simply because the sender has failed to note (1) name of the newspaper (2) date and (3) page number. This is information that is all-important should we decide to use the material in publication or in court cases.

SPECIAL REPORT FROM THE COMMANDER ON TOUR

GREENVILLE COUNTY JAIL, EMPORIA, VA., JULY 20--It seems like a year since I made the Farmville speech which was the last one reported in the previous CONFIDENTIAL NEWSLETTER. Actually, it was only a week ago. But, since then, I have made so many speeches; filed so many legal papers; traveled so many miles; stayed up so many hours without sleeping; struggled with so many frightened officials; and ransacked my wits for ways to keep the campaign going, that it seems I have been at it forever. I am dead-tired and damned grateful that I get a week's respite starting on the 25th. The officials of Kenbridge and Victoria, Virginia, were determined that I would not be allowed to speak. They made it clear that they were for what we were trying to do, but they were so afraid of the nigger reaction that, like the proverbial ostriches, they preferred to keep their heads stuck in the sand and hope Martin Luther Coon and his gang would never agitate their "tame" niggers.

Major Allen and I had to make two or three trips back and forth between these towns and others up and down the line where I was speaking, to try to beat down this kind of defeatism. It proved to be of no use, however, and I had to file for a writ of mandamus commanding the officials to let us speak; after which they backed down, and I was able to deliver the speeches as originally planned before two enthusiastic crowds.

In another town, the only speaking place was the post office steps and the postmaster gave us the same argument as some of the others we ran into last week--"Shhhh! Don't say anything and maybe the niggers will go away! You can't speak because it might make the niggers mad."

In short, we ran into our first strong opposition in Virginia, not from the citizens--and not even from the officials on principle. The problem is always FEAR!

In spite of the exhausting struggle to keep going and keep on schedule, even while battling with these frightened officials, our speeches have grown more and more successful!

Commander Mobbed by Fans

In South Boston, only 20 miles from Danville where Martin Luther Coon and his nigger circus is in action, we had an amazingly large crowd for such a small town--something over 500. I gave them a real hell-raiser, with plenty of earthy, pungent remarks about "niggers", "little Black bastards" and "Communist Jew race-mixers". The crowd really ate it up and mobbed me to shake hands at the end, as usual. Even the little kids were shouting to me they'd be with us August 28. (And I'll bet their mothers are going to have to lock some of them up to keep them from making it, too!)

At South Boston, I also had my first pleasant experience watching a herd of Jews and Liberals put out of action--not by my men--but by the speech and the crowd itself!

The Jew merchants and kike "war veterans" had sent the inevitable delegation to break up the speech. But every time they started their Jewish antics, they got such frightening glares from the crowd they subsided in horror. I drove it into them good by pointing out the band of Jewish merchants standing there trying to louse up the fight against race-mixing and pointing out the Jewishness of the leaders of NAACP, CORE, etc.

Following the speech, I gave a 15-minute interview on one of the local radio stations.

After South Boston, there were fairly normal speeches at Clarksville, Chase City and South Hill.

Arrival in Emporia

Then Emporia! We had sent the officials of Emporia our regular letter announcing the speech and enclosing copies of our literature, etc. They had never replied. When Major Allen got there to speak to them, they gave us the same old line: "We agree about the situation, but you can't speak here." Major Allen told them that we have the inalienable right to speak lawfully and peacefully and that we would insist upon it. They insisted back that we would not speak. The Major was about two days ahead of me on the road,

and I got this information second hand from Headquarters. The Major had left word that, in his opinion, the officials would "back down" as the others had.

I was in a motel room alone in Emporia when a call came from the switchboard that the Mayor, Chief of Police, State Police and some aides were there to see me. I told the girl to send them to my room.

They introduced themselves at the door, shook hands and seated themselves around the room.

They were very pleasant and polite and tried every device and dodge in the world to get me to agree not to speak; but we had already distributed 500 of our advance leaflets and I could not, and would not, back down. They groaned that their county was 65% nigger and, so far, they have the situation all quiet and peaceful and didn't want me to ruin it all.

I commiserated with them. I could see their point of view. But I told them that I could not back down since, if I did, every official for the rest of the tour might very likely cut us off too, citing Emporia as an example. I offered to move the speech to ANY PLACE--even the garbage dump--so long only as I was permitted to speak. They remained adamant and said I would be stopped.

I was just as firm, and said I would speak.

For awhile, it seemed they might back down. They asked me where they could get in touch with me--apparently to discuss alternative speaking sites--and left. A little later, I received a call from the Sheriff informing me that I positively could not speak.

As a legal precaution (for which I now thank God I had the foresight), I typed out and delivered by hand to the Chief of Police a letter clearly stating what had happened and my legal position and intentions.

The Arrest

At 6:30 p. m., the scheduled time, I drove down to the City Hall steps, got out of the car and was getting my notes together when the Chief of Police, about ten of his men and Sheriff's deputies and State Police burst out of the City Hall and strode up to me.

"Are you still going to try to speak?", inquired the Chief, with a special dramatic look in his eyes. "Yes, sir", I replied, "enough to require you to stop me so that I can file legal papers."

"I have enough to stop you right now", replied the Chief of Police. "I have a warrant right here for you." And with that, he whipped out three warrants from his pocket, where I am convinced they would have remained had I not tried to speak. And Captain Roy James, Chaplain Don Wiley and myself were seized and taken into custody.

Believe it or not, we were charged with a FELONY carrying a penalty of 5 to 10 years at hard labor in the penitentiary! I had done absolutely NOTHING whatsoever in Emporia except talk to the officials in the motel and drive down to the City Hall while Roy James and Don Wiley had done nothing more than distribute literature announcing the speech. And for this, we were all charged WITH INCITING THE WHITE PEOPLE OF VIRGINIA TO A "WAR" ON THE NIGGER PEOPLE!

The small crowd which had already gathered to hear the speech, was MAD! They advanced and cussed out the cops, while they cheered us and told us to keep fighting, etc.

"One of the Nicest Jails"

After the usual "mugging", fingerprinting, etc., ceremonies, we were placed in one of the nicest jails I have hit yet.

It was hotter than Hades--above 90° without a breath of air, and the steel jail was like an oven. But it was clean and decent for a change from most jails. No roaches, bed-bugs, smell of urine and the rest of the disgusting sights, sounds, smells and feel of human cages. Chaplain Wiley had never been in jail, but he took it well when the steel doors clanged shut.

In the sweltering heat, we took off all our clothes except our shorts, and began to kid and laugh and even sing, as most Nazis do when thrown in jail for our White Race and nation. Believe it or not, there is an exhilaration in suffering, and even in humiliation, when you know you are doing your duty.

But we congratulated ourselves too soon.

A nigger "lady", loaded to the gunwales with nigger wine, had engaged in what the law books politely call an "affray" with some of our other equals. It seems that our lovely section of the jail--a brand-new one--was ordinarily reserved for women. The cops, who were 1000% sympathetic to us, had assigned us to this part of the jail. But with the Ubangi lady arriving, it was necessary to move us--and to do that, they had to clear a whole herd of apes out of the nigger part of the jail and double them up in another cell block to make room for us. There was a great rush, because the coon lady was sobbing and carrying on and raising hell with the cops, so they rushed us into the nigger cell as soon as the coons were out.

Now the situation was just the reverse of the previous one. The stench, the filth and the bugs were awful! There was a pile of wet clothes, which appeared to have rolled off a nigger right where he stood onto the floor. The filthy objects and trash were just indescribable. After we had gotten clean sheets, and I had nerved myself up to lying down on the steel bunk, I found one of those horrifying objects--a tube of special ointment for pediculosis pubis--unfortunately, I know Latin well enough to know what that is--crabs--NIGGER crabs. I jumped out of that rack and we got some of the rotting clothes we had found plus some water, and scoured as well as we could for an hour or so. The heat and the stench of nigger sweat on everything was stifling. Captain James got down on the floor with a can of cleanser and some of the clothes and scoured by hand an area for us to stand on.

Out in Time for Norfolk Speech

At 2 o'clock of the second day, the Party was able to bail me out, but unable to raise bond for Roy and Rev Wiley. I HAD to be bailed out because I was scheduled for a speech that evening in the Municipal Auditorium in Norfolk.

Major Allen and Stormtrooper Bailey got me out of the nigger cell in Emporia at just about the last possible moment and we raced 80 miles to Norfolk where I had to clean up, shave and get ready for one of the most important speeches of my life in the men's room.

More than 20 of our men had worked all day in a boiling sun distributing 15,000 advance circulars and putting up posters all over Norfolk. The auditorium there is ENORMOUS! We were dismayed at the thought that people would be too frightened by my arrest for conspiracy to start up a "war" to come to the speech. But when 8 o'clock came, I peeked out between the curtains in the vast hall--and they were coming in. We didn't fill it up by a long shot--but we sure as hell staggered the Jews with the numbers who did turn out. The police informed us that the usual battalion of Jew "war veterans" was outside trying to horrify people from coming in and planning to disrupt the meeting. I had been told back in Emporia by the bondsman that if I got arrested again in Virginia, I could not be bailed out again because I was under a "peace bond". It was rather a horrifying thought to be launching on another major operation with the Jews openly planning their hell-raising with that hanging over me.

But I went out and I put everything I had into the speech and the results were simply indescribable. Applause and cheers stormed through the hall again and again. At one point, when I told the audience that when I have been elected governor, "Virginia will be the rottenest state in the Union for Communist nigger agitators"--the crowd really let loose with a roar. Many jumped out of their seats, shook their fists and shouted! I watched the faces of the Jew bullies who had come to cause trouble at this point, and they looked like frightened snakes. Truly, it must be a terrifying experience for a Jew parasite and traitor to watch a whole people waking up all around him! He knows only too well, from 4,000 years of history, what happens next.

Those rows of ugly Jews never let out so much as a single peep and left the hall in dead silence while I was mobbed for the usual hand shakes, autographs and congratulations.

All of this is being kept out of the nation's press, of course, but we are building up a "head of steam" which the Jews are going to have one devil of a time explaining to the people after they have been sitting on it so long.

The Situation Now

As I dictate this portion, Sunday night, I have to leave at 4 a.m. tomorrow morning to race back to Emporia for our hearing on the charge that we are starting up a "war" against those nice, peaceful colored people--like Martin Luther Coon. I spent the afternoon sweating (literally) in a law library organizing our case because we still

can't afford a lawyer. The two brave men who were arrested with me, are STILL in that foul nigger cell and will have to stay there until we can raise the \$360 to get them out.

Martin Luther Coon and his niggers have already raised over a million dollars for their fight and our three or four wonderful people - one in Massachusetts, one in Indiana and two in California, have really pitched in to keep this fateful struggle going. I ask every Party member and supporter to sacrifice to the limit NOW for VICTORY August 28. After that, we will have MASS support. Before that, we can only appeal to and depend on the vision and heroism of the tiny few who have brought us this far. I am facing 10 years and so is Roy James and Don Wiley. We are all dead tired. Every man and woman in the Party is straining to the limit.

In the name of the brave young White men who are having their lives on the line every day for our sacred White Race and nation, I ask you to push in with every last cent you can get your hands on.

JACKSONVILLE, FLA

The Jacksonville Headquarters has announced that at least 100 persons from the north Florida area will represent their state in the mass demonstration against nigger agitators in Washington August 28.

NEW ORLEANS

The local ANP unit has pledged several teams of activists for the great counter-demonstration in Washington next month.

NORFOLK, VA

Party workers in southeastern Virginia report widespread news coverage and much favorable comment following the Commander's appearance in that part of the state.

PHILADELPHIA

The Greater Philadelphia Chapter of the Fighting American Nationalists (FAN) has publicly announced a full-scale drive to bring White people to Washington for the big counter-demonstration next month. The announcement declares that organization will provide transportation for any person interested in going.

TIFTON, GA

Party booster R. L. Mercer has announced he is bringing a group up from Tifton on August 28.

INTERNATIONAL

Demonstration Set

Spontaneous demonstrations will erupt all over the globe this Saturday, July 27, as White men lash out in world-wide protest against continued violation of the basic human rights of anti-Communists in West Germany.

A great show of National Socialist solidarity is expected in response to a call by the WUNS for concerted action condemning the campaign of persecution and terror being waged against German patriots by the Bonn regime.

Here in the United States, the West German Embassy and most of the Bonn consulates will be targets of the protest. In some cities where no consulates are located, demonstrations will be directed against the offices of West German trade delegations and tourist bureaus.

The protest will emphasize: the persecution and imprisonment of anti-Communists in West Germany; the outrageous violation of the human rights of anti-Communists; the police-state terror and dictatorship employed by the Bonn regime against the German Right Wing; the similarity between Adenauer and Ulbricht; and the fact that Adenauer and his regime are afraid of freedom, just like the East German Reds.

Even a "Free Rudolf Hess" sign would not be inappropriate. Although this "terrible war criminal" is technically held by the four wartime allies--Britain, France, Russia and the United States--the West German government is morally responsible for the pressure it does or does not bring to bear to effect his release.

It is still not too late to take part in this important demonstration. Here are the kinds of action that might be taken, in order of their importance: (1) street demonstration with picket signs; (2) public literature distribution; and (3) telephone campaign. The third method might be combined with any of the first two. Whichever of these methods you use, the important thing is that you do act.

CONFIDENTIAL NEWSLETTER

The INTRA-PARTY CONFIDENTIAL NEWSLETTER is published by the American Nazi Party on the 1st, 8th, 15th and 22nd of each month at 928 N. Randolph Street, Arlington 3, Virginia. All units are requested to schedule their weekly reports so they arrive three days prior to publication.

A CALL TO ALL HANDS

From now until the 1st of September, National Headquarters needs every responsible man or woman who can be here. Unit leaders are directed to send all personnel who can be spared to Arlington for temporary duty until after our demonstration on August 28.

OTHER RIGHT-WING GROUPS

Party members and supporters should attend meetings of other White Christian organizations and urge leaders and members to send delegations to Washington to counter-demonstrate against the niggers August 28. Remind such members of other patriotic groups that we are not asking them to join us or approve our name, symbol or policies. The demonstration will be simply on behalf of White Christian America against Communism and race-mixing.

INTERNATIONAL

Demonstration Results

National Socialists in Europe, the United States and South America joined in a great show of racial solidarity last Saturday, July 27, as they demonstrated against the continued persecution of anti-Communist patriots in West Germany. The action was the first so extensively organized on a world-wide basis, and will undoubtedly result in increased prestige for the World Union of National Socialists which had called for the protest.

Early reports indicate that Nazi groups in England, France, the United States, the Scandinavian countries, Chile and Argentina participated in this global protest. Here in the United States, Party members in Washington, New York, Philadelphia, Chicago and Los Angeles took part. (As we go to press there is still no word from several units which had planned demonstrations.)

Stormtroopers from National Headquarters led the picketing in this country with a picket demonstration at the West German Embassy. In a separate action, Warrant Officer Niles was arrested after he had hand-cuffed himself to the door of the Embassy and had to be cut loose by police. The local demonstration proved a great success, and was well covered by radio and TV cameras.

CHICAGO

The Chicago headquarters has announced it has begun a campaign to recruit White men for the big counter-demonstration in Washington on August 28. The local group reports wide-spread enthusiasm for the drive on Washington.

LOS ANGELES

CORE agitators, led by former Hollywood actor, Marlon Brando, were harassed by Nazi pickets Saturday as they attempted to force integration of a Torrance (Calif.) housing site. The ANP demonstrators carried signs reading, "Brando is a stooge for Communist race-mixing", etc., and were cheered by residents of the project. Lt. Ralph Forbes was demonstrating apart from the Nazis and police told him he must get in line, so Ralph jumped in the CORE LINE, right behind Marlon Brando, who became so provoked he was about to poke Ralph Forbes in the nose. Other Jews calmed him down by whispering to him, "That's just what the Nazis want!" The incident was well covered nationally by the news media.

MILWAUKEE

Local Party workers have announced tentative plans to send a delegation to Washington on August 28.

JEW AND NIGGER PAPERS

For awhile, people were sending us the local Jew and nigger rags. Now some of them have apparently forgotten. WE NEED THOSE PAPERS! Please buy them every week and forward them here.

MASS DISTRIBUTION

All Party members and supporters are most strongly urged to obtain and distribute large numbers of the expose of Martin Luther Coon's communistic record in the latest ROCKWELL REPORT.

NIGGER OCCUPATION

Although the daily press is trying to suppress and distort news of our growing success in recruiting White men for the August 28 counter-demonstration in Washington, the nigger papers are screaming in horror. One nigger sheet, the "Journal and Guide" sounded the alarm in a recent article entitled "Nazi 'army' would stop 'march on Washington': Leader trying to recruit 'soldiers' ". The story began, "What happens if some 100,000 civil rights advocates in a 'massive march on Washington', set for August 28, find themselves opposed by an army of racists from the American Nazi Party?" The article went on, "City officials sought to avoid such a situation when they recently refused to issue a parade permit to the Nazis on that date. But that hasn't stopped the Hitler-inspired group from continuing its plans to scuttle the massive 'march' designed by national leaders to stress the necessity for Congress to pass meaningful civil rights laws this year." The story concluded, "Washington security officers are working over time in their efforts to prevent the Nazis and related groups from infiltrating Washington to oppose the civil rights march". (Now the niggers are claiming we are "infiltrating" our own Nation's Capital.)

NATIONAL HEADQUARTERS;

COMMANDER INDICTED IN EMPORIA! TRIAL SET FOR NOVEMBER 25.

On October 1, 1963, the Commander and Captain Roy James drove down to Emporia, Virginia, about fifty miles south of Richmond, near the North Carolina border, for Grand Jury hearings on charges that they had conspired to start up a "war" against the niggers.

First indication of which way the wind was blowing was when the judge asked the members of the Grand Jury to come forward. --Six men. -A Jewish-appearing foreman, two white men --and THREE NEGROES! The judge announced that he, personally, had chosen the members!

The Commander's case was reserved till last, and was not returned until late in the day.

While they waited in the Courtroom, the Commander and Captain James report that many citizens of the area came up to them and whispered encouragement.

Considering the make-up of the jury, there was little doubt as to the findings. Even so, there was a deadly hush as the jury foreman returned the indictment. Everybody knew that if the case went to trial, our men would be facing a possible ten years, and the Jews and blacks who crowded the courtroom were jubilant as the foreman returned with "a true bill."

The bond of Don Wiley, our former "chaplain" was forfeited, and the bondsman, the only one who would bail our men out, faces loss of a thousand dollars. We will have to make it up to him, if we are to hope for bail next time anybody is arrested.

It also appears possible, now, that Wiley may have made a deal to testify against us in return for a lighter sentence for misappropriation of a car. If he does, we will have little trouble proving what a liar Wiley is and was, besides being a self-confessed car-thief. Nevertheless, the Party is going to have to make a major fight to keep the Commander and Roy James from the minimum sentence, which is five years. There is no "suspension" provision in the finding of the jury. If the verdict is "guilty", the Commander and Roy will have to do the full five years. Only the verdict of those twelve men now stand between our men and all that time. And if the Grand Jury is any sample of the regular jury, a lot of those twelve men may be BLACK!

ADMIRAL CROMMELIN VISITS HEADQUARTERS!

ADMIRAL CROMMELIN VISITS HEADQUARTERS!

In a surprise development, ex-Navy fighter-pilot, Admiral John Crommelin, got together last week with a fellow Navy fighter pilot, Commander Rockwell. The Admiral, as full of fight and grit as ever, says there is no more time for disunity in our forces, and offered to hold a public meeting to get together with the Commander and Edward Fields! The Commander agreed, and promised to "bury the hatchet" with Fields. What could be more horrible for the Jews than a public show of unity by these three men!

However, in a subsequent letter, Fields wrote the Commander and begged him to stay away at all costs. He feels that any connection now would hurt his case in Birmingham, where he is facing time for disrupting integration. The Commander pointed out that Fields published German Nazi Julius Streicher's "Der Sturmer", in German black-letter as a publication of the "Thunderbolt", and there is no doubt the prosecution will use this in Field's trial. The Commander feels that when this publication, printed in German, is shown to the jury, they will believe almost anything about Fields, thinking that he is some kind of "German spy", and that Fields should therefore do all he can to show that the Nazis were Christians, anti-Communists and preached that the Whites are the master-race. In any case, the Commander does not want to hurt Fields in these desperate moments, and will stay away if that is what he wants.

WATER! WATER! --AT LAST!

The Barracks has been without a drop of water for months, now. We could not afford a new pump and could not get the old one to work. Finally Major Welch managed to get CREDIT, believe it or not, and we bought one for a deposit. Now we have water ALL the time, something we have not

had for more than a YEAR now. Even when the old pump worked, it was only for a few hours in each twenty-four. Most of us can't believe it when you turn on a faucet and water comes out ALL the time!

However, we must pay up for the pump or they will take it back. We'd sure appreciate some help on this.

PROMOTIONS:

Captain Allan Welch was promoted to Major, and has become Headquarters Commander.

Captain Matt Koehl has become National Secretary.

Probationary Trooper Jack Joiner, of Arlington, was sworn in as a Stormtrooper.

Dennis Reeves, Stormleader in California, thumbed his way to HQ for a quick visit before his trial for the riot at the Jew Temple in Los Angeles.

The Commander was interviewed by: Three French Canadian newspapers, ABC (on the Valachi hearings), the vile Jew publisher of EROS, --the filthy new sex magazine. The latter Jew, Ralph Ginsberg, signed a written contract that he forfeits ten thousand dollars if he prints anything in his new magazine, "FACT", without the written consent of the Commander after he has seen final proofs. The article will be a blast by the Commander revealing the facts about Goldwater, and vile Jew Ginsberg, like a typical Kike, is willing to give the Party the publicity the Jews are so anxious to deny, just so he can get a big scoop for his new rag. Most of the Party watched the interview and saw Jew Ginsberg squirm as he was firmly reminded that he would probably have to be gassed among the very first.

COLIN JORDAN, BRITISH NAZI LEADER, WEDS, BEATS JEWS AGAIN!

In a continuing display of Nazi genius, the great Colin Jordan has managed to woo and win beautiful Francoise Dior, a Countess, and the niece of the great fashion designer, --all while leading the most dashing political battle in all Europe! With his usual flair for public relations, he managed to make world-wide news of the event, including television scenes all over the USA! The Jews, with THEIR usual flair for helpless rage and violence, came and threw dirt, eggs and other Jewish-type "arguments" at the bride and groom as they emerged from the marriage ceremony!

The new Mrs. Jordan, who will one day soon be the first lady of England, is a dedicated National Socialist, who will show the present Jew-dominated toadies in the British government, how a White Lady should act.

Commander Rockwell sent letters of official protest about the outrage of the eggs, etc, to the Queen, the Prime Minister, etc, on the official stationery as the Commander of the World Union of National Socialists. The Commander demanded an apology from her Majesty's Government as World Leader. No apology is expected, however, until about 1972.

MADISON, WISCONSIN: PARTY STOPS NIGGER MARCH!

Owen Flerson jumped up in front of a nigger "love" march in Madison, wearing his armband, and began to cuss out the race-mixers, reds and peace-creeps. They all stopped in horror, and the whole nigger parade halted while he harangued them and the police tried to figure out what to do. He made the front pages with huge pictures as he waved his arm at the coons and told them how vile and ugly they were. The pictures show he was right.

**INTRA - PARTY
CONFIDENTIAL NEWSLETTER**NATIONAL HEADQUARTERS**HCUA AVENGED AGAIN
WITH NAZI FISTS**

American Nazi Party fighters for our Race and Nation once again avenged the communist attacks on the great House Committee on Un-American Activities by totally smashing a Red rally called by the Red committee to abolish HCUA in Washington last Thursday evening. Appropriately held in the gymnasium at Jew-riddled American University, the rally soon turned into a sheer contest of physical strength with Jews and Reds doing most of the tumbling and Nazi battlers doing most of the exercising--of their fists, that is.

The American Nazi Party contingent arrived in beatnik-type attire, so as not to arouse suspicion. (Had they arrived neatly dressed they would have been obviously identified as decent White people and thus entirely out of place at the rally.) The Nazis strolled into the meeting area past mobs of Reds and beatniks who were gathering outside in anticipation of a Nazi picket, and who were loudly making threats of what they'd do when the Nazis came. By 8:30 they figured their presence had scared the Nazis away. They filed in to attend the meeting, cockily assuring each other of the bravery they would have shown had the Nazis appeared.

GARY SMITH CHARGES

The meeting got under way. But no sooner had Aubrey Williams, an identified member of the Communist Party, opened his mouth than a spontaneous fit of coughing swept across the room, completely drowning out his diatribe. The Dean of American U. stood up and announced he would not tolerate any more disturbances. He was answered by a raging Nazi Gary Smith who stormed toward the speaker's platform like a charging knight on horseback shouting: "This is a communist meeting"! Smith challenged every Red in the place. None were very eager, but the cops closed in. As Smith was dragged from the room, bleeding profusely from billy-club wounds that required six stitches, the rafters shook with the powerful voice of John Patler thundering, "Heil Hitlers" and a score of insults against the now cringing gang of Reds on stage. Other Nazis joined the chorus and were similarly dragged out, as still others took up the cry in different areas. Trooper Dave Ford was attacked from behind by several Reds and was knocked unconscious in a bloody brawl lasting several minutes.

Convinced he would never even begin, let alone finish, his talk, Aubrey Williams sat down. Frank Wilkinson, the Red who did a year in prison for contempt of Congress now tried his luck. But it was all bad and he got an even worse reception than his crimson crony. A Nazi belted a Jew-Red here, a woman screamed there, a chair flew in that direction, shouting and screaming broke out everywhere. Eva Hoff, who makes up for her five foot some odd inches short with tons of that feminine fury which hell hath none like, charged the stage screeching at Wilkinson: "You filthy Red Race-mixing swine"! Eva dove at fading Frank, who wished he was back in the can, and hollered for John Law rather than risk another round with Eva. The riotous conditions continued until the Reds couldn't. All the Nazis went to jail. Senior Officer present at the neat demolition job was Major Allan Welch. And if someone detected a twinkling eye across the vast horizon in the great Beyond, it belonged to Francis Walters, who could at last rest in peace.

NAZIS BACK SAFEWAY STORES IN FIGHT WITH RED NIGGERS

The American Nazi Party rallied behind the Safeway store chain in their fight with Red Nigger organizations last week. CORE niggers and Jews have demanded that Safeway fire White employees and hire niggers. CORE picketed the main Safeway store in Washington, D. C. As soon as the word was received American Nazi Party troopers were rushed to the scene to counter-picket the coons. A battle of wills

and stamina ensued as the niggers vowed to "out-last" our men. That was a physical impossibility, but it took the pugnacious coons seven and one-half hours to discover it. The marathon counter-picket was climaxed by counter-singing on the part of our Nazis, who were led by Major Welch, and who coined counter-phrases to the tunes of the nigger songs, then let loose with the thundering bellows inherited from their sea-faring Viking ancestors. The coons were, of course, no match. And so already out-run the coons were now also out-sung and therefore dejectedly left, as a pitiful band that had been totally out-done.

WE'RE ALL CAUGHT--
UP, THAT IS!

The Party can now happily announce the near completion of "operation catch-up", a concerted effort by all hands to get the Party "caught-up" in all areas and on a current, day-to-day basis. After tireless efforts by all practically all back orders, correspondence, publications and commitments have been brought up to date. All back correspondence is expected to be answered by the end of this week; all back orders by next week; The Commnader's L.P. record should be out within 10 days and THE STORMTROOPER magazine should be being issued on a regular, on-time basis within one month. In addition Party morale and operative efficiency have never been higher nor has our personnel potential ever been greater. Look out Jews! Here we come!

NAZI CELLS NOW IN SCHOOLS ACROSS THE NATION

AKRON, Ohio--The revelation that Nazi cells numbering over 200 High School students in this city is tiny compared to the vastness of the Nazi student cell network, which touches practically every city of any size in the country. A check we have conducted since the Akron incidents (mentioned two weeks ago) reveal that there are hundreds and hundreds of such cells in schools everywhere in America, some of which are not even in touch with us. We discovered that in addition to those we communicate with countless numbers of students have taken the initiative to set up Nazi cells independently. The spread of Nazism in the schools presents a terrifying dilemma for the Jews since exposure of such cells only encourages other students to organize.

NATIONAL HEADQUARTERS

**ACTION-JAMMED
WEEK AT H.Q.**

Scrambling through one of their busiest weeks on record, Nazi H.Q. Troopers 1) Blasted the plastering of the late Eleanor's puss on U.S. postage stamps; 2) paid a hearty tribute to the Irish people; 3) blasted the treasonous 21-gun-salute to Red murderer Tito; 4) told that petite package of Oriental spunk, Madame Nhu: "We Like You"; 5) continued the "Buy White" campaign at local food stores (see enclosed); and got all their regular duties done besides. By the end of the action-jammed week, the fruits of the battle were already pouring in as clippings showed the world-wide coverage given the Nazi protest against a U.S. stamp in honor of Eleanor Roosevelt. In between, Cmdr. Rockwell led the Party in a "welcome" demonstration for the Prime Minister of Ireland, that made note of the Irish part in the fight against Jew-Communism from Joe McCarthy to our own Jerry Cochran (. . . AND Capt. Ryan . . Note by Cmdr.). Though it was only roses for the Irish and nothing but raspberries for Red Tito, it would have exceeded that, had it not been for the laws Tito and his Jew buddies are always trying to tear down. Nazi Troopers decried the Red leader's lunch at the White House by reminding him he was a "Red Pig". We hoped he'd croak--then we all read with glee the next day he came down with fever. (Scarlet--we hope!).

Climax of the week was a gala welcome to feminine ball of Oriental fire, Madame Nhu (not to be confused with her "Buddhist" Red adversaries). And for those who say we "hate" everything our position was made quite clear: "Madame Nhu, We Like You". As we picketed for her and against communism outside, she was inside (the National Press Club) lambasting the State Dept., JFK, and the Washington Post for their plots against her family's anti-Red government. In a conspicuous lesson badly needed by American Right-Wingers, the magnetic Madame uttered not a word against her Nazi supporters.

TOUGH SAILING AHEAD FOR CMDR. IN EMPORIA

Information received this week indicates that Commander Rockwell will be faced with one of the toughest legal battles of his career when he and Capt. Roy James go on trial November 25 in Emporia, Va. The charges ("stirring up a war against the Negro people") in themselves are ridiculous, but the cards are being heavily stacked against the Party by an extremely hostile, pro-Jew city administration elected from a community with a 70% nigger majority. The Whites have been politically scuttled under a scheming Jew manipulator named Bloom, who runs the town from his huge department store, with an "army" of nigger voters he has organized. To make matters worse, The Cmdr.'s court-appointed lawyer has taken on his assignment as a chore rather than a challenge and has proceeded with about as much ambition as a snail. Hanging in the balance is the possibility of a 10 year jail term for The Cmdr. The bitter fight continues.

TOP SECRET DEVELOPMENT AHEAD

A major project is in the works, which is of such a crucial nature that it has been kept Top Secret and is known only to Commander Rockwell and one other person in the Party. All The Commander will say is that the same thing happened in Germany, after which the Reds suffered a staggering string of stunning setbacks that led to their end.

THE NATION

WHO WOULD'VE DREAMED OF A
NAZI NETWORK IN BILLINGS, MONTANA ?

BILLINGS, Montana--Being a Jew these days is like being a man stranded out in a hayfield trying to avoid getting wet in a downpour. There just ain't no place to run. Comes now, from Billings, Montana, a rash of Nazi sympathy in the schools so widespread it makes Akron, Ohio look like a relief to the Jews. The schools in Billings are simply saturated with Nazi and potential Nazi students. At one school, assignments were given to write a term paper on an "aspect of the American political scene" and close to half of the enrollment have contacted us expressing a desire to know more about the American Nazi Party. Adding insult to injury, or irony to circumstance, the deadline for the term paper is, of all days, November 9, anniversary of the Munich Putsch and a national holiday in Nazi Germany.

MORE SURPRISES AWAIT KING IN BIRMINGHAM

BIRMINGHAM, Ala. --A real surprise awaits nigger agitator Martin Luther Coon the next time he tries any monkey business (we mean that literally) in Birmingham, according to a group of Pro-Nazi Whites who have contacted us. We aren't going to telegraph our punches but when things start happening, we'll gladly flash the news along.

The publications department has launched a sweeping project to get all Party publications on a regular, current publishing basis. All of you should have received the exciting July-August STORMTROOPER by this time (if you haven't, let us know), and we are now printing the Sept. -Oct. issue, to be followed in short order by the number for Nov. -Dec. This will put us ahead of schedule for the first time. In order to expedite the first phase of THE STORMTROOPER's expansion, which is catching-up with late issues, the next two issues will be a little thinner in pages than usual (but not one bit shorter on quality, which will be the highest ever). This will have two important effects in our expansion project: 1) It enables us to catch-up and get the magazine out on time in the future; and 2) It allows us to print more copies for distribution and promotion--which brings us to the next phase. And that is a drive to break-out of that old Right-Wing circle and reach more NEW people.

WE ARE GOING TO PUT THE STORMTROOPER ON NEWSSTANDS!

All members and friends should take part in this project by approaching news-dealers in your area. Hit first newsstands known for handling The Worker and other left-wing rags, or those which handle Right-Wing material. You can thus embarrass those handling Red stuff into taking THE STORMTROOPER. Placing THE STORMTROOPER in the hands of students and in college and public libraries are also ways to reach new, fresh people. Order bulk shipments of THE STORMTROOPER from National Headquarters. So remember, when you receive your next two issues and they appear to be a little thinner than usual, it is a testimonial to our expansion. It means THE STORMTROOPER is growing bigger!

L.P. RECORD OF CMDR. ROCKWELL NOW AVAILABLE

The first American Nazi Party L.P. record, an exciting speech by Cmdr. Rock-

well to a cheering crowd in Lynchburg, Va. and a long question-and-answer interview with The Cmdr. about the Party, is now available at \$6.95. We have the records here, ready to be shipped to those ordering.

ON CHRISTMAS GIFTS FOR THE COMMANDER

Several members have written other members personal letters inquiring as to what The Cmdr. is really in need of, so as to help them decide on an appropriate Christmas gift for The Cmdr. There is one item in particular that those of us close to The Cmdr. have noticed he is in need of and in order to eliminate confusion, it has been decided to have Capt. Matt Koehl handle the Christmas Gift Fund. Those interested in participating should contact Capt. Matt Koehl at Box 108, Arlington, Va. The Cmdr. is trying to find out what we intend to get him for Christmas and we are determined to surprise him--hence the Box 108.

(My spies will keep me informed-- Note by Commander Rockwell.)

HUMEROUS NOTES SECTION

"NIGGER BABIES" FOR HALLOWEEN

Trick or treaters visiting Nazi Headquarters this Halloween will be duly treated to Swastika-shaped "Hate cookies" and candy nigger babies. The cookies we can manage and have been so assured by our kitchen crew, but the nigger babies poses a problem since it seems the NAACP, etc., have done much to eliminate said manifestations of hatred and bigotry. So anyone who knows where to get a hold of some of those candy licorice "nigger babies" could do us a big favor by purchasing a couple of pounds and sending them along to us.

ANNOUNCEMENTS

FROM THE NATIONAL SECRETARY

The National Headquarters office has been concentrating on filling outstanding orders and answering a backlog of correspondence. We are also in the process of revamping our membership list, and there will be important announcements concerning it soon. All outstanding orders are believed to have been filled. If you have not received your order by now LET US KNOW. Meanwhile there has been a temporary delay in processing new applications and membership cards. We ask the patience of anyone affected during the next few weeks.

SPECIAL ANNOUNCEMENTS

The following is a Special Announcement from Commander Rockwell: 'With the most recent mutiny in California settling down, a new one has erupted in New York. Nobody ever seems to learn the futility and stupidity of trying to 'beat the Party'. Nobody seems willing to learn from the past experiences and miseries of others who have determined they knew how to "do it better", went charging out, damned the Party --and wound up one of three ways: 1) Out in the cold, alone and unsuccessful, 2) in prison for a long term for stupid law-breaking, or 3) Begging the Party to come back and having to eat a lot of crow in the process. While the Party has marched along slowly but surely, impatient and immature people have insisted there is a "quicker way", a "short-cut", etc. Dozens of them have tried in every area of Party operations in America. ALL of them have gone down the drain, and all of them WILL go down the drain. We hear of every little "treason" plot, usually within hours, since the would-be mutineers must always try to 'recruit' loyal Party members. The 'mutineers' find themselves isolated and helpless without Party backing, and we don't have to do anything but wait. Soon enough we find them weeping at their foolishness, sitting in prison, begging to come back--or all three. It will be the same with the immature gents in New York. Patler was and is a young genius--and HE couldn't do it. He is back here where he belongs, after starting all over again at the BOTTOM. And he is making the grade, too! But anybody considering mutiny because he figures he is smarter than the Party ought to talk with John Patler first. It won't work.

BULLETIN --- BULLETIN!

FLASH--Because of a hasty remark over the air, libeling the American Nazi Party, Fulton Lewis III has been backed into a position of having to debate Commander Rockwell in public. Details are being worked out this very moment.

LAST MINUTE, --FROM THE COMMANDER:

Confidential: It is with the deepest regret that I am forced to make the following announcement:

Barring unexpected help in the form of a miracle, we will be forced to suspend the Confidential Intra-Party Newsletter following this issue, until such time as we have weathered the legal attack in Emporia, the tremendous mailing expenses as we catch up on orders and catch up on the bills such as telephone, etc.

PLEASE keep this confidential, since the enemy already has us in serious financial difficulty in the Emporia trial and knows it. They will be LOOKING for any sign of weakness. Our success depends, as most old hands know, about 50% on Guts and 50% BLUFF, -because we are almost always so broke. Usually I can think up some stroke to squirm out of the tight spots, but I havent been able to beat THIS one, yet. We will. But in the meantime, we cannot pay for paper and postage for the Newsletter. The family will have to pull in its belt first. As soon as some bigotted angel flies down and deposits a big bag of Jewish gelt in our empty "hate"-vaults, we will start up the Newsletter again. Meanwhile, thanks to the faithful who keep plugging. As the blackness of race-mixing and the fiery glow of bloody, red revolution settle down on America, our people will soon enough appreciate what we have built. But in the meantime, it is up to us to keep the faith, to keep everlastingly at it in spite of the curses, starvation, lies and persecutions we all suffer.

COPIES: 100 FOR 50¢
BOX 1381, ARLINGTON,
VIRGINIA, U.S.A.

THE INTRA-PARTY CONFIDENTIAL NEWSLETTER is published by the American Nazi Party on the 1st, 7th, 15th and 22nd of each month at 928 North Randolph Street, Arlington 3, Virginia. All units are ordered to schedule their weekly reports so they arrive three days prior to dates.

THE NEW INTRAPARTY
CONFIDENTIAL NEWSLETTER

THIS PUBLICATION WILL BE FORTHCOMING ON A BI-WEEKLY SCHEDULE. ALL MAIL SHOULD BE
ADDRESSED TO 928 N. RANDOLPH ST. ARLINGTON, VA.

INTRODUCTORY - - - Beginning with this issue, the job of publishing has been given
to us of the Hq. Support Detachment. We shall endeavor to uphold the high stand-
ards set by the Commander and the H.Q. Staff.

ARLINGTON, VA. NOV. 24, 1963 - - - Special consideration should be given to Comm-
ander Rockwell and his Staff on the meritorious job in "scooping" the local Washing-
ton papers, and also throwing an interesting light on the slaying of Lee H. Oswald
by Jack Ruby (Rubenstein).

EMPORIA, VA. - - - Commander Rockwell and his vanguard of Stormtroopers overwhelm-
ingly won their case in smashing the ridiculous charge of "Inciting to war against the
Negro people". A highly publicized test demonstration followed, whereby Major Karl
Allen, supported by Commander Rockwell and his Stormtroopers, marched into a nigger
rally, pushed Rev. M. L. King (Koon) aside from the rostrum and delivered a devastat-
ing 20 minute oration urging the flabbergasted niggers present to join Elijah Muhammad.

ARLINGTON, VA. - - - Commander Rockwell stated in an address to the H.Q. Det. last
Sunday that the "Kennedy assassination is a SIGN OF THE TIMES" and that "WE MUST NOW
PREPARE FOR WORSE THINGS TO COME!" Ours is a Party built upon rock and weathered in
countless battles in which our very lives and race are at stake! Every man at Head-
quarters must be prepared to make the supreme sacrifice for his RACE and NATION!"
(QUESTION: Be honest with yourself; WHAT have YOU done lately in the struggle to pre-
serve our GREAT RACE and NATION?)

FOLCROFT, PENN.A. - - - Race riots which recently broke out here still have NOT been
quelled. State troopers have orders to post a 24 hour guard around the property which
has been bombed, shot at, stoned, etc. Now something far worse has occurred. Rockwell
Reports have mysteriously been distributed to the local gentry as well as to the local
Jewish Rabbis, who's deep chagrin and profound horror was quite in evidence. They
screamed bloody murder! Apparently, Rockwell's word of TRUTH has had a far greater and
more singular effect than all the bombs, shotguns and stones put together! Last min-

ute P.S. from FOLCROFT - - - "Block Buster" Baker was most recently reported wandering along the Industrial Highway leading out of Philadelphia in a dazed condition. It was reported that he was taken to a nearby psychiatric clinic in a state of total confusion. (To the Party supporters in Folcroft, Pennsylvania - "WELL DONE!" Ed.)

MARTYRS ALL!! We suggest that self immolation of ordeal by fire, which has had such spectacular results in South Viet Nam, should be introduced into the American (?) nigger community. The Kikes would probably slobber all over eachother to be the first to sell "self immolation kits" to the poor blacks. Wow! Think of the pile of gold the Jews could make, not to mention the magnificent bonfire that would ensue!

JUST AS WE THOUGHT - - - The Government and the Jewish Nation within our GREAT REPUBLIC are twisting the guilt of "Ruby" Rubenstein to that of a National "hero"! At that rate, we might as well have made the Rosenbergs candidates for the "Peace Prize"!!! IF the 'majority' of the "Press" has it's way in this matter, Oswald will be made to appear as a right winger before the month is out!

PHILADELPHIA, PENNA. - - - The Honorable Elijah Muhammad spoke to 10,000 of his Black Muslims, lashing out at the NAACP and announcing his "mission" to liberate 20,000,000 negroes from the WHITE RACE. (More power to you, Muhammad! Ed.)

WINTER RELIEF APPEAL - - - We urge all active members as well as sympathizers to join in our Winter Relief Program. It will give our boys who are fighting so desperately for us some of the comforts they so roundly deserve. You are naturally aware that almost all of the money received is naturally diverted to the number one problem, that of printing Party literature and the financing of combat operations against the enemy. Our Troopers receive only the barest of necessities.

The Party may be too proud to beg and knowing Commander Rockwell and the Troopers in Arlington, it would be against their Warriors honor to beg or grovel for help in this sense from you or me. But we members of the H.Q. Support Detachment have seen the terribly austere and hard existance under which these men live. Their plight brings back memories of the winter at Valley Forge and the martyred Americans who endured the cold and privations in order to bring to a realization their ideals which evolved into the establishment of our Great CONSTITUTIONAL REPUBLIC! WE are NOT ashamed to beg! These men who have been likened to "Supermen" are truly only human. These men are fighting and working twenty-four hours a day. They get no relief from the front. There is no rear echelon "R&R" for them. Their sole food has been, day in and day out, the lofty and noble ideals of National Socialism. In conclusion, "Do not ask what the Party can do for you, ask rather, WHAT YOU CAN DO FOR THE PARTY!" (ahem!)

Below is a list of articles they could use in order of greatest need: 1. Bed sheets and pillow cases, 2. Bars of soap and detergents, 3. Shaving cream, razor blades, lotions, etc. 4. Used clothing (within reason) trousers, shoes, shirts, 5. Canned foods (no perishables) 6. Candy, cigarettes, etc. If you can spare any of these items, please forward to Party Headquarters, 928 N. Randolph St. Arlington, Virginia.

"AS THE HAMMER UPON STEEL, SO DEATH UPON TREASON. ONLY THE HARD, THE TRUE AND THE TOUGH DESERVE TO BE WORLD MASTERS; FOR WE ARE NOT SAVED BY FEMININE DESPAIR, BUT BY MANLY DEEDS AND ACTION."

ET TU, BRUTUS?

Right now I feel like the advice-to-the-lovelorn columnist who winds up in the Divorce Court.

For more than 2 years I have been giving pious lectures to our squabbling units around the Nation for fighting amongst themselves instead of fighting the enemy. It must make the Jews and niggers laugh, I am sure, to see how we Nazis go at each other while they have the field of battle to themselves very often. So I have been giving advice freely on how to prevent this madness and how to stop it. I have pointed to National Headquarters with pride.

Now it is MY turn to hang my head in shame. -and sorrow.

We are in the middle of a personnel explosion here at National Headquarters.

I have had plenty of "mutinies", desertions and treacherous attacks before.

About four years ago a man named James K. Warner was National Secretary of the Party. So far as I knew, there was no difficulty between Warner and myself. But one day he went to the home of a trusted friend, unknown to me, for a secret meeting with John Kasper and another man, who has since joined ANP and confessed the whole business. At this meeting it was decided that for Warner to get "clear" of "Nazism", he would have to attack me, -although I had done nothing to Warner.

The next thing I knew, Warner told Floyd Fleming and myself that his mother was sick and dying and asked for all the help we could give him to get home. We gave him our last few dollars to fix his car and buy gas. Then he gathered up his own things, AND THE PARTY MAILING LIST, -wrapped in an old brown blanket, -and walked out the door right under the noses of Fleming and myself. He shook hands, pledged everlasting loyalty and promised to be back.

Within a few weeks, my friends from all over the Country and my own officers here in Arlington were sending and bringing me copies of "Swastika Smearbund", by James K. Warner. It was a more vicious attack upon me, personally, and the Party, than ever the Jews have been able to write. I was stunned!

It was my first introduction to political TREACHERY in the struggle for power!

There followed a long and bitter period during which Warner spread the utterly malicious lie that I am some kind of Jew agent, -which hurt us BRUTALLY. Many timid souls and suspicious people actually BELIEVED that and withheld support at critical moments.

But we survived, and after Warner left, I learned what he had been doing, -holding back our mailings, copying the mailing list and generally letting the Party go hang. Roger Foss took over from him, and the Party made a SPURT such as it had never made before. I learned that you lose NOTHING, when you lose a faithless person, but you gain strength to do what you can never do with such an anchor hanging around your neck.

Next it was John Patler. Roger Foss had left (the first time) because he got into a fist fight at a Party meeting with a member of Patler's "clique" or faction.

Now Patler began to believe that I was "ruining the Party" and he knew how to "do it" better. John was more honorable about his desertion and attack than Warner. He did not steal the mailing list. He did not claim I was working for the Jews or some kind of "socialist", as have so many cowards and sneaks. He did call me a "nigger-loving liberal", among a few other things. But John thought he could do it better than I could. So he went out and TRIED. (That's what I would do if I lost faith in a leader.) John blasted away for a couple of years while I predicted that his coalition of malcontents, sneaks, bums and crooks, -people I had thrown out of here, -would drag him down. And that's exactly what happened. Just as Julius Streicher before him had done in Germany, when John Patler saw that his way did not work as well as what we were doing, he had the raw COURAGE and GUTS to come crawling back here. That takes MORE guts, in my book, than facing a mob of wild niggers and Jews. He faced HIMSELF!

I was forced by circumstances to MAKE John crawl, -in fairness to the loyal men who had not quit when John was trying to drag them away. If deserters and attackers were welcomed back here with no loss when they realize their error, what is the reward of those who have been 100% loyal, as have so many here? John started below the bottom, and worked and won his way up until he is now one of the most valuable and best men I have. I am grateful he had the GUTS to find his way back HOME.

There was a serious crisis when I allowed Patler to try to make a come-back. Seth Ryan and a few others raised a storm, -but we weathered it all together and I managed to get Patler and Ryan actually working together. I thought we had it "made" at National.

The only difficulty, personnel-wise, here seemed to be the constant hostility of Ryan, Bell and James to Major Allen, whom they constantly preached was an "agent" who was "holding back the Party". But Allen had charge of our finances, and was doing a magnificent job of managing these for maximum effectiveness. He also organized the Party as had never been done before. I was so grateful for these gifts to the Party that I didn't really care if Allen WAS an FBI spy, as they all preached. In fact, I often kidded the Bureau by asking for MORE like him, if they had any and he WAS a spy. Seth Ryan once travelled all the way out to Chicago, where Roy James was C.O. of the unit there, to get James so worked up about Allen being a "spy" that James came all the way back here on a special trip to drop what he advertised was a "bombshell" on the Party, -a demand for a Party Court against Allen as a SPY! I managed to get this all calmed down, however, -and must have succeeded better than my wildest dreams, --because Ryan and Bell and James now want ALLEN to head a Party they want to form!!! And, until recently, ALLEN WAS GOING ALONG!

About a month ago, Allen up and quit. I didn't understand then and I STILL don't. But he left most honorably and openly, to the best of my knowledge. Before he left, he made a speech at a Party Meeting during which he announced his resignation. He said he was leaving for personal reasons, and had nothing but the highest hopes and praises for the Party and myself personally.

Here are some of the statements from a Notice he typed up, with handwritten corrections,

and asked me to reproduce and have posted after he left. . . .

"I sincerely believe that the American Nazi Party has an unequaled political future, and will reach its goals of the election of Commander Rockwell as Governor of Virginia by 1966 and as President of the United States by 1972" . . . "I have the greatest respect, confidence and personal regard for every single one of the present officers and men of the Party, especially for Commander Rockwell, himself." . . . "Sieg Heil! .. Karl Allen".

While this notice was being typed up in copies for Karl, I received the second-worst shock of my life. (The WORST was when my wife turned on me when I went to Iceland, -for readers of my book.)

On Sunday, December 27th, with less than ten minutes notice, six of my most TRUSTED and best friends, or so I had thought, - marched into the office at HQ in what they claimed was a "helpful visit to seek solutions". I asked them what the "problems" were, and they told me, as leader, it was MY duty to find both problems and solutions. I told them the only problem was that almost ALL of them had either QUIT, or were no longer doing their part. Allen had resigned, writing the note quoted above. Roy James had told me before the Washington "march" and after we had been pinched and were facing 10 years, that it was time for him to "think of himself" and he was going to drop out. He turned his Party Card into Barbara von Goetz, my secretary! He was selling encyclopedias and never took part in any real activities. Seth Ryan had gotten into a silly "cat-fight" with vonGoetz and had done no work for several weeks before the "helpful visit". Morgan has not been ABLE to do anything much for the Party, with a wife and six kids, -but I never held that against him. He did what he could, and even though he missed a lot of meetings, etc, I forgave him anything because of the fact that when I had nobody and nothing else to hang onto, when I came back from Iceland, and when I showed no promise and was drinking, --Morgan and his wife gave me FAITH, without which I would have collapsed entirely. I have never forgotten this and never will, no matter what he does to me. Brent Bell, an alter-ego of Seth Ryan, as Burros was once an alter-ego of John Patler, had quit doing much as soon as Seth became dissaffected over the von Goetz business. The ONLY man there with a legitimate grievance was FLOYD FLEMING, --to whom we have paid no rent for many, many months! Allen had been completely managing the finances, and try as he could, we could never get far enough ahead of the bills to pay Floyd, and Floyd has put every penny he had into first Father Coughlin, then John Kasper, and then ANP. But Floyd had many times threatened to "sell the HQ" if Karl Allen ever quit, and he was upset. He later told me that I should not have believed these threats, for which I was grateful.

Nevertheless, on this Sunday afternoon, two days after Christmas, I was faced with a pretty grim situation. I asked what were their "charges", again and again, but could get no reply. I was told it was MY business to figure them out and "solve them". I told them that my "solution" was for everybody to GET BACK TO WORK. They said that would be unsatisfactory, and left, announcing that they would be back in a week with written recommendations. At the time, I could NOT see why they refused to mention what was wrong, -but I later learned why.

I suspected immediately that somebody was out to capture control of the Party. Like Robert Welch, I have retained direct control of the Party because I know all too well the COMMUNIST method of penetrating and taking over unions and political organizations. (They work diligently to get into one of two key spots, usually "the Council", then win one or two sincere DUPES and, with the votes of their dupes, they have it!) So I announced in advance that I would agree to nothing which would turn over our Party to any Council, etc., but I would always listen to or read any concrete suggestions. They said they would be back "in a week" with a written series of suggestions. I promised to consider these (although I would not have so much as spoken to such a "delegation", had it not contained my personal friends, Fleming and Morgan).

During the following week, before New Years, we all worked like beavers to get out the New Stormtrooper, (which we did), and mail out thousands of the special assassination Rockwell Report. We were in the middle of the usual financial starvation caused by the preoccupation of people with gifts, reunions and travel at Christmas. The cold winter weather was particularly hard and we ran out of heat twice. Once we went two days in a blizzard without heat. And the financial effect of the assassination was deadly. A lot of weaklings were SCARED by the propaganda of the administration, the Jews, etc, against "extremists", -and we were really hard-pressed. The only GOOD thing was to discover how we could all WORK with the hell-raisers all over on the other side and out of our way. Ryan's ONLY job had been the Stormtrooper, which has always been late and comes out only every two months. Patler got it out in ONE WEEK. Major Welch and Captain Koehl finally got some order to our memberships, with DUES NOTICES and Party cards on the way--after I tried for ONE YEAR to get Major Allen to do this.

In a later meeting with Floyd Fleming, he agreed that there was no intention of seizing control of the Party and that there was no effort to throw the Party out of National Headquarters. I paid the rent, and told him that I intended to submit myself to a PARTY COURT the following Sunday, "one week" from the time I was approached by the Committee--and that if I couldn't win a vote of the Party, including the members in good standing in the "Committee", I would step down. I also told him I would have a tape recorder to record every word of the Committee and myself, so what was said could be checked. Floyd was enthusiastic about this idea. He even suggested the tape be sent around the country. I told him I hoped it would not be necessary--that such evidence of division only HURT all of us, and that I hoped to show how foolish all of this was by everybody facing everybody else out in the open, where the truth would have a chance.

AFTER this meeting with Floyd, I received a letter and a "petition" signed not only by Floyd, but by ALL the rest. And, as I expected, the documents amounted to complete CAPTURE of the Party--although I very much doubt that Floyd and Morgan and James realized this. Had I signed any such document, ONE SMOOTH AGENT of the enemy who could win over only THREE others, could completely capture our Party, turn it into what the rest of the right wing is howling it is (an agent provocateur)--AND DESTROY EVERYBODY WHO EVER SUPPORTED US--including the gullible members of the "Committee".

Floyd Fleming had told me that if I would accept as much as I could of what they wrote and "scratch out" what I felt was wrong, he thought that would be fine, etc. So I did that. I "scratched out" the madness of the "4/5ths vote", which Karl Allen now agrees would be evil and wrong, and agreed to almost everything else. I agreed to submit to a Party Court with a vote by the whole Party as to who was right. I went further. I offered to submit my overall leadership to a democratic vote of the Whole Party, and to STEP DOWN if I were voted out. I do not know what more I could do in good faith--and it is against my principles, actually, and against the principles of our Leader, Adolf Hitler, to submit the leader to such pulling and hauling. But I did it, praying for an end to the madness of Nazis trying to hurt each other and wrecking the Party in the process. Especially I asked for an OPEN "Party Court"--something which has NEVER been refused to the lowliest Probationary trooper here, and I have never gone against the verdict and sentence of a Party Court in five years! I wanted to face my accusers in the OPEN, question them, and let the PARTY decide who was right and who wrong.

I prepared myself for this ordeal on Sunday night, January 5th, and sent hand-delivered notices around to make DOUBLY sure each member of the committee was personally aware of it, in addition to my earlier letter. Most of them were at Floyd Fleming's house.

In spite of the fact that I was due to appear before the Grand Jury in Danville, Virginia, 250 miles away against Martin Luther Coon early the next morning, at 7:30 p.m. I was present at the meeting, before the rest of the Party, ready to submit myself to a Party Court and a "democratic" vote. I wanted a simple chance to face my accusers, examine them and defend myself. I had even offered the committee the right to bring a professional ATTORNEY to question ME, in case they might claim I was "too sharp" for them to handle--a charge I often hear.

Not ONE of these gentlemen showed up or even had the courtesy to send a notice that they WOULDN'T show up!

Instead, the behind-the-back meetings continue. There are threats and some have been carried out. Planted rumors fly thick like some kind of foul insects in the air. There are all kinds of possibilities. It is almost certain that we will suffer some kind of pretty heavy attack, just as we did in the case of Patler and Warner.

Nevertheless, also as in the Warner and Patler cases, I have more than enough utterly LOYAL officers and men so that no matter what those who have lost faith may do, we will survive and keep fighting until they either realize their deadly and tragic mistake and come back like John Patler, or persist in roaring down the road of lies and madness like Mr. Warner. (This is NO ATTACK on the NSRP, by the way. I shall HELP that organization all I can in their time of dire distress. The matter between Warner and me is PERSONAL, and neither Fields nor I should ever have allowed our respective organizations to get dragged into it.)

All of this is undoubtedly frightening and immensely discouraging to our supporters. I apologize for burdening you with it. Ordinarily I keep such things to myself and fight them to the ground in silence. But I long ago learned that when there is something in the wind which can produce poisonous rumors, it is far better to throw the "skeleton in the closet" out in the public street, where everybody can see it, and take what comes, than to pretend it doesn't exist and get hit with fifty times worse than the truth in the way of rumors and lies.

(If there are any readers who have ANY doubts of any of the above, and want confirmation, I have recorded tapes, copies of my letters, the letters and documents of the Committee, etc., --all available upon demand. They could not face me in the open before the Party because at least TWO of them are conscious liars and I can prove it, and at least two others are honest men carried away with emotions and sweet talk, and the liars know that these GOOD men would be lost to them in the course of an OPEN Party Court. Next best to a Party Court are the DOCUMENTS--and these will be supplied to any HARD-CORE and well-known member, by registered mail, upon request, if there is sufficient demand)

But my suggestion is that those who have pure faith and determination forget this nasty, bitter, crazy business and forge AHEAD. In the midst of this personal agony for me, I have carried the battle to the enemy with great results, as you will see below. Ahead lie bloody battles and glorious victories--along with some bitter defeats. All of this is a necessary part of the White Man's War for Survival. But THIS misery is NOT necessary, along with all the rest of the misery. It is a product of human weakness, and we cannot afford weakness in this gigantic struggle with the mightiest enemy in the history of humanity.

I have the strength to beat down any attack the gentlemen may attempt, but I pray they will not START such madness. I have not hurt ONE of the "Committee", nor do I intend to. If they know how to "do it" better than I, let them go about their business and DO it--WITHOUT

ATTACKING ME, as Mr. Warner did so foully.

If they prove, out in the open, that their way is better, I shall gratefully join them, if they will have me, as Julius Streicher joined Hitler when Streicher saw Hitler was right. If they fail, then I shall expect them to take the honorable course, as Patler did, and come back here and apologize for getting mixed up the WORST internal attack I have ever suffered, right after the assassination, in the middle of the Christmas season, in the dead of a bitter winter and when we are struggling financially for our very existence.

One last word of comment: I have no delusions that this sort of madness will EVER stop. No finer leader than Adolf Hitler ever was born. Yet Hitler himself suffered bitterly from such swine as Otto Strasser who was always trying to murder the Leader--to say nothing of hundreds of other mutinies and disloyalties. The same idiocy afflicts poor Colin Jordan--even when he was in jail last year. It afflicts Captain Forbes. Even Christ Himself suffered faithlessness from some of his disciples and we all know what Judas did, when Christ APPEARED to be "whipped".

What finally WON for Hitler--and Jesus Christ--was blind faith--something the "Committee" is now sneering at and attacking. Only the utterly BLIND and ROCK-LIKE FAITH of the early Christians survived the terrible persecutions of the Jews and Romans, in spite of the fact that there was nothing but obvious "failure" all around them. Only the same kind of blind and rock-like FAITH in the mighty Adolf Hitler produced the power and the force which amazed the world and will yet save it, even though Hitler "lost" and, like Christ, was crucified by a faithless and stupid world. Now, through my OWN blind and rock-like faith in Adolf Hitler's TRUTH, I have driven into existence what the "Committee" itself admits is a world-respected National Socialist Movement and an American Nazi Party which they themselves admit is our "only hope".

I ask no man to do what I myself am not willing to do or at least die trying. I hung up that holy Swastika first, when all about me were moans that it was "suicide". It is winning, as the Jews know, even if our own people are of faint heart and little faith. I will not desert. I will not snivel. I will not run. I will not get dragged into any more feuds like that with Warner. I will lead my people, my sacred WHITE RACE and my American Republic in the desperate battle to survive, no matter the lies, the attacks or the odds.

I ask every White Man and Woman who understands these mighty truths of the centuries to have nothing to do with any more accursed FACTIONALISM--anywhere--here, California, Iceland, New Zealand! Stand like a rock of faith as did our forebears in the Roman Colosseum and at Valley Forge! America and our White Race cannot survive without strong leadership. Without George Washington, there would have BEEN no U.S.A. No "committee" could have done it. Those who know me, know that I am no "tyrant". I HATE tyranny, and ask no man to live under one, which I would not do myself. But at the same time, I recognize that a fight can only won by a leader, not a "committee". And I mean to FIGHT--not hold a vote or discussion group.

We have survived all the other mutinies and will survive this, one too.

The only way YOU can survive it, is to STAY OUT OF IT. Isolate the germs of defeat. KEEP THE FAITH!

NEWSLETTER

PUBLISHED AT AMERICAN NAZI PARTY HEADQUARTERS • 928 NORTH RANDOLPH STREET • ARLINGTON • VIRGINIA

CONCORD, N. H.

With the help of a Massachusetts patriot, the Commander spent four days campaigning in the Granite State to win a place on the ballot in the primary elections March 10. Members from all over the New England area assisted in rounding up support, signatures and other elements of organization to make the ballot.

Exactly 26 hours before the final deadline, everything was gotten together and the name of Party member Terrance Ray, of Nashua, N. H., was placed on the primary ballot as a delegate to the national convention favoring George Lincoln Rockwell as the presidential candidate. The Commander's name will thus be on the ballot, in spite of all the efforts of the Jews and others to prevent this.

An interesting sidelight to the campaign in New Hampshire is the fact that the Commander was able to outwit the maneuverings to keep him off the ballot by filing as a DEMOCRAT when they expected a Republican. Mr. Ray, of Nashua, voted for Kennedy as a Democrat before he found out about the Jews and joined the Party. As a result, while the opposition was maneuvering around to keep us off the ballot on the Republican side, the Commander slipped in quietly on the Democratic side!

First reports of the Commander's campaign in New Hampshire made all the wire services and were printed all over the country and made radio and television in many places. But, as usual, the Jews went into action immediately and blacked out all further reports on the Commander's activity--especially his success in making the ballot in New Hampshire.

JACKSONVILLE, Fla.

SL Robert Sharp and Trooper Odis Cochran have been detached from National Headquarters and are proceeding to Jacksonville to head the unit in that city. SL Sharp has had long experience here at headquarters and should do a powerful job of organizing in Florida. Members and supporters in the area will hear from him shortly.

WASHINGTON, D.C.

Lt. Robert Lloyd led a picket line in front of the White House against Jew Rubenstein and the Warren Whitewash Commission. A Jewish lady who attempted to spit on our line of sharply dressed stormtroopers was dragged off by authorities.

TORONTO, Canada

Canadian Jewish newspapers are reporting the formation of an enormous Jewish organization to combat our growing Nazi strength in that country. The new organization was formed after the Jews saw a television show about the Party. It is called the "Association of Concentration Camp Survivors". They recently held a meeting in Toronto at which they themselves report that the meeting had to stop because the leaders began to scream and carry on and froth at the mouth until several actually had to be carried out!

Our units in Montreal and Toronto continue to make these wretched Jews well aware that their continued support of Communism and race-mixing will put them just where they were when they were unfortunately "liberated" in 1945--and this time the "gassed" Jews will not all survive to march in huge parades, form organizations, claim billions in reparations from Germany and appear on endless television shows showing their tatoos, etc.

GLENDALE, Calif.

Captain Ralph P. Forbes, leader of the Western Division of the American Nazi Party, will soon come out with a snappy little magazine for his area called "Raise the Banner!". In spite of a tragic series of rebellions, mutinies and other roadblocks, Captain Forbes has plugged steadily away and built up a hard-core of dedicated and effective young Nazis.

NEW ORLEANS, La.

Ray Leahart has done a magnificent job of organizing our people in New Orleans. He has used maximum personal effort to see all members and supporters regularly, collect dues and contributions and see that everybody receives Party publications and information. We wish more members in other cities would try this technique. If you are interested, you might write to Ray, c/o National Headquarters, for some pointers on how he does it.

AMARILLO, Tex.

A large group of former "conservatives" in this area has contacted the Party in utter disgust with conservative "pussy footing". The Commander is scheduled to speak at the University of Kansas on February 20 and will probably also speak to these citizens in the Texas area at the same time.

ARLINGTON, Va.

A message from the Commander: I am doing everything possible to let the subject of the "mutiny", or whatever you want to call it, drop. If the various people involved all do as they have promised and do nothing to hurt us, there is very little more to say. They will undoubtedly get together in one more right-wing organization and eventually fall apart as have all the other coalitions of people who have quit here or been thrown out.

But, unfortunately, I continue to receive rumors and reports of all sorts of attacks which are supposed to be planned. It is even reported that we are to be sold out, bag and baggage, to another organization. As I have said, I cannot believe that people to whom I have done nothing would do such a thing to the Party and to my person. I do not think they will. However, as a prudent combat commander, I must prepare for all eventualities. And that is the only reason I mention this sort of thing. We are prepared to survive any attack, regardless of what it may be. We have done so in the past, and can and will do so again if we must.

NEW YORK, N. Y.

The Commander is scheduled to speak at Hofstra University on Long Island,

just outside of New York City proper February 3. He has been warned that the Jews in New York have a warrant for him--the same one which has been hanging over his head for the last three or four years. The story has been put out by New York police that he will be arrested "if he sets foot in New York City". The Commander plans to speak at Hofstra regardless of the chance that he may be seized and arrested even outside of New York City. If this happens, he will be in the most dangerous situation he has ever faced in five years when you read this. The warrant orders that he be committed to the "Tombs" in the lower East Side of New York City. Warrants ordinarily merely order the delivery of the prisoner to the nearest magistrate and jail. This warrant, issued by Jew Judge Friedman, who has since been impeached for taking a bribe, specifically orders the incarceration of the Commander in the "Tombs" where he will be at the absolute mercy of the most vicious Jews in the world.

Many of us have begged the Commander not to chance this arrest and delivery into the hands of the New York Jews. But the Commander has decided that he has been excluded by this phony warrant from New York City long enough. He will speak at Hofstra on Long Island on February 3, unless he is seized and thrown into the "Tombs".

The sad thing about the whole business is that if the Party could find cash bail to put up, he would not have to be in the "Tombs" more than a few hours.

DURHAM, N. H.

On January 25 the Commander spoke to a group at the University of New Hampshire. He was closely questioned by a panel of faculty and student political experts for more than an hour-and-a-half. SL Peterson and ST Giesy, who were his aides at this occasion, report that the Commander "put down" dozens of attempts to trap him and out-argue him. "At one point", says ST Giesy, "the Commander forced one of the senior faculty members to admit that he, the faculty member, was a 'bigot'!"

LONDON, England

Four of our British comrades are in the hospital after beatings administered by Jewish hoodlums when they were distributing literature in poorer sections of London. Every last one of them is filled with more spirit than ever after the

beating. All of the men have eagerly volunteered to get right back out in the streets as soon as they are released from the hospital.

LACONIA, N. H.

Funniest episode of the month occurred in this New Hampshire town at a general store where the Commander stopped in his campaign to get on the primary ballot. Everywhere the Commander went he was well received. Some people said they didn't like Nazism but all were friendly toward the Commander personally. The only exception was at this general store in Laconia, where one old man, sitting on a chair beside an old stove, began to berate the Commander in no uncertain terms. "Damned if I'll shake hands with any of you New York millionaires!", the old man growled as the others gathered around the Commander. The Commander asked the old man why he was so angry and assured him he was no "New York millionaire". Then it became clear that the old man misunderstood "Rockwell" for "Rockefeller". As soon as the old man was assured that it was not Rockefeller but rather Rockwell--of the American Nazi Party--the old man said that would be fine and shook hands!

Second funniest episode was the pansy who showed up at our temporary campaign headquarters in New Hampshire. He had read in a Jew magazine article that we Nazis were all queers and he came hoping for a "date". When he heard a couple of good low growls from ST Giesy he took off in such terrified haste that he left his hat!

The Jews in New England are raging and frothing that the Commander was able to get on the presidential ballot. In a last ditch, desperate effort to throw Commander Rockwell off the ballot, they have made a fatal mistake--they have subpenaed our delegate, Terrance Ray, to "subversive hearings" in Concord before the Attorney General on February 6! We could not ask for a better "platform" from which to preach our anti-Communist and pro-White Race doctrines to the people of New Hampshire and the nation! The Jews will soon be raging to get the hearings stopped!

If you **DON'T LIKE** Communism and race - mixing.... you are a "RACIST"

If you **HATE** Communism and race - mixing.... you are a "BIGOT"

If you **TALK AGAINST** Communism and race-mixing... you are a "HATE-MONGER"

If you **FIGHT** Communism and race - mixing.... you are a **NAZI!**

WHITE MAN... FIGHT!

Intra-Party CONFIDENTIAL NEWSLETTER

CONCORD, NEW HAMPSHIRE:

Within 24 hours after the Commander was successful in winning a place on the ballot in the New Hampshire presidential primaries, our Nazi delegate, Mr. Terrence Ray, of Nashua, New Hampshire, was subpoenaed to "subversive hearings" before the Attorney General in what would appear to be an obvious effort to smear and intimidate Mr. Ray, who is a family man. The Commander immediately sent off a five page telegram to the Attorney General demanding the right to be heard, too. The Attorney General granted this request. So, on February 6, the Commander, accompanied by Lieutenant Lloyd, drove up to Concord and appeared at these hearings with Mr. Ray. Neither Ray nor the Commander took any "fifth amendments". Both testified freely and completely on all details of the Party, except for membership lists, which Ray could not give, and the Commander, of course, refused to give. There was no attempt to cite him for contempt for this refusal, and both were treated courteously. The Commander, who had heard rumors that the Attorney General conducting the hearings was a "Jew", learned that he was not only NOT a Jew, but was a former FBI agent. He seemed sufficiently impressed with the hearings so that when they were over, he stepped into the public passageway in the Statehouse where any newsman could hear, and said to the Commander, "Just a moment. I wanted to shake your hand"!

MANCHESTER, NEW HAMPSHIRE:

Immediately after the hearings, the Commander called on the General Manager of WMUR-TV in Manchester, the biggest TV station covering five New England States, and was assured that he would be permitted to buy TV time, "like any other candidate". The Party plans at least one full hour on the station, probably on a Sunday afternoon about one PM when most New Englanders are home. Funds to purchase this time are now being raised. We have to pay cash in advance, and must buy the time in a few days to get under the line.

BIRMINGHAM, ALABAMA: (Confidential, from the Commander)

For the past few months, I have been receiving very warm and friendly letters from Ed Fields of the NSRP. I was highly encouraged by this sign of a thaw in the "cold-war" between the two toughest outfits in the "right-wing", and promised to do whatever I could to help Ed and not to do anything he didn't want done. When Ad-moral Crommelin visited and was willing to get together publically with Ed and I, I felt we were at last ready to present a united front to the enemy.

But I must now sadly inform the inner circle of the Party that Mr. Fields, even while writing me friendly letters, has been writing a DIFFERNT kind of letter to people across the Country, -which have been sent to me by loyal and decent patriots who are shocked by this duplicity and attack by Fields.

I still have no intention of getting sucked into more "bickering" with Fields, and will leave him alone to do as he thinks best. I would not even mention the subject, except that I have discovered that he is also mixed up with some of the "mutineers", and WAS ACTUALLY TRYING TO GET THE PARTY THROWN OUT OF THE HEADQUARTERS, -even while writing me sweet letters!!! I think members should know this.

Truly, our people don't DESERVE to survive. With our Nation and our Race on the actual verge of final catastrophe, for the few real leaders who emerge to save the people to act so dishonorably indicates that the character and honor of our forefathers has just about disappeared from the latest generations.

I keep going not from intellectual conviction, but from blind faith.

SOUTH BEND, INDIANA:

Alex DeFields has been bearding the Jew tiger in its filthy den in this mid-western city, and in other cities in the area.

He has been demanding parade permits, passing out "hate" literature and otherwise stirring up the Goyim.

The Jews have reacted in the usual manner. On February 8th, the Jews had him arrested, -and charged with, -believe it or not, -"RACKETEERING and HATE"!! That's the "charge"! The bail was \$5000.00!! Ordinarily, we never get out of jail when they jack the bail up like that, (which is the Jew plan, of course). But our people in the area pulled off a miracle much to the surprise of the Jews, (and the staff here), and had Alex out in 24 hours!

He has dealt a smashing blow to the Jew liars in the area. With the help of the Indiana unit, he managed to get a full 12 minutes of TV on the Indianapolis TV, in full uniform, during which he exposed dozens of shocking facts about the Kikes. He reached more people with those twelve minutes, which he earned by risking his life and liberty in the streets, than we could reach with two or three million pieces of printed literature. And the effect will be far more powerful. People can ignore a sheet of paper. But a NAZI, in UNIFORM, on TV, --and blasting JEWS! They'll never forget it, as our mail shows.

LONDON, ENGLAND:

We are happy to be able to report that Colin Jordan has somehow managed to outwit the Jews and accomplish a reconciliation with his beautiful French Countess wife. News is skimpy, of course, but the Commander did receive a post card signed by the "royal couple" of National Socialism, indicating they are on a private trip to thrash the difficulties out.

ARLINGTON, VIRGINIA:

At the formal meeting of the Party on Sunday, February 9, the Commander announced that the Party has completed Phase I of the drive to power, -the fight to become KNOWN to the masses. Few people in America have not heard of the American Nazi Party and George Lincoln Rockwell. Polls show that the Commander's name is three times as well known as that of Robert Welch, although the image of the Commander in the minds of the masses is nasty and confused. More than 63% of the people still think we are some kind of Germans, because of all the lies in the press, TV, etc. But, the Commander pointed out, we have been successful in getting SOME image, ANY image across to the masses. That was the first aim of our operations, and the Commander reviewed some of the wild and wooley methods we have used to accomplish it in spite of the Jew "quarantine" treatment. He stressed that, in Phase I, it didn't matter much what we did or said, so long as it was only legal, and so long as it forced public NOTICE of the Party. "sick humor", (like the Ann Frank Soap wrappers and Diary of Ann Fink) served to enrage the Jews and set them raging in print about these "outrages". They hurt us in many ways, admitted the Commander, but they were the lesser of two evils; they enabled us to keep the Party's name everlastingly before the public.

"But now", said the Commander Sunday night, "we are very well known all over this planet. NOW it is time to start winning people with our propaganda, not just making them aware of us. For this reason, all the "sick humor", and much of the joking approach will disappear from our propaganda and we will get down to the serious business of PREACHING NATIONAL SOCIALISM."

The "NATIONAL SOCIALIST WORLD" is nearing publication, and the Commander promised that this will be a very beautiful and powerfully intellectual quarterly. Articles by top scholars from all over the world will make this the first smashing blow of the "new era" in Party activity, the Commander promised.

In the works, he said, are manuals on National Socialist economics and social programs.

Now that the Commander is a Presidential candidate, the image of both the Commander and the Party must be dignified and statesmanlike.

"The hell-for-leather, hit-em-with-anything, Jews-to-the-gas-chamber! days are over" said the Commander. "Now we must beat down the Jew lies by the power of our ideas, our character, our courage and our genius at reaching the hearts of the people."

The new "look" of the Party, the dignity and statemanship, will be apparant in all Party propaganda in the future.

NEW YORK, NEW YORK:

On Feb. 3rd, the Commander drove right through the middle of New York City to a speech on Long Island, just across the city-line, at Hofstra University. Chief of the Special Services Unit of the New York Police had called the Commander and warned him that he would be arrested, not only in New York City, but that the warrant was STATE-wide, and he would also be arrested anywhere in New York State. That was the situation. Knowing the dangers of a trip to the Tombs for the Commander, many in the Party strongly advised against trying to speak at Hofstra. But the Commander felt that it was a time for the boldest possible action and decided on as arrogant a move as could be made. With Troop Leader Chris Bailey, the Commander entered New York City via the Holland tunnel, directly into the most Jew infested area of New York, and then out the Battery tunnel across Long Island to Hofstra. He passed only a few blocks from the Tombs itself. Meanwhile Lieutenant Patler and Storm Leader Peterson had alerted New York members to be ready for action. Watches were posted at key posts. When the Commander arrived at Hofstra, he was

met by enormous security forces, hundreds of cops and detectives from all branches. But no warrant. The speech went off fairly well, considering the measures taken to humble and humiliate the Nazis, (such as the demand for absolute silence from the Dean, which didn't quite work, -the Commander got some applause, even from an audience more than 50% Jew!) With detectives all over the place, it was decided to fly over New York City to Newark airport, thence to D.C. The interesting thing about all this is that the Jews and police knew precisely where the Commander would be, -for weeks. But when he got there, -no warrant. It confirms us in our belief that the Jews want to keep the Commander out of Union Square at ALL costs, and didn't want to "waste" the warrant by "using it up" on the Hofstra action. Next time, the Commander swears, he will drive up to the Tombs and pound on the door.

JACKSONVILLE, FLORIDA:

Storm Leader Bob Sharp is making slow but sure progress at setting up headquarters in this northern Florida city. He is working quietly to BUY and BUILD a HQ there, before starting any action which would make things impossible, as has happened so many times.

SPECIAL NOTE TO MEMBERS FROM THE COMMANDER:

This is difficult to write. It is possible that some good people will misunderstand and feel hurt. And I have more than enough difficulties already without insulting the good people who keep us going.

But we are out for VICTORY in the toughest battle in human history. Victory cannot be won if we are weak, disorganized and undisciplined. The right wing has been LOSING for fifty years because of lack of central organization and discipline. I have not given up my family, my savings and all normal living just to take part in another disorderly and chaotic series of uncoordinated attacks on the enemy. And to get our people ORGANIZED and DISCIPLINED I must often do things which hurt feelings and make people mad sometimes. This is one of those times. I would not be doing my duty did I not speak out.

From time to time brave and good men working here at Headquarters get overwhelmed by the hard life here and ask me for "leave" to visit families, homes, etc. If at all possible, I always agree. This is a heart-breaking, soul-wrenching life. When there is no combat for a protracted period, fighting men get desperately restless and unhappy.

But these "leaves", etc, have produced a new problem. With the very BEST of intentions, the courageous men in different parts of the Nation have gone forth to "slay the dragon" almost alone, and without any definite PLAN for what they are doing in their home area. Usually, not knowing the laws and not having a clear idea of a definite goal, they wind up in serious trouble with legal charges (usually worthless) which put an almost intolerable financial strain on all our people in the area.

There is no denying that ANY activity is GOOD. And there is no denying the dedication and sacrifice of the men who make the play, -or the men who back them up, bail them out and pitch in in every other way.

But what is BAD is the DISORGANIZED use of our tiny resources. Those who have been to National HQ know how desperate is the struggle just to survive. There are only a tiny few people who keep the battle going. We learned in Florida what happens when brave men make a "kamikaze" attack without proper planning. The case makes headlines and everybody seems happy for a while. Then the local supporters get heavily drained financially, and begin to resent it. Eventually, they get sour on the whole thing, -and the whole Party loses the support of these people and sometimes a whole area.

For this reason, I ask members and supporters everywhere to CHECK WITH HEADQUARTERS before taking ANY public actions or committing substantial funds.

The current case in Indiana is an ideal example. The SPIRIT and PUBLICITY are great. All concerned are doing yeoman work for the Cause. But a few calls to HQ BEFORE the actions would have made things a lot tougher for the Jews to attack, -and would have made our legal case a thousand times stronger. What DeFeilds didn't know, I am sure, is that leaflet was not designed to be distributed, and has already sent five men to jail for more than a year. There are a dozen OTHER leaflets which would have made the Jews SQUIRM had they tried their "hate" charges.

We have also learned by bitter experience that it is sometimes best to try a few writs BEFORE paying large sums in bail money. If you are arrested on ILLEGAL charges which can be thrown out, it is far better to wait a day or two in jail, rather than pay a bondsmen hundreds of dollars only to have the charges thrown out later.

As I pointed out, this is a hard thing to write. There is no implication that anybody has done anything wrong. The only reason I write this note is to ORGANIZE our efforts to the maximum, NEXT TIME. National HQ has had almost six years of experience on these political assaults on Jew treason and race mixing. A three minute phone call BEFORE a picket or distribution, etc, might very well save you three years, -and supporters in the area thousands of dollars.

Perhaps it would be good to point all this up with a horrible example. Five men in Los Angeles just drew brutal prison sentences because they went on a picket on the spur of the moment and FAILED TO TAKE LEGAL PRECAUTIONS AGAINST CHARGES OF "RIOT" which we always face.

No picket ever sent out by National Headquarters has EVER been convicted of anything serious and sent to a prison. Before YOU take any "action", invest in a three minute call to headquarters to be sure you are on solid LEGAL ground, and the Party is in a position to BACK YOU UP.

WORD ON THE FBI:

Some right wingers give the Commander a hard time because he insists on cooperating with and being courteous to the Federal Bureau of Investigation Agents. In reply, the Commander has asked us to include the following statement on that subject:

"I am well aware that the information obtained by the FBI is available to the Jews in the Justice Department, and thus to the ADL. And I have also found the FBI, from time to time, planting dirty little rumors which have been obviously designed to louse us up.

"But I am also aware that the FBI agents, like General Walker at Little Rock, follow ORDERS. They do what they are told, and I refuse to condemn them for this any more than I condemn the German soldiers now being "tried" by the Jews for "war crimes" for taking orders.

Even more important, right-wingers should stop and think what would happen to us all if somebody like Adam Yarmolinsky got J. Edgar Hoover's job. If J. Edgar DID N'T accept those Jew awards and let the ADL write chapters for his book, there is no doubt in my mind we WOULD have a Jew running the Bureau. As it is, I follow a policy by which I force the individual agents to RESPECT me for telling the truth, being square and open, and being fearless. I believe that this SPLITS the Agents away from the vile Kikes in the Justice Dept. whom the agents know are NOT square and honest, -but order them to do rotten things. In the long run, I believe this pays off in the fact that agents refuse to frame us. The tactics of the NSRP, on the other hand, cannot HELP but make the individual agents good and mad, -when Fields pulls a 45, for instance, as he did recently, and shoves it, cocked, in the faces of agents protecting him from nigger retaliators after the Birmingham bombing. The Justice Department hebes tell the agents we are all a bunch of crazed bigots, madmen, murderers, bombers, etc. When we oblige these hebes by ACTING like hate-crazed madmen, it plays directly into the hands of the Jews.

I would rather accept the rare little "rumor" plays of the FBI and force them to respect and even like us, than drive them into the waiting arms of the rotten Jew communists in the Justice Department. And to claim, as some do, that these men who have caught and electrocuted or imprisoned such a long string of communist jews are THEMSELVES "communist jews", is, to me, at least, nuts. The reds HATE them. And what reds hate, I cannot find it in my heart to hate, too.

MARCH 15, 1964

SOUTH BEND, INDIANA

Storm-trooper Alex DeFields has pulled one out of the bag in the criminal case against him for "trafficking in hate"! Arguing alone before the judge, DeFields won the earth-shaking legal point that a man has a right to ANY "counsel of his choice" to defend himself, not just his choice of specially licensed professional lawyers. DeFields asked for the Commander himself to defend him, -and the judge GRANTED IT. This legal precedent means that the Commander can defend our men everywhere, -and WILL. The Commander has already successfully defended Party Members in Government hearings, -and God help the lying Jew and nigger witnesses in court-rooms when the COMMANDER sinks his teeth into them!

ARLINGTON, VIRGINIA:

The fantastic turn-outs of huge crowds to hear the Commander at colleges and Universities all over America has inspired a Western business-man to visit National HQ for a conference with the Commander. He reasons that people are so eager to see and hear the Commander that, if a hall can be rented in cities around the Country, and the speech advertised, thousands and thousands of tickets can be SOLD for these speeches. One college alone took in over four thousand dollars on one of the Commander's speeches, although we got nothing out of it except the opportunity to speak to thousands of brainwashed young kids. This Western industrialist is sufficiently convinced of the success and financial possibilities of such a speaking tour that he is already making preliminary arrangements. Big problem, of course, is the Jewish tactic of threatening violence whenever halls are rented to us. This businessman believes that Jewish terror tactics of this kind can be smashed by hiring official police protection, since our troopers have no legal rights to seize and arrest those breaking up meetings. We have already smashed to pieces the Jew wall around American colleges. With the help of this experienced and dedicated man, we should soon smash the Jew terror tactics and financial blackmail which has been keeping us from holding mass rallies.

LONDON, ENGLAND:

Colin Jordan's British National Socialist Movement, a member of the World Union of National Socialists, has been breaking all records with street-sales of their hell-raising newspaper, "The National Socialist"! At the cost of much bloodshed in battles with Jew terrorists on street-corners all over Britain, British Nazis have been selling thousands of copies of their paper to thousands of truth-hungry Britons. We are now completing arrangements to act as agents for the BNSM in selling the "National Socialist" in America. Prices will be moderate. If you are interested, write "International Secretary, ANP, Box 1381, Arlington, Virginia".

NASHVILLE, TENNESSEE:

Last week, the Commander was invited to visit in the home of a member in Nashville, -who arranged transportation. During the visit, it developed that the member was a personal friend of John Kasper who also lives in Nashville. The Commander, who often helped John Kasper out and had him as a visitor in his home when the Commander was in business and Kasper was struggling with a bookshop, (long before John became well known in Clinton), dropped over to see Kasper in a surprise visit. John is living with his Norwegian wife in a little upstairs apartment and running an auto-repair business. He seems pretty discouraged with politics, but expressed a keen interest in doing whatever he could to help. His recent nomination to the presidential ticket by the NSRP, he said, hurt his business. The day after the press-story, he got not a single customer, -a sad commentary on American "patriots"!

ANNAPOLIS, MARYLAND:

Troop-leader Chris Bailey busted this capital city of Maryland wide open last week in the middle of wild nigger demonstrations. Chris, in full uniform, and bearing two signs, front and back, reading "WHO NEEDS NIGGERS!" and "FIGHT RACE-MIXING!" roared around town and through the thousands of enraged nigger and jew demonstrators FOR MORE THAN AN HOUR! On his new motorcylce and in full uniform, he is too terrifying a sight for the coons to try anything. Police did not seem too unhappy at the discomfiture of the coons and did not interfere.

ARLINGTON, VIRGINIA:

With the Commander ready to launch the major campaign for Governor of Virginia, Lt. John Patler, Director of Propaganda for the Party, announced this week that there will be a big change in Party printed matter. As the Party has "grown up", it is necessary to eliminate most of the "sick humor" and frivo-

lous sort of thing often put out in the past. "The Diary of Ann Fink" was published mostly to produce a Jew reaction, which it did most successfully. But it is too off-key as we begin to enter elections. There will be no more mailings of this piece and quite a few others like it. Instead, the Party will concentrate on POSITIVE propaganda which will give a true image of the Party and its goals. "Our fight is no 'joke'", Lt. Patler said, "it's time to get serious and start our driving march to political victory."

In his capacity as Director of Propaganda, Lt. Patler asks all units to suspend all distribution of the following printed pieces, pending further notice:

1. A Plea to the Jews,
2. Eichmann speaks,
3. Diary of Ann Fink,
4. Jew-traitors Surrender Pass
5. Brotherhood Dictionary,
6. Niggers! You too can be a Jew!
7. Communism is IRISH

COMMANDER'S SPECIAL REPORT:

As with the last newsletter, there is SO much to report, that I can skim over only the most important events.

The Jew terrorism which has kept me from speaking in colleges all over the Country is now SMASHED. Every mail brings more invitations and the only problem is travel expenses. Usually the Jews insist that any payment of travel expenses would be "supporting Nazism", and we have to get there ourselves. I have gone to the extent of pawning some of our equipment to make recent engagements, but the invitations are now numerous enough so that we can soon turn down all engagements in which expenses are NOT paid. In fact, it might eventually be possible to get FEES, --as do the Communists all the time!

Many of our members wrote and asked me to try to meet them in Louisville, Kentucky, where the NSRP was holding its "convention". With the help of one of these good people I was able to do so. I realized that Ed Fields would probably be on "the horrors" that I was trying to louse up his operation, so I arrived in absolute quiet, with no press, etc, and took a hotel room. Fields learned from mutual friends where I was, and came to my room with Jerry Dutton and Jim Thornton of California. I was alone. I shook Ed's hand and thanked him for coming down. He talked in a friendly manner, warned me of a crazy conspiracy by some good patriots, whose names I will not mention, whom he said were planning to seize the U. S. Government by force and violence, a la "Seven Days in May". We agreed this would be a great catastrophe, not only for the good men involved, but for ALL of us, since the Jews would surely tie all of us into the mess as well-known friends of the "plotters". I told him he should call the FBI about it, since guilty KNOWLEDGE of such a plot was a serious felony. He refused to have anything to do with the Bureau, believing, as he does, that it is a Communist or Communist dominated organization. I told him I would HAVE to call them, once he had told me of such a plot, and offered to have him present when I called. He refused. Then he told me that he was going to sue Robert Welch, who, he said, has called him "a Communist"! I was appalled at this, which I didn't know. It is insane and vicious and suicidal for Welch to call Fields a "Communist"! I don't like Field's tactics, but I know he is 100% on the level, and so does Welch. Fields complained bitterly about this libel by Welch, and I sympathized. I pointed out, however, that Fields has often done the SAME THING to me! He squirmed, but said very little. Apparently the press followed Fields to my room, because when he stepped out, he was interviewed by reporters. FIELDS TOLD THEM, BELIEVE IT OR NOT, THAT I AM A "WELL KNOWN LEFTIST"!!! He also made up, out of the whole cloth, the story that I tried to crash his meeting, --although I assured him in our private meeting I had no idea of such foolishness, --and went on to say that HE PERSONALLY barred me from his meeting and that he gave me the choice between leaving peacefully or being thrown out, presumably by Mr. Fields. He told the press that confronted by this courageous show of force, I slunk away!!!

In spite of this madness, I met a great many wonderful people there, whose names I will not mention since many of them were leaders of the NSRP and I have no intention of embarrassing them. One of them, however, Millard Grubbs, a gallant old gentleman and a real warrior, came up to see me openly with some fine young men, shook my hand, and we discussed his idea of putting citizen's arrests on the traitors. He could get no one to do it. I promised him I will PERSONALLY do it at a certain time and place which obviously cannot be revealed here. A rugged-looking young patriot with him promised to join me in this expedition. It was a real pleasure to meet these people.

There were five or six of our hard core members there, and these good people invited me to visit in their homes within an area of a hundred miles or so. I did so, with great satisfaction and enjoyment. It is inspiring to actually MEET the people who have been nothing but hand-writing and generous benefactors for so long! You get a feeling, sometimes, of being ALONE in this battle. But when I meet these people who have fought so long and hard and bear so many scars, and are still in there FIGHTING, I get renewed strength myself to carry on. From Louisville, we drove to three different homes in three different Kentucky cities or towns where I stayed and visited the local "troops". For obvious reasons, I can't give names and addresses. But I CAN tell the readers of the Confidential Newsletter, all of whom are hard-core people such as I visited, that we are NOT ALONE. There are PLENTY of us all over! It's really heartening and inspiring to KNOW that, not from letters, but from looking good men and women in the eye, feeling the warmth of their hearts and hearing the courageous words of defiance of treason and race-mixing. (I might add that most of these folks do a lot more than talk.)

From Lexington, Kentucky, I flew to Chicago for meetings with our group there. For a while, the Chicago boys were pretty disrupted and dispondant after a series of catastrophes since the Jews got our big HQ there with a series of "zoning" violations. But I can report that their morale has never been higher and they are meeting regularly. There was some toying with the NSRP, but, after the combined groups scheduled a picket, and ONLY THE NAZIS showed up, they realized the difference between the organizations, and that our men are NAZIS, -not a discussion society or publishing group.

The next day I was scheduled to speak at the University of Wisconsin which would have been a tremendous breakthrough. They even had a JEW scheduled to DEBATE ME! Can you IMAGINE the fun I would have had with that unhappy Hebrew! But I got a call from National HQ which forced me to call off the speech in Wisconsin! I have no hesitation in naming names in this case. Seth D. Ryan had told an AWFUL bunch of lies, on behalf of the mutineers, to Chris Bailey, who owns our big press, with the obvious idea of getting Bailey disaffected enough to pull the presses out! (This unbelievable bunch has been after ALL of our people, trying to wheedle and coax them away, -but succeeding only in getting them confused, angry and sometimes, unfortunately, -discouraged. They seek out ESPECIALLY people who own pieces of our equipment.) Ryan had Bailey and some others so shook up I had to MISS THE SPEECH IN WISCONSIN to come back here and straighten things out!! I hesitate to mention the "mutineers" again, it is more notice than they deserve, -but I am sure that they will sooner or later try further steps to make their predictions come true that we are "strangled" and "finished", etc, -and our people should know exactly what is going on. Because of this effort to "prove" that the mutineers are "right" and that I have "strangled" the Party, we missed one of the greatest opportunities in our history. Perhaps I can get the invitation back. I am trying. But it is a damnable, rotten disgrace that men who pretend to believe I am a great leader will spend their time circling the Party like sharks, trying to wreck all that ALL of us, including the mutineers, have done over the years, just for their PERSONAL grudges. I might mention that it also COST the Party almost a HUNDRED dollars for me to fly back to Arlington and then back for the speech next day at the University of Minnesota! I never thought I would make it, but didn't cancel Minnesota, just on faith.

In spite of impossible financial circumstances, at the last moment, the funds to get back for the speech at Minnesota DID come through from my secretary, Barbara VonGoetz, -who put her whole salary check on the line to make the speech in Minnesota!

On the way to Minnesota, I stopped and changed planes in Chicago, and was again met by the loyal bunch in Chicago. At the airport in Minneapolis, I was mobbed by the usual leaping and running herd of reporters, photographers, TV camera-men, etc. They took me to the Press Room for the usual press-conference. This one was like most others, except for one Jew who was SUPER vicious and arrogant. He busted right in as soon as I was seated before the microphones and cameras, and asked me "Where's your goon-squad, Rockwell?" (Nobody ever believes that we are too poor to afford anybody to go with me and that I will dare walk all alone into these hostile mobs). I put that Jew down with vicious return jabs which sent him back to the rear of the room after four or five more tries, -and he sat down dejectedly.

The speech at Minnesota was a repeat of the success at University of Kansas. HUGE crowds, -bigger than for Martin Luther Coon or any other speakers, I am happy to report. And the usual, hypnotized HUSH when I step up to speak! I blasted away with the shocking FACTS about Jew treason and Jew race-mixing, etc, and explained why we use the Swastika, etc. They always have a most satisfying (to me) look on their faces when I ask them to consider if they would even be there listening to me if it were NOT for the Swastika and our name, "Nazi". You can almost hear them "ohhh!" as the thought strikes home! I am getting used to the fierce blaze of the TV lights in my face when speaking, at last, and didn't mind them as much as I did the first time, at U. of Kansas.

The police whisked me to a motel in a Police Car. (I told them it was the first time I was ever taken to a MOTEL in a Police Car!) I turned on the TV, ---and enjoyed more than fifteen minutes of hearing and seeing myself blasting the Jews and niggers to millions in the Minneapolis-St. Paul area! We got a lot of front-page coverage, which staggered me! The papers are owned by the Jew Cowles brothers who own Look! Best way I can figure it is that the individual editors aren't under as much direct Jew control as we often imagine.

They published my "hide-away", -and, for a while, I feared a repetition of the scene in Montreal when the Royal Canadian Mounted Police were called out to control the mobs surging around my hotel when they published the name of the hotel in the papers and on TV. But the Motel people were most kind and decent, and no unruly mobs developed. I even walked out to buy some bologna and bread and milk at a grocery store for supper, with no attacks. (Altho I will admit I will be damned glad when we can afford the camper we need so I can have at least one man with me in those mobs.)

Many people asked to come up to my room and interview me or talk, and I granted all these if they would identify themselves. One group of young men promised to drive me to the airport next morning, and I was very grateful, since I had only four dollars in my pocket, aside from the motel cost which had been given me. However, next morning, these gents chickened out, and I had to make a deal with a cab driver. He had

read all about me, and gave me the half-hour ride to the airport for a flat three bucks. I can tell our people for SURE that when people HEAR and READ what we are preaching, they are FRIENDLY, in SPITE of the Swastika which scares so many good right-wingers to death.

Back in Chicago, I had a series of conferences with more of our men who had gathered, since it was Sunday. We planned a new effort to get a PERMANENT HQ, and they told me of various offers of help, especially from a real-estate man. I decided to transfer Andy Chappel and Earl Kujak to Arlington, temporarily, to beef up our fighting forces here for the coming battles with the niggers as warm weather approaches. These two-fisted Nazis will be here in a few days.

From Chicago I flew to Nashville, at the invitation of one of our good people there. I have already seen this item in the earlier part of the Newsletter written by the staff. But I can say that I LEARNED a lot from this gentleman in Nashville, who is a very successful businessman. And I reinforced my belief that what this Country needs is not more college mis-educated bureaucrats, -but men of COMMONSENSE, HORSE-SENSE. Our friend in Nashville has no college, but I will be grateful when he, and men like him, are in positions of economic power in this perishing America. Right now they are taxing this productive man to death to breed millions and millions of educated fools in Marxist colleges, and more millions of little black bastards, to say nothing of the hordes of leeches he is supporting on the public payrolls.

I got a lot of writing and thinking done in Nashville, besides visiting with John Kasper. Finally our friend drove me to the Nashville airport and I took off for Arlington, once more, --thus completing THREE trips around America in the last three weeks!

We are now trying to schedule the sixteen more invitations we have to speak at other universities from Maine to California. I would also like to mention, again, the URGENT need for a "camper" to cut down the staggering costs of these trips. THE AIR FARE SPENT IN THE LAST MONTH IS ALMOST SEVEN HUNDRED DOLLARS, - \$671.36 to be exact! For fifteen hundred down, we can get a first class camper which will take three or four of us anywhere in the Country in no more than two days and three nights, because you can drive while the rest of the crew sleeps. We can also save tremendous MOTEL and RESTAURANT expenses. We lack only the capital INVESTMENT to GET the thing. We can save the cost of it easily, if we had it. It is my fondest hope that we can GET it soon, somehow. If we can find the people to INVEST, -not give, the \$1,500, we will secure it with the camper itself, and take only a lease on it. If you know of any way this can be worked, PLEASE let us know immediately. Major Welch is on leave in Houston, and can drive it from Amarillo.

HEADQUARTERS NOTES:

John McClure and Gerald (Big Jerry) Lynne have reported to National Headquarters for regular, Stormtrooper duty. McClure won his combat spurs with the Party in Miami and Jacksonville. Lynne is from Maine.

Effective 1 February, the minimum probationary period for incoming Stormtroop personnel was increased from 30 to 60 days. Effective 1 August, 1964, the ST probationary period will be further increased to a full 90 days.

In recent weeks, the Party has been placed in several embarrassing and compromising positions in other cities around the Country by the unauthorized use of TITLES and DESIGNATIONS not assigned by HQ. To prevent similar embarrassing incidents in the future, the National Secretary, Matt Koehl, published the following regulations:

1. Only those persons holding an OFFICIAL STORMTROOPER CARD issued by National Headquarters may refer to themselves in any public statements as "Stormtroopers".
2. Only card-holding STORMTROOPERS are authorized to appear in public in ST uniforms.
3. No MEMBER may represent himself as an officer or agent of the Party unless he has been commissioned by the Commander, in the case of officers, or officially appointed in writing by the Party in other cases.

Deliberate future violations of these regulations will result in a Party Court or dismissal.

All Members who can possibly do so are requested to report to National Headquarters for combat duty as the warm weather sets in and the niggers crawl out for the '64 season of hell-raising. If you are single (or can get clearance from your wife), and willing to FIGHT treason and illegal activity by the race-mix mob, this is the place to do it. We don't break the law, but we have some hair-raising close-"shaves" planned when the niggers start their law-breaking mob tactics. When we have National HQ again fully manned, we will be setting up new HQs in Danville and other "hot" areas. If the niggers want bloodshed, do your part, --help them shed it!

INTRA - PARTY CONFIDENTIAL NEWSLETTER

May 1, 1964

WASHINGTON, D. C.

The Party is manning its first round-the-clock vigil against the pinko peace-creeps and race mixers at the Lincoln Memorial. The creeps arrived from New York City (where else) for a 24-hour "vigil" running until the Senate passes the Communist Civil Rights Bill. As usual, they were swamped with sickening, flattering publicity. We saw them on the Hambone Huntley and Sambo Brinkley National TV show Monday evening. Within fifty minutes we had organized a counter-vigil, with each member of the Party pulling a three hour guard at the Memorial, in addition to all his regular duties and watches.

The creeps have a big sign and are handing out literature about the "glories" of race-mixing and nigger loving. We are, so far, forbidden to do these things, and have gotten no publicity. But we are raising hell in the right places, and will either GET the same privileges as the coons and their pals or go to jail.

Some interesting effects of our counter-demonstration, -in the first day: the Goy creeps, even some of the coons, are fascinated by us, and during the long, silent night watches when there are few visitors to the Memorial, they want to hear our facts and doctrines at length. With each shift of the creep watch there is a Jew in a beanie, however, and the Jew is NOT fascinated, definitely not. He does not care for us at ALL. . . . As usual, the public is FAR more interested in us bad Nazis than the insipid, skinny, cow-like mixers and peace-creeps, who get little attention as soon as the crowds, especially the kids, discover US. We still are forbidden to pass out literature, but we did get some out before the cops jumped on us. We passed out more than a hundred times the literature the creeps did in those first moments. (It makes me ACHE to think how my side wastes precious opportunity. Once we get our permit, --I have a telegram in to the Department and WILL get it, --weCOULD pass out as many as several MILLION smashing pieces, to the literally millions of visitors who swarm over that monument. But we can't afford the paper. In fact, We will be glad to get other groups' literature if you can get them to send it to us in bulk, and we will distribute it to the crowds. Anti-Race-mixing material only, is appropriate.

Finally, on this subject, we can use PHYSICAL help on this exhausting struggle. There are only eleven of us working full time for the Party who are available for these long grinding hours meeting the public, at the Lincoln Memorial. If you can help out, or know a young man who is qualified and able, give us a call and come to National HQ for this project. Applicants must be absolutely FREE for action, including jail, hospital, etc, must be RESPONSIBLE and able to give TV interviews in a pleasant, sure and proper manner, must be able to withstand the usual spitting-on, etc., and must be able to be professionally courteous even to nigger cops, (to keep the vigil going). (They are always dying to arrest us.)

LOS ANGELES, CALIFORNIA:

The first Jewish "explosions" are already rending the air over Jim Venable's "March on Washington" set for July 4-5. Because it is desperately important that our "insiders" know precisely how the Jews try to get us divided and wrecked, and because the facts are already spread on the front pages in California, I will give here the inside story of a classic case of rightist "runntitis", -coardice.

The Glendale NewsPress is, from all I can gather, a pretty decent paper, well over to the right. The City of Glendale is the best in the LA area, with firm restrictions against Jews and coons. It is the HQ of GLK Smith and a lot of other patriotic organizations. Tens of thousands of OUR kind of people live in Glendale. As usual with "our" people, they "love" Jews and niggers in public and privately hate them and fight them.

Weeks before I ever heard of Venable's march on Washington, a man named Jim Allsberry, whose name I had never even heard of until this week, -who runs a furniture store in Glendale as revealed by the Los Angeles papers, paid for a full page ad in the Glendale News Press promoting Venable's March. Instead of getting a NEW Post Office Box, and without thinking, apparently, Allsberry, who is a personal friend of a man named Ray York in Glendale, without considering the consequences, used York's post office box in Glendale for the ad. York's box is the national Address of Parliament House, the publisher of my book, "THIS TIME THE WORLD". York has exclusive distribution rights to wholesalers for the book, and the address is the SAME POST OFFICE BOX WHICH WAS AFFIXED TO THE AD FOR VENABLE'S MARCH! It did not take the ADL fifteen minutes, as soon as they saw the ad, to have their harpoons into the Glendale paper for printing an ad, USING THE SAME POST OFFICE BOX as the exclusive distributor of a "NAZI"(!!!!!!) book. The headlines the next day, as was predictable, in Los Angeles, were, "NAZIS LINKED TO HATE MARCH!", etc., in five inch banner headlines.

"Patriots" out there are now in an uproar, with the usual charges that us Nazis are in the business of "linking" ourselves to "nice" people!

There are two things to point out here, for those who THINK.

First is that the "linking" was done the MOMENT that tell-tale POST OFFICE BOX NUMBER WAS PRINTED ON THE AD, --probably to save the cost of a NEW box, -\$ 5.00 or so. No "Nazi" member had anything in the world to do with that.

But more important is the fact that, once the right wing has been ATTACKED by the ADL, their actions are predictable, --and SUICIDAL. Instead of closing ranks with fanatical devotion to EACH OTHER, as the Jews and niggers would do in such cases, (and communists, of course), the RIGHT wing out there is now busily engaged in doing exactly what the ADL wanted, --denouncing each other!

Not that I think it will do a bit of good, but only to build up more "pressure" for unity and sanity among us, I will point out that the Jews would have fallen over DEAD on their backs had our people out there reacted the way Jews and niggers, --who HELP each other, --react. Had Mr. Allsberry, instead of making the usual low bows to Jewry and niggerdom to "protect" his business, --had he issued a statement saying he was not a "Nazi", but that he failed to see why even a Nazi didn't have as much right to have his say as Communists or anybody else, -at least three Jews would have had to be dragged down off the walls and carried away to the asylum. Time and again, we catch the Jews and coons and reds in all KINDS of filthy, treasonable associations, -and they NEVER desert each other. They FIGHT. And so they keep winning. There is not an OUNCE of treason in any of US, -but we run from each other like little girl rabbits.

I have covered this subject to the very best of my ability in this RR, but I expect, nevertheless to see floods of "Rockwell-is-an-agent" garbage pouring through the world's mail as a result of the use of this Post Office Box, --all put out by men who, themselves, suffer bitterly because they, in turn, are deserted and damned unfairly, as they damn me, -by our people and by other patriots.

It's a mad, mad, mad, mad, mad JEW world!

SANTIAGO, CHILE:

As part of this Confidential Newsletter, I am reproducing, as it arrived, another letter from our Nazi group in Chile. Comment is almost superfluous.

I can only say that they are now fighting what is AHEAD of us, and what I am preparing for. Our people WILL not learn from history, and so they will be forced to repeat it. The enemy are raging, all-out FANATICS who fear nothing and make ANY sacrifice. Our people insist on being "nice" until it is utterly impossible, and they have to fight! Then they are never ready. And all the time, they scorn and hurt and starve and curse and smear those who WILL fight. Note the almost total lack of support of Leader Pfeiffer's brave lads. The rich, Chilean "rightists" are RUNNING OUT OF THEIR COUNTRY, rather than stand like men and FIGHT FOR IT!

ARLINGTON, VIRGINIA:

Thanks to emergency help by less than a dozen people, and one BIG helping hand at great sacrifice from ONE family, the Party is doing better than we have ever done in five years. Our newspaper, which I will guarantee will be recognized as at LEAST as good as anything else in the movement at ANY price, will flood Virginia in tens of thousands of copies and go all over the world, about May 15th! (Subscriptions, \$ 1, for those interested). I start another Country-wide speaking tour of colleges and universities, patriotic groups, etc., on May 12th. We now have acquired facilities and cooperation from a source I cannot reveal but which will startle the world shortly. The TV show on the Party should be out soon. Morale here was NEVER higher, although our numbers are small since the mutiny and the worst winter we have ever suffered. The greatest summer of combat in history is ahead and all of us are ITCHING to fight!

Nevertheless, in spite of all this and a lot more, -I must report that we are still suffering some repercussions from actions of the mutineers, some of them. At least two of them are utterly honorable, and are not aware of what is going on. But another two are definitely NOT honorable, and are doing everything possible to HURT. The good men in the bunch were told that the mutiny was a sudden "inspiration", that there was no PLAN. But last week, a mailing from them went to almost ALL of our enormous list of over 12,000, as near as I can estimate from the samples which came back to me from loyal people. Probably every reader of the Newsletter got this mailing from the WPA. The good men in on this thing insist it was not planned, but they MUST soon see that 12,000 names and addresses and records of sales and contributions, etc, could NOT be copied overnight. I know who did it, and how, and it breaks my heart to believe a man of whom I thought so much could be so false. The only reason I mention all this is because I am being asked by so many about that mailing. I can't write PERSONALLY to everybody, -and this will have to serve as "explanation" of what's going on.

Do not worry, as some are, that YOUR name and information are treated lightly here, as might appear from the list having been stolen. It was stolen by a TOP man in a TOP position of trust. But, more important, the man is on OUR side. Nobody will be betrayed to the enemy. Like Warner and Patler and Burros and Fields at different times, this person sincerely believes he can do it better than I can, and stole the list to give it a try. I can only say that all he is doing is FURTHER dividing our tiny forces, when we are ALREADY suffering bitterly from division among us.

Finally, let me point out that any aid and comfort to the WPA will just prolong the period during which these basically good men and fighting men will be down there in the dark, uselessly wasting time and money, before they come back like all the others before them have. Also, I have a very difficult time maintaining order and discipline here, with no pay and no "brig". When officers and men break up the order and defy the discipline, --and get AID AND COMFORT in doing so, it makes it infinitely harder for me to hold together what we already have and keep FIGHTING. I would appreciate it if all those who received WPA literature would write and urge the mutineers to quit the fooling around and come on back where they will be welcome, --and where they have already helped make HISTORY, time and again. There are already THOUSANDS of outfits just like their WPA, --and I think the NSRP is far superior, for that approach. The name and initials they chose, --alone, indicate the kind of political mistakes they are making and will KEEP making, and spending desperately needed funds to do it, too. Please help get these men back in the FIGHT.

CHICAGO, ILLINOIS:

The Chicago Unit is planning a major demonstration against a Communist meeting up there. All members in the area (200 miles) are urged to pitch in and make this a BIG one. No other organization, as usual, dares to go out in the STREETS and defy these red traitors. Do your share.

ARLINGTON, VIRGINIA:

After months of going without hot coffee during the cold winter, because the coffee pot we had finally gave up the ghost and there was only one burner on our stove, we suddenly got a NEW coffee maker, a big one, --and an excellent used stove with FOUR burners. We still don't have any hot water, but we do have COFFEE, now, and the "chef" can cook something more than one pot at a time.

Visitors from New Orleans and Richmond are responsible for most of the new "comfort" around here. They brought up literally hundreds of pounds of food and other help. New Orleans provided COMPLETE uniforms, at last! The New Orleans group and a Richmond visitor also took rooms, --and the management of the place was dumbfounded at the steady stream of men in and out of the rooms. We were all taking SHOWERS, --a great luxury!! We got our money's worth from those rooms in HOT WATER alone.

While I am on this subject, I might mention a NEW way YOU can help here, perhaps. We have been hoarding GREEN STAMPS and other stamps, and getting pots, pans, etc this way. If YOU have any of these, or are not saving them, please do. It's painless, and it will sure help here!

OKLAHOMA:

For obvious reasons, I cannot give details, but SOMEBODY in Oklahoma is bombarding towns and colleges out there with Nazi literature, and the effect is tremendous! Can YOU imagine the effect of looking up into the sky and seeing thousands of Nazi leaflets fluttering down? --And can you imagine being a JEW and seeing this snow-fall? I repeat, the effect is colossal! Same in Toronto!

AMARILLO, TEXAS:

Nothing spectacular there, yet, but the Federal Court has informed me that "Tiger Tom", the local red-eye blabber on TV, has been served with our suit by U. S. Marshalls. Now he must answer, fight, or pay over a million dollars. He CAN'T answer, since he is a liar on the face of the documents. He can't fight, since we have the facts. If he DOES try to fight in the court there, with the help of Amarillo patriots, I will tear him to shreds. We have BACKING for this fight, for the first time, and we shall show the liars and smearers and haters that their filthy tactics don't work when they try them on a NAZI! I shall expose this liar for the yellow dog he is, in public, and it ought to discourage a lot of OTHER yellow dogs around the Country.

BIRMINGHAM, ALABAMA:

Ed Fields and Matt Murphy write that they are filing suit against Robert Welch for the awful lie Welch printed in American Opinion that Fields was a commie, etc. This is the same rotten smear I get all the time from the rest of the right wing, --especially Fields, --and it ought to be NAILED. For what its worth, even though Fields has been vicious to me, I urge all patriots to help him NAIL Mr. Welch for this worst of all smears.

FRANCE.

The Federation Ouest-Europenne (FOE), the French speaking section of WUNS in Western Europe, has issued its first Nazi publication, a restricted, internal bulletin which is greatly assisting in its organizational efforts. The new bulletin outlines the racial-nationalist principles on which a future united, National Socialist Europe will be built.

WORLDWIDE:

Member organizations of WUNS, which I head, will be demonstrating to free Rudolph Hess, who tried, 23 years ago, to stop White Christians from murdering each other on behalf of Communism, race-mixing and slavery. On May 10, our people in fifteen nations will be picketting, handing out literature and putting up posters and stickers for this Christian martyr of the twentieth century. Please do what you can in your area to forward this campaign to free a great and brave man who has now been in prison for TWENTY-THREE YEARS for trying to stop World War II.

NATIONAL CONVENTION:

Unless our kind of people turn out to be the rankest cowards, there ought to be thousands of the very BEST patriots and fighters from all over the Nation and even other Nations in Washington the week-end of July 4th for Mr. Venable's March on Washington. I hope so, and have done my part, as the RR for May 1 will show. I have even contributed my hard-won permit to use the SYLVAN theater, (Washington monument grounds, with a special stage set up as an amphitheater) on July 5th.

Thus, this is an IDEAL time for the National Convention of the American Nazi Party and the leadership school we run every year for members and Stormtroopers from distant areas. Unlike last year's struggle on the Monument grounds, when we were the underdogs, penned in by Bobby's black troops, THIS year we will be the UPPER dogs; WE have the permit, and will run the niggers and Jews out. It ought to be a BALL! You will meet patriotic leaders from everywhere and enjoy participating in the BIGGEST, history-making anti-Jew, anti-nigger and pro-WHITE, CHRISTIAN AMERICAN rally in the annals of the struggle for America!

I AM ALSO ARRANGING FOR A SURPRISE GUEST WHICH WILL GUARANTEE WORLD WIDE ATTENTION AND A CHANCE TO PUSH FOR THE WHITE, CHRISTIAN MAJORITY AS NEVER BEFORE.

Not only YOU will be surprised by who is here, --but so will the JEWS!

Some of these God's Chosen SOB's will doubtless be hopping out of windows at the stroke we have arranged!

You won't want to miss THAT!

We did it before, --and we will do it AGAIN!

BE HERE, --July 3, 4, 5 and 6, for the "March on Washington, the convention, --and the SURPRISE of the Century!

COMMANDER'S SPECIAL REPORT

Starting the second half of the report on my recent speaking tour of the United States reminds me of the way you have to write serials (last week Pauline was left hanging by her fingernails from the cliff with tigers on the ledge below and the villain beating on her fingers with a hammer, etc., etc.).

To take up where we left off in the last Newsletter, which was dictated just after I arrived in Seattle, here is the report of activity in Salt Lake City.

My visit with courageous, veteran patriot, Marilyn Allen, was nothing less than inspiring. This grand lady of the right wing shows the kind of courage so tragically lacking in many of the so-called, self-styled "men" who presume to be right-wing leaders. Although she lives all alone in a little apartment, she welcomed me most sincerely and did all she could to be helpful. With her vast knowledge of the movement and the enemy, she briefed me on hundreds of matters of which I previously knew little or nothing. She has, at her own expense, enlightened literally hundreds of thousands of people and shows a brand of patriotism which puts most of our male political leaders to shame.

I stayed with a real old-fashioned American family in Spanish Fork, Utah, about 50 miles south of Salt Lake, and managed to visit with most of our friends and supporters in the area.

Before I left, we held a meeting of most of our people plus some recent converts. (I do not mention names here for obvious reasons.)

From Salt Lake, I flew to Seattle, where I was met by one of the most amazing gentlemen I have ever met, a courageous supporter who is a top executive and highly-educated technical expert with one of the most important and biggest corporations in America. He holds a top-secret clearance for his vital work. This courageous man, an ex-Bircher like so many of our growing numbers, actually arranged for my speech at the University of Washington and insisted on accompanying me, as an assistant, right into the jaws of the liberal lions at the rabid University of Washington.

The speech at Washington was perhaps one of the most successful I have ever been able to give. The place was crammed and jammed full as I have rarely seen any auditorium. While I spoke, a riot erupted outside which I at first thought was against me. Then, in the middle of the speech, the dean of the college approached me and whispered a request that I speak a second time right after the first speech for the benefit of those who were raging outside to get in and hear the speech. **THEY WERE RIOTING NOT AGAINST ME BUT TO HEAR ME!** They were actually trying to break in windows and doors and they were cooled off only when it was announced I would speak a second time. (After the kids had subsided and gone back to their dorms to await the second speech, the Jews then had the second speech canceled--in typical Jew-sneak fashion.)

In the front rows were dozens of Jews and niggers who were obviously determined to break up the speech. But they never got a chance to get started.

We got an excellent tape-recording of this speech and if there is enough demand, we will reproduce it and make it available.

The wonderful people who were my hosts then took me for a ferryboat ride through the sparkling, diamond-like beauty of the islands off the northwest coast of the U. S. and Canada. I had been called for a radio interview from Canada (Vancouver) previously and had promised to do the interview over the telephone on the Sunday after the speech. Therefore, we landed on a small island and, from the only telephone booth on the island and with dozens of the horrified local populace gaping in wonder at the man with the tape recorder in the phone booth shouting about Jews, niggers and Communists, etc., I wound up having a hot and heavy battle with the Jew interviewer on live radio over most of Canada and the northwest U.S.A.

Those who have heard a tape of this wild battle with this Jew commentator have enjoyed it immensely--especially at the end where the Jew, beaten time after time with all of his usual phony Jew arguments, began to rage and howl in frustrated hate and anger. We will definitely make a recording or tape of this jewel for early distribution.

As a result of the speech at the University of Washington, I got two more invitations from Western Washington State College and Central Washington College. I had to wait several days for these speeches and, for various reasons, spent the time tramping alone in the woods and camp grounds of Washington. There was considerable danger of being recognized in these camp grounds, especially since I had to register, but there was no difficulty and, outside of cold rain and winds on some nights, I usually enjoyed this opportunity to be alone in the forests which I dearly love.

The speech at Western Washington State College was almost a repeat of the success at the University of Washington, except at the end when the college officer-in-charge, and ex-"quiz kid" and a Jew-oriented anthropologist who is preaching to the kids that niggers are superior, was more bitter and vicious in his announcements at the end of my speech than I have ever heard before even at a Jew college. He instructed the students not to move and to sit absolutely silent while I departed in what he called a "dirge for the hate and bigotry" which I had supposedly preached. After a few vicious jabs like this, I asked if I could make an announcement to the students and did so. I asked them if they would like to hear the good doctor stand up and try to debate me. The response was the greatest I have ever received at a college and left this liberal crud raging in hatred and frustration.

I met in a motel with our friends and supporters in the area and was hugely encouraged to find many extremely young converts ready, like youth everywhere, to lay down their young lives with the flaming idealism found only in youth.

SAN FRANCISCO

I was met at the San Francisco airport by Acting-Lieutenant McElroy, officer-in-charge in San Francisco, and a grand old patriot, Ewing Clemmons, of Tracy, California, a man who once considered me a tool of the Jews, like so many others who have been misled by these lies by Fields, Gostick, Dilling and so many others. Mr. Clemmons, like Marilyn Allen, is pure-hearted and courageous and was my host during my stay in the San Francisco area. I simply cannot say enough in praise of Mr. & Mrs. Clemmons and their old-fashioned, Christian American family. What people! They have a young boy who has survived years of college education and is still one of the finest looking and most wholesome, decent Americans I have ever met.

Acting-Lieutenant McElroy, a former Merchant Marine engineer and a two-fisted, stern-jaw fighting man who is the very image of an American Nazi, is doing a dedicated job organizing in San Francisco.

After meeting our good friends in the area privately, I checked into a hotel in downtown San Francisco and called a well-attended press conference. We announced the launching of the San Francisco branch of the American Nazi Party and got excellent coverage, particularly on TV. Fortunately, the first two items on the TV news ahead of us was one about a nigger ball player with a white wife--absolutely disgusting to all decent people--and then some nigger riots. After that, I got almost eight minutes in which I told of our solution to the nigger problem and the alternatives--bloodshed and Communism.

All who saw the TV presentation were almost ecstatic--as well they might be. It was one of the most effective pieces of propaganda we have ever succeeded in getting on the Jew media.

A restaurant owner in the San Francisco area has pledged the funds for the purchase of a San Francisco headquarters and he, McElroy and I checked around the area for a suitable place and building. It could soon be set up and horrifying the Jews. Incidentally, the TV broadcast sent Jew columnists on many of the newspapers into tailspins and they moaned and groaned most satisfactorily over the arrival of Nazi hate mongers for action in San Francisco. We shall see that they are not disappointed.

From Frisco I flew to Los Angeles, where I was met by a very large, organized contingent of the South California Division of the American Nazi Party led by Captain Forbes.

Followed and surrounded by our troopers in the inner circle, and local police, sheriff's police and FBI on the outer perimeter, with reporters running ahead with cameras and to the rear, the procession marched to waiting automobiles and thence to Captain Forbes' apartment for a most inspiring meeting.

Later, faithful and dedicated Ray York arranged to meet in the home of a doctor friend of his and we all got together for a more formal meeting. It was wonderful to see Ray and all of our friends out there doggedly sticking to the battle in spite of the most amazing and regular front-page smears in the Los Angeles papers. For almost a month, the Los Angeles Nazis have been getting screaming, bright red, three-inch high, banner headlines across the top of the papers. Some, of course, have run. But not Mr. York and some of the other brave friends of the Party, to say nothing of Captain Forbes and the young troopers.

Just before I had arrived, Lt. Giles had picketed the headquarters of an open Communist nigger named Taylor who was running for office. Nazi Lieutenant Giles held an American flag high while he dragged a Soviet flag in the dirt. The outraged niggers poured out to attack our lone picket, one of them picking up a tire iron used to hold down newspapers for sale and preparing to attack. This particular nigger was stopped by one of our undercover members who raced up behind him and whispered "The cops are coming!"

So the nigger grabbed the American flag and ripped it to shreds in front of the television audience of hundreds of thousands--one more example of the incredible success of the "Nazi" technique in getting our propaganda across to millions of people FREE and at Jewish expense.

Captain Forbes has undergone difficulties, privations and hardships which are almost unbelievable. For instance, until a short time ago, Forbes was bicycling more than 12 miles a day to fill two jobs taking up more than 14 hours, not to mention time for peddling miles between jobs, and still keeping up Party activities in his "spare" time.

High point of the California visit was a top-secret conference with one of the greatest and most successful patriotic leaders in America--a man whom I first heard speak more than 12 years ago in Los Angeles.

This great and good man, one of the few patriotic leaders to refrain from the chorus of lies and smears against us, had the courage to hold two personal and most instructive private conferences with me and discuss ways of stopping right-wing bickering and spreading cooperation in our common fight against the common enemy and for common and holy aims of preserving our White, Christian Constitutional Republic.

We exchanged information on the Jew spies and agents provocateur who swarm in the movement. One of the most powerful weapons of these swine has been the lack of cooperation and communication between the various patriotic organizations, so that these termites could enter and bore into and spread chaos and confusion and despair in one organization after another with impunity since the organizations are not in proper contact.

I gave this leader my own list of confirmed spies and agents and he gave me some absolutely stunning information on agents he has identified.

Top "fish" in the net is Kenneth Goff, whom this man personally saw in conference with Dorothy Healy and the top leaders of the California Communist Party, after which this phony Christian drove down the street in happy and most friendly conversation with these Communist traitors. (I have long suspected Goff, but I had no proof. Recently he has published a book declaring Adolf Hitler to be part Jewish and working for the Jews. The book is FULL of atrocious lies and is designed to carry on the sort of job Ed Fields so foolishly took up to smear me.)

I shall do all I possibly can to help this leader and nothing to hurt him. It is my earnest hope that the cooperation we have been able to set up will spread to other organizations little by little and the Jews will at long last be deprived of the greedy pleasure of seeing us destroy each other while they sit back smirking in satisfaction at our stupidity.

From L. A. I flew to Tucson, Arizona, to see another famous patriot, but he was away on that particular day covering the trial of the libel suit by General Walker against the newspapers in Fort Worth, Texas. So from Tucson I went on to Amarillo where I was met by one of the most dedicated patriotic groups in this entire nation. This group includes important and influential people who yet have the courage to shake my hand meet with me and agree with me pretty much what must be done.

It was in Amarillo that I was approached by the man with the smashing information about Lyndon Johnson and Billy Sol Estes which is covered in the Rockwell Report for June 15.

My major task in Amarillo was to take the depositions of the president of the TV network and "Tiger Tom" Martin who libeled me last visit to Amarillo with the statement that we are subversives planning to overthrow the government by force and violence and are on the Attorney General's list. (I taped the deposition which we were successful in taking, and expect to have copies available privately for any who are interested in this Jew toady and his rotten activities.)

I met some more wonderful people on this trip to Amarillo and was further amazed at the activities and accomplishments of my host--a rip-roaring Texan in the finest tradition of the word, who recently tangled with an Indian desperado just released for murder from Leavenworth.

My host, a cultured gentleman from one of the most famous families in America in intellectual circles, tore that super tough Indian killer all to pieces and beat him to a pulp. The Indian, amazingly enough, beaten for the first time, wound up wanting to be a Nazi!

I was extremely fortunate in being able to secure immediate flights barely connecting with each other to be able to get back here to Arlington the next morning when I had to appear before the judge because we are so far behind on support payments. I was held in contempt of court and we have sixty days in which to catch up or I go to jail. But at least I am not now in jail and have good hope of catching up in time.

As a result of the successful speeches on this trip, I have received dozens of new invitations for next fall, including the universities of Michigan, Wisconsin, New Hampshire, Vermont and California among many others. There are enough invitations now so that, at long last, I will begin to be able to get my full transportation paid, plus a fee. This will be a tremendous financial help to the Party next year.

WASHINGTON, D. C.

The Party has staged four major pickets and demonstrations on behalf of Bruno Ludtke, who has already been in prison and the insane asylum in Germany for his refusal to abandon our ideals and now faces prison again.

During the visit of West German Chancellor Ludwig Erhardt, Stormtrooper Jerry Cochran 18, rushed at Erhardt and got within a few feet of him before being downed by a swarm of Secret Service agents who were terrified that he would be assassinated. Erhardt will not forget Bruno Ludtke. ST Cochran was carrying a sign: "Free Bruno Ludtke" and shouting it at the top of his lungs. Jerry was arrested and sent to jail.

No sooner was Jerry Cochran, the above trooper, out of jail when he went down to the gallery of the U. S. Senate during the last day of debate on the Civil Rights Bill, leaped up during a Senate speech and began to shout "You have betrayed the White Majority of America....only Rockwell can save us now!!" Cochran managed to shout this more than three times before he was seized and dragged, still shouting the slogans, out in the Senate gallery. One police officer had his gun drawn and was within an inch of shooting Cochran and, later said he would have done so had Cochran reached for anything in his pockets or attempted to throw even a paper out onto the Senate.

Cochran was bundled off to the D. C. insane asylum, where he is now as this is written. We are making every effort to have him released, even appealing to the A.C.L.U., which seems interested in the case. (We have no funds for a lawyer and the A.C.L.U., as usual, is our only hope for legal assistance.)

WASHINGTON, D. C.

As the vigil at the Lincoln Memorial goes into the home stretch (this is being dictated June 20, 1964), our men have been out there for more than two months now, day in and day out, week in and week out, 24 hours a day, through storm, heat, blazing sun and the silent darkness of night. We have given out more than 60,000 copies of the little pamphlet Was Lincoln a Bigot?--with astounding success. People have written from all over the country after getting home that they received one of these little pamphlets from one of our troopers on duty at the Memorial and are much impressed with it. Most of them were liberals and race-mixers who had no idea of the real facts in the situation and are most grateful that we were out there to enlighten them and oppose the Communist race-mixers.

VIENNA, VIRGINIA

When James Roosevelt, head of the foul Committee to Abolish the House Committee, spoke recently at the Westwood Country Club here--peddling Israeli bonds--he was blasted by a uniformed squad of eight Nazis who informed the public of the un-American and pro-Communist activities of this son of one of the most evil presidents America has ever had.

ARLINGTON, VIRGINIA

After almost six years now of trying to nail at least one of the thugs and hoodlums who often attack our headquarters, we finally got four of them last week in Arlington Country court. The liberal and Jew honeymoon is over for these creeps. The judge found them all guilty and fined them \$25 apiece. As usual, they attempted to bring charges against our duty officer--in this case, Troop Leader Harry Blair--but this, too, failed.

PROMOTIONS

Storm Leader Harry Blair had been promoted to the rank of Troop Leader.

WASHINGTON, D. C.

Lt. John Patler single-handedly wrecked a Red, nigger meeting in Washington. The event was covered on national television. Lt. Patler leaped to the platform, took over the meeting as arrogantly as possible, told the assembled niggers, Jews and peace creeps to be silent while he blasted away at them. The cowardly liberals, behaving as usual, retreated in horror while Lt. Patler informed them of what was in store for them in 1972. Statistical calculations from network advertising services shows Patler's heroism was seen by more than 60 million Americans.

Intra-Party CONFIDENTIAL NEWSLETTER

August 9, 1964

ARLINGTON, VIRGINIA

Regular Party members and subscribers cannot have failed to notice that the Party has recently fallen behind with the Stormtrooper, the Newsletter and the Rockwell Report. The primary reason for this has been the terrific pace of Party combat activity which always takes precedence in this organization over publishing--the country is full of publishing societies and hungry for action.

But we have also been chronically and brutally short of funds ever since the assassination. Last week, one single patriot and his wife loaned us almost their entire life savings to "capitalize" the Party and put us in a business-like position where we can do things efficiently and save money for the first time in five years. The hard-core atheists will never understand, but I have now seen more than enough evidence to convince me that we are steadily receiving help far beyond my own powers or of those of the courageous young men with me. Five years ago, in the first manuscript for This Time the World, I wrote that Heroism and Faith are rewarded by a Power beyond our ken, and that, while I realized it was not really logical to believe that our tiny forces could ever beat the mass and satanic evil of world Jewry, I had complete faith that if I did my part, the Lord would not permit us to perish. I still do not believe in most of the stories put out in the churches, but I do believe with all my heart in the same great truths and principles as all the good, solid religious people who support us. And I might add that some of the young men here with little or no faith were deeply moved by the almost incredible act of faith of these patriots.

ARLINGTON, VIRGINIA

In one day, recently, the Commander was interviewed by two different sets of niggers. One group interviewed him for Playboy magazine for a long article scheduled for publication in the December issue of Playboy.

No sooner was this group of nigger interviewers out, than here came Lonnie 2X to interview the Commander for Muhammed Speaks newspaper.

Both coons professed to be deeply impressed by the Commander and one even expressed regrets that he was black so he couldn't join the American Nazi Party. The Muhammed Speaks interview is scheduled for publication week after next. God only knows what it will be like!

SOMEWHERE-IN-THE-SOUTH

Six top officers of the Party recently met with 18 leading patriots from all over America. During a four-day conference, a project was inaugurated which will change the political situation in America for a long time to come. Even in this Confidential Newsletter we cannot say more. We can only advise members and supporters to keep their eyes open.

While the top officers were away, a relatively junior officer, Lt. Giesy, of Pittsburgh, was left in charge as Commanding Officer of National Headquarters. We are bitterly unhappy to have to report that Lt. Giesy utterly betrayed the trust and confidence placed in him and violated his drinking oath, permitted, condoned and participated in a drunken brawl on Party property during the absence of the senior officers, permitted and encouraged untrained young men to carry weapons and, apparently, participated in the felonious beating of a liberal whom he and his companions had invited onto Party property from some bar.

Needless to say, Giesy has been dishonorably dismissed from the Party and is now in jail awaiting grand jury action for the felonious beating. Such conduct by Party members, let alone Party officers, and particularly officers-in-charge, cannot and will not be tolerated. We are assisting the Arlington County legal authorities in getting at the truth of what happened and, if one of our men is guilty, in seeing that he is properly punished.

PARIS, FRANCE

Nine of our top people in France have been seized by De Gaulle's tyrannical regime, including our leader Yves Jeanne.

PHILADELPHIA, PA.

The Commander was recently interviewed by the Philadelphia Inquirer with excellent results from hundreds of Philadelphia citizens who had been looking for the party and masculine, patriotic leadership.

NEW YORK, N. Y.

Both Whisper and Confidential magazines have recently carried articles smearing the Party. Strangely enough, the article in Jew Confidential magazine precisely parallels the line in Joe Camp's latest book which smears the Nazi Party as part of the Communist apparatus. Jew Confidential, it seems, is for Goldwater, and throws the Nazis in the same pot as the Communists for opposing Goldwater.

RICHMOND, VIRGINIA

The Party will shortly be opening a new headquarters in Richmond, Virginia, with a big sign on one of the main streets "Rockwell For Governor!". Simultaneously, the major campaign to win the governorship in 1965 will be launched. We can use a lot of help on this and invite all responsible and serious-minded patriots who can do so, to come here and help on the campaign.

AROUND-THE-COUNTRY

Invitations to speak at colleges in the next semester are pouring in on the Commander. He will be touring the country during the latter part of September, all of October and possibly part of November. If you would like to meet the Commander when he is in your area, please let us know and you will be advised of the schedule.

LONDON, ENGLAND

Colin Jordan's British National Socialists assaulted Jomo Kenyatta, White-murdering African Mau Mau leader, as he was coming out of the Prime Minister's residence on Downing Street in London. As the news flashed around the world, Kenyatta's cannibal friends in the Congo rioted and tore up the British Embassy. The British National Socialists made it so hot for the cannibals that British diplomats did not dare arrive at African airports openly for almost a week.

ARLINGTON, VIRGINIA

With the Virginia campaign coming up, the White Virginian ready for publication (because we can pay for it, at long last), and the "National Socialist World" also nearing publication for the same reason, the Commander has ordered several far-reaching changes in Party operations, particularly in publications. With the White Virginian and the National Socialist World, we would have had FIVE regular publications for our small -even tiny -staff to keep up with. It would have been impossible to maintain our high standards of quality. We have therefore consolidated and re-organized publications. The Rockwell Report will now be increased to the proportions of a magazine, with at least 16 pages per issue, and changed from bi-weekly to monthly. There will be no loss to any subscriber, but a tremendous saving in mailing costs and a great increase in our efficiency here. The Confidential Newsletter will be eliminated altogether as a separate publication, and its material all included in the Stormtrooper, which will come out much more regularly. The National Socialist World is of such high quality, especially as to contents, that it would be impossible to keep it up to standards Quarterly, as we had planned. Therefore, it will start as an Annual, and be published more often, as material merits publication.

WASHINGTON, D. C.

So many activities have occurred since the last newsletter that we will only list them here. They are almost all covered in the STORMTROOPER.

PICKETS: There have been major pickets of the NAACP Convention at the Statler-Hilton Hotel, at the White House, in the middle of D.C. Niggerville when the "militant" niggers of "ACT" held a rally, (They busted out the windshields of two cars carrying the pickets, with bricks. Also a side window.) There have been pickets of hospitals, miniature golf courses, --everywhere the burr-heads showed up with their hell-raising. Our sign "WHO NEEDS NIGGERS" is far and away the most popular, and brings cheers from hundreds of White folks every time. . . . although it costs us jail time every once in a while. We now have more members here full time, and larger pickets than ever before in the Party's history. Our picket lines are really impressive, extending for a full block in many cases. Uniforms and discipline are nearly perfect, and thoroughly impress the crowds. Jews rage and weep and carry on but no longer charge in to attack us as they used to do here and still do in New York and Philly.

MARCHES: The Party marched through the streets of D.C. Carrying the holy Swastika banner of the White Race. All the way from the Key Bridge, through Georgetown and down K street to the Statler Hilton hotel marched a block-long line of uniformed stormtroops, flags flying, combat boots stomping the pavement in unison, and the stirring songs of the White Race roaring out from every young throat. When we arrived at the Statler, the NAACP was out in force, but was herded out of the way so we could picket right in front of their hotel entrance. The Nazis stole the show at their National Nigger Convention, all five days. While pickets marched outside, the coons were disrupted time and again by daring Nazi "raids" on the inside, . more below:

RAIDS: The jigs were hit with Nazis leaping on their podium taking over their meetings, Nazis jumping on the head table at their banquets, mice heaved into the room, black-faced Nazis arriving at the rear of the hall in the middle of dignified nigger speeches, -to take them all back to Africa, plus a lot of minor annoyances such as smells, etc, which appeared in their midst. The smells were never noticed in that bunch, by the way. All of this was brutally blacked out of the press. The truth is that the whole Naacp Convention was more a fight with the Nazis than a meeting. And the coons lost.

Lt. John Patler's arrogant seizure of the whole National Theater in Washington, one block from the White House, to dominate, single-handedly, a nigger meeting to invade Mississippi, made about ten minutes of national television!

For other raids and Nazi forays against Communism and its race-mixing weapons, see the STORM-TROOPER.

WASHINGTON MONUMENT, D.C.

The disgraceful story of July 5, 1964, stands as an absolutely perfect CLASSIC EXAMPLE of why the White Christians keep losing. Here was an unheard-of opportunity, --the Washington Monument available to us, as it was to the niggers last year. What a chance to have ALL our leaders stand TOGETHER, as the niggers did last year in spite of their quarrels, and blast the ENEMY instead of each other for a change. We had given up the permit to use the Monument ground, -for which we fought for FIVE YEARS, -to the Committee of One Million Caucasians. We had given up our speaking time, given up our use of the swastika and done everything humanly possible to promote Right-wing UNITY and EFFECTIVENESS. Then the other leaders began their usual act. "The rally is a TRAP!" some of them squealed. All who go will be rounded up by Bobby. Others insisted it was a plot by the Nazis to get them all "smeared" as Nazis! There were DOZENS of "reasons". But in any case, when it came time to STAND UP FOR THE WHITE RACE IN PUBLIC, -- every single other right-wing organization chickened out, every last one. As usual, only the American Nazi Party STOOD. And, for this, many of those who fled accused us of "working for the Jews", ...to excuse their own pitiful conduct.

Until less than ONE HOUR before the rally, we were assured that the others would be down there to do something. Then, when the time came to begin, and we had submitted our list of authorized speakers to the Department of Interior, according to law, ALL the speakers ratted out, every one, and we were left with only ONE authorized speaker, -the Commander. Lt. Patler and the Commander held a desperate, whispered conference, with four hours to fill and all speakers cancelled and we were forbidden by the Interior Department to substitute one man. It was decided that Patler could make an "announcement", permission was granted by Police, and Patler proceeded to "announce" for more than an hour. We managed, by desperate improvising, to fill the program, but it was a catastrophe, compared to what we could have done with that precious permit, had we started as a NAZI rally from the very beginning, and forced the publicity we could have.

Meanwhile, Andy Chapell, aided by Lt. Meyer and Harry Blair, was RUNNING the 110 miles from Richmond, Virginia, to the Washington Monument carrying the first copy of the petition to repeal the Civil Rights Act. Andy ran from 4 PM Saturday, all Saturday nite, and arrived at the Monument Sunday in the middle of the rally as planned, at 4:20!, -an incredible feat! --the second longest run in human history. (Longest was 126 miles in 1890).

Believe it or not, the press completely blacked out Andy's staggering accomplishment! The only paper to even mention it at all implied it was a big Nazi FAKE!. Obviously, if they gave it even modest publicity, such a magnificent performance by a NAZI would have destroyed their lies that we are a gang of queers and crooks, etc. The whole thing was so heart-breaking to Andy that he has "folded up" for a while, although he had the stamina to stand up after that fantastic run and SPEAK at the rally!

Let no one ever again say that we have not done our damndest to pitch in with other groups. We gave up the most precious permit we ever had, and were made fools of for our pains.

The NEXT rally we have at the Monument will be a NAZI RALLY, OUR STYLE. And when it is over, there will be no sniggering by the Jews and their nigger pals that our side is a gang of cowards!

SYDNEY, AUSTRALIA

In the precise pattern we have learned to expect in each Country where we get a Nazi Party going well, Sydney Police burst in and raided the HQ of our Australian Nazi Party, headed by Arthur Smith. They made national and international headlines and TV, but they paid dearly. They all were thrown in prison, some were beaten, and all their equipment smashed with sledge hammers!

Arthur Smith, the indomitable leader, was summarily sentenced to six months in prison. Robert D. Pope, true to National Socialist traditions of defiance and steadfast performance of duty, has taken over temporarily while leader Smith is in prison and is carrying on courageously. Other Party comrades were charged with the usual, ' --possession of explosives, planted by the enemy. (Commander Rockwell will not permit even a fire-cracker at HQ)

We salute these pioneering heroes of the New National Socialism who fight on for a Free, White Christian Australia!

NEW YORK CITY, N. Y.

ex-Nazi Dan Burros, who recently renewed his membership card, -along with five other New York fighters for the White Race, are being held in New York jails pending sentencing on the worst frame-up we have seen in years, with Jew prosecutor, Isidore Dollinger and Jew judges railroading them as the Jews alone know how to do. They are facing up to ten years, and are held without bail! The Commander has ordered their story printed in the ROCKWELL REPORT, and we hope all will help these unhappy men in their desperate hour of need.

CHICAGO, ILLINOIS:

Through the efforts of Nazis Chris Vidnjovich and Earl Kujak, the Chicago branch now has an ENORMOUS NEW HEADQUARTERS. And this time, it isn't rented, it's OURS!!! The place needs a lot of fixing up, but so did the first HQ when we got it. The Nazis are working on it day and night, and it will soon be open much to the horror of Chicago Jewry and niggerdom. Nazis wanting to get in on the ground floor in this development are invited to pitch in out there. There are good living quarters, several family apartments available and a giant meeting hall in the great building.

LONDON, ENGLAND:

The British Nazi Party has been hit with the "mutiny" disease. John Tyndall, Number Two man in the English Nazi Organization, suddenly defected and has started his own British National Socialist Movement. All loyal Party members are warned to give no support or encouragement of any kind to ANY mutineers at any time, including Mr. Tyndall. Tyndall is endeavoring to justify his actions with the Commander of the World Union, (Comdr Rockwell) and gain recognition for his deed and his splinter Nazis. The Commander has directed that, unless outright treason or insanity can be proved beyond any shadow of doubt, mutiny of ANY kind is a "hanging" offence in this or any other fighting outfit, and will be treated as such. Unless somebody is successful in putting an end to the damnable splintering and mutiny-ing among our people, we will never gain the strength to stand up to world Jewry. The only hope for this is our World Union of National Socialists. If we can make that strong enough, then no national leader can mutiny against the authorized WUNS leader in his Nation, and the Jews cannot get us one by one because we will all rise together whenever one member organization is attacked. We are already doing this, and making it hot for Bonn for their persecution of Bruno Ludtke.

BUENOS AIRES, ARGENTINA:

In an exhibition of the flaming heroism of National Socialists, Adolf Eichmann, Jr., stepped forth last month in Argentina and JOINED THE WORLD UNION OF NATIONAL SOCIALISTS!

The courageous young man, together with the leaders of the Argentine Nazi Party, called a Press- Conference and gave a series of statements which put to shame some of the "old Nazis". Even after seeing his father kidnapped under his very eyes and then hung in the pirate state of Israel, Eichmann Jr. is full of Nazi FIGHT! We have a verbatim transcript of his press statements, which were printed in Argentina, but blacked out in the USA, and will print them in the next ROCKWELL REPORT.

Young Eichmann reveals some startling truths about the supposed "six million" gassed Jews, and also reveals the existance of some secret papers now in WUNS possession in Argentina!

QUEBEC, CANADA:

A top official of the French-Canadian Nazis, Guy De La Riviere, recently visited National HQ and arranged some joint activities for Canada. De La Riviere went with the Commander and a large group to attend a Synagogue, under the Civil Rights Law, and acted with perfect discipline when the Jews refused to "mix" and ejected the Nazis.

ARLINGTON, VIRGINIA:

Major Koehl, National Secretary, has announced a new benefit to Party Members. Henceforth, all orders from MEMBERS ONLY, postmarked after 15 July, 1964, will be entitled to a discount of 25 percent on all ANP items for sale. This does not apply to items which we provide, at about cost plus handling, such as Mein Kampf or The International Jew for which we pay cash. But all items WE produce will be 25 per cent cheaper to dues-paying members. We hope this opportunity will allow members to stock up and spread the word.

There is no further point in trying to hide the fact; --we have been so hard-pressed financially we are four months behind on the STORMTROOPER and four weeks behind on the ROCKWELL REPORT. This is the reason a lot of people think their mail is being seized. We simply have not been able to get out our material for lack of funds. The Commander must pay \$600 to the Arlington Court by August 19th or go to prison for Contempt, we have hocked everything we could possibly operate without, and we have everybody working part time who can. It is simply impossible to pretend any longer that everything is rosy, to keep the Jews on the "horrors", as we try to do. We want to make it clear that NOTHING will make us ever quit. But we cannot print on air, nor can we eat grass or run presses on courage nor turn our telephone on by an act of will. So please bear with lateness in publications. We are not a "publishing society", like so many right-wing groups. Even though we are flat, horribly broke, we have been FIGHTING as never before, and will continue to do so, even with the Commander in jail. We simply ask subscribers and members to try to understand that lack of issues of publications and sometimes failure to fill orders right away is caused not by negligence, -but by lack of material and money. We have been here before and will be again. We will BEAT this misery. But we want our good people to know the REASON for the foul-ups so many of you suffer. Those who have visited here and seen the conditions here will understand what we mean. We ask the others to have FAITH. We do.

GOLDWATER DEMONSTRATIONS:

All Units and Party Members are hereby notified that permission from National Headquarters must be obtained BEFORE any anti-Goldwater demonstrations are conducted.

ALEXANDRIA, VIRGINIA

Awaiting sentencing in Alexandria Jail is Stormtrooper Louis Mostaccio, long time veteran in the movement. Louis got into a fight with a Goldwater fan during a recent Party demonstration against Goldfink at the Washington National Airport. Stormtroopers were successful in exposing Goldfink's highly LIBERAL record by having that fact mentioned over national T.V.

TOP SECRET

CONFIDENTIAL NEWSLETTER

TRAGIC NEWS IN NEW ENGLAND !

As we go to press, we have just received word that one of the Party's most generous backers has been killed in a plane crash in New England! This man stuck with us through four years of struggle, and heartbreak. He was a personal friend of the Commander's in the U. S. Navy, years ago. He visited the Headquarters several times during Hitler's Birthday celebrations. All of us were saddened and shocked to learn of his untimely death. It is hard to understand how a great and good man such as this could be struck down while so much human scum is flying safely around the Country spreading hate, racial violence and communism.

JACKSONVILLE, FLORIDA:

The Commander was invited to speak in Jacksonville by outraged White Patriots who chipped in to fly the Commander to Florida after last week's black savagery down there. It was impossible to arrange for a hall in which to speak, so the Commander spoke in a huge field just outside of town, with television lights glaring. After the speech, Jacksonville Whites got together to help Bob Sharp, our leader down there, set up a temporary Headquarters and phone. Next time the niggers start something, they will find a hard core of organized resistance to do everything legal to FIGHT them.

TALAHASSEE, FLORIDA:

While already on the way to Jacksonville, the Commander managed to wangle a side trip to Florida's capital city, where the niggers were staging one of their mob scenes on behalf of the "civil wrongs" bill. But heavy Easter traffic on all available planes kept the Commander grounded waiting for "stand-by" openings too long, and he arrived just as the coons were trudging away. Nevertheless, the news that the Nazis, -alone, of all the segregationist outfits, -at least TRIED to oppose the niggers spread all over the world and was reported as far away as London and South Africa.

The Commander spoke to a student group at Florida State University, the alma mater of Karl Allen, former Party Officer. Some of the students expressed interest in setting up a television debate, locally and this is in the works now.

LONDON, ENGLAND:

Although the press has generally blacked it out, Colin Jordan, our British leader, not only succeeded in surviving the domestic crisis which was so thoroughly smeared all over the earth, but has matters well enough in hand to have publicly disciplined his wife for her irresponsible statements to the press - (which were so brutally used by the Jews), thus displaying the true National Socialist's objectivity and respect for order, even when his own dear ones are concerned.

AMARILLO, TEXAS:

With the help of our group of ex-Birchers and Christian Crusaders, we have filed suit in Federal Court against the local Shabazz-Goy, "Tiger Tom", as the good Texas patriots call this Jew toady. This

AMARILLO, TEXAS:

With the help of our group of ex-Birchers and Christian Crusaders, we have filed suit in Federal Court against the local Shabez-Goy, "Tiger Tom", as the good Texas patriots call this Jew toady. This bush-league Walter Winchell claimed we are on the Attorney General's Subversive list, that we were "dangerous and subversive". This the most PERFECT case of libel we have ever been able to sue on, and there is no way out for the Jews. We have been promised the funds to carry on the suit, and will prosecute "Tiger" and his Jew masters at the TV station to the limit. They will HAVE to pay up a considerable sum, as a matter of straight law, since they cannot deny the facts. This should be our first REAL FUNDS, and should be beaten out of these liars in six months to a year, thanks to the Amarillo patriots. Can you picture the burning souls of those Jews when they write a check for many thousands of dollars to the AMERICAN NAZI PARTY!!!!!!

SILVER SPRINGS, MARYLAND:

The swarms of Jews in this Tel Aviv area of Maryland erected some ugly stones commemorating the "six million" oft-gassed Jews, -and it was scheduled for heartbreaking ceremonies attended by Chosen Dignitaries from all over. Twelve uniformed Nazis showed up half an hour before curtain time, however, and the rabbis and Jew "dignitaries" all ran over to scream at the Nazis. They got so absorbed in the screaming, onion-squeezing by their eyes, tattoo-showing, etc. that they never DID get the "monument" dedicated. The Nazis' signs recommended mass gassing for "Jewish traitors", and most of the local Hebrews seemed to disagree with this idea. Some tried physical attacks, but got no place. After an afternoon of screeching, the Jews staggered home groaning, "It's happening again!" Happening Again!!" and the Nazis went home singing and full of good conscience and high hopes.

NATIONAL SECRETARIES NOTES:

Copies of Colin Jordan's dynamic publication, "THE NATIONAL SOCIALIST", are now available through U. S. Headquarters for 25¢ each.

The National Socialist serves as the official organ of the National Socialist Movement in Britain as well as the English language vehicle of WUNS in Europe. It will give the American reader a better insight into the activities of our racial comrades across the ocean.

"JJackson 4-5831" is a telephone number all of you probably know. It has been listed in the Washington phone book for years, and we get calls from all over the world, literally, from news agencies, TV stations, etc., which result in constant blows at the Jew "paper-curtain" and steady flow of FACTS for millions of people. That number was blasted in Drew Pearson's column, and it is used by universities and colleges to call me for comments and even speeches which are put over loudspeakers to thousands of students. If anything were to happen to that phone, it would be IMPOSSIBLE to hide our utter financial MISERY here any longer from the Jews. Calls from all over the U.S.A. would be turned back with the announcement that "JJackson 4-5831" has been cut off.

We have received TWO final notices from the telephone company, and cannot hold them off any more. THE PHONE WILL BE CUT OFF MONDAY!

After that we will have a few days they will hold our number--then we lose that TOO!

How did we get in this shape?

Observe the rough amount we need to catch up--\$1,500. That's not too large a sum, speaking in terms of business.

That's approximately the amount it cost us to speak all over the U.S.A. and put the Jews into the current hysteria which has us only days before a major breakthrough.

A lot of the money raised to get around from point to point in the country, of course, would never have been raised had I not BEEN there to raise it. But SOME of the money would ordinarily have come in for operating expenses.

In addition, unauthorized--even though courageous and helpful--"wildcat" operations such as in South Bend recently utterly DRAINED two good patriots who have been steady and dedicated supporters. One of the best friends we ever had was killed in New England, just last week. The Jews scared two more solid contributors so they refuse our mail now!

It is THIS sort of thing which has us so URGENTLY in need of help.

As you can see from the financial statement, it is not really an enormous amount, in business terms, which has us on the edge of an awful set-back. But we DO need \$1,500 to stay on TOP of the situation and prevent the loss of years of successful climbing which cost so many of us so much.

I hope the secret facts I have given in this letter will impress on you the URGENCY of this situation: I would not risk compromising the information in this letter unless there were

Either we raise that \$1,500 in a hurry, in the next WEEK, or we will lose MILLIONS OF DOLLARS WORTH of build-up we have won from the Jew press, TV, etc., by risking our liberty and lives and with so much sacrificial help from YOU and others who have pitched in.

We need the \$10, \$5 and \$1 contributions to keep going. But we MUST CATCH UP ON OUR BILLS--and, to do that, keep our phone, etc., we need some \$1,000, \$500 and \$100 help!

I know the faithful men and women who will get this letter are the VERY people who have already done their shares. I can only say, so have I. And so have all the brave young kids here. But I have to ask these lads to keep doing MORE--even when they have already done more than any kids I ever commanded in the U. S. Navy. I sincerely believe that my own sacrifice of almost literally everything except a clear conscience gives me the right to ask YOU to do your utmost to meet this emergency.

P.S.

Lincoln Rockwell, Commander,
American Nazi Party

Everything seems to come in bunches.

While this Newsletter was "in the works" (being photographed and put on a printing plate), the bank sent back as worthless a check which had been given to us more than two weeks ago to pay for records, subscriptions and as a "contribution". It was for \$125.00--the biggest check we have deposited in more than a month! It means we are OVERDRAWN--the first time in three years of careful buildup of a good reputation at the bank! It also means that we will have to go back to the PAWN SHOP for postage to mail THIS LETTER--and try to cover that awful check!!

I have done my best and risked much to write all this to you. PLEASE help!

AMERICA NEEDS LEADERS

America Needs YOU!!

New Course Shows YOU How To Lead!

Here's just ONE exciting example of the know-how you will get in this new course! ... Read Cmdr. Rockwell's Story!...

I was immediately conscious of them when I stepped off the plane in a major city of the U. S. South.

Cops! All around me! They were all going through a "Dick Tracy" routine--burying their faces in newspapers, talking in phone booths with a hand holding down the receiver hook, groups talking to each other with one participant always keeping me under surveillance--the whole "bit".

I was guilty of nothing illegal and planned nothing illegal, of course. I was down there at the invitation of some wealthy oil men who were considering supporting the party.

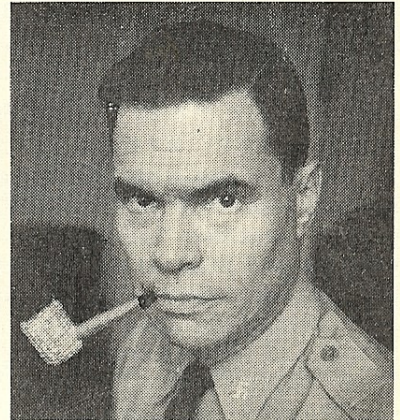

I later learned that one of these wealthy individuals had a "trusted" old darkey servant before whom he talked freely because the darkey was such a humble "good old nigger". The oil man didn't know and couldn't believe until later that the "trusted old darkey" was going to "Freedom" meetings in town!

The result was the big "surveillance" scene at the airport.

Ordinarily, under such circumstances, I would invite the detectives to ride in the cab with me and even ask them to sit around in my room. I have nothing to hide, personally, and don't break the laws.

But this was different. This was a very, very special type of police action. Only experience could help me here.

Fortunately, I had the experience necessary to deal with such "dirty playing". But I had to get my experience the hard way, going to jails, being falsely prosecuted and fighting my way out of one illegal charge after another. (We have been in so

many jails around the country I have often threatened to get out a sort of Duncan Hines "Guide to the Jails of America", although I have been convicted of disorderly conduct only twice.

From these years of experience, I knew something about all those cops an amateur would never think of.

They were NOT trying to "fool" me. There was no real attempt to prevent me from knowing they were watching. They wanted me to know! They were engaged in what is called a "rough shadow" in the "trade". The idea was more than just trying to find out what I was up to, etc. If they had done only that, there is nothing illegal about such surveillance from a police standpoint providing the information is confined strictly to police business solving crimes, etc. But that would not have accomplished what the JEWS wanted. The race-mixing traitors we oppose didn't want us to have that help from those wealthy men! And the enemy well knew that I couldn't go near the prospective "angels" with all those cops around me, nor could I hope to see them ever

WITH THIS KNOWLEDGE, PATRIOTS IN YOUR AREA WILL ACCLAIM YOU AS A LEADER!!

again if I foolishly persisted in bringing that swarm of detectives down upon them.

In other words, this surveillance was no surveillance at all--it was intimidation of a man engaged in a lawful, private business. It's purpose was not to prevent or solve a crime--legitimate police business--but to deny me privacy!

(I have learned sadly that in America, Jewish money and businessmen can buy Gentile politicians in U. S. cities because Jewish gold gives these schemers power to win elections. In return for getting and staying elected, the Jew-elected officials then order their helpless police departments to do the dirty work of the Jewish businessmen who own the town.)

When I walked out of the airport and got into a cab, the real purpose of the "surveillance" showed up with a vengeance. No less than five police cars began weaving all around me, lights flashing and tires squealing!

What would YOU have done?

There could be no thought of compromising my friends, of course. I know how to get rid of such a "tail", but I couldn't take any chances. I can never afford to hurt possible backers, for obvious reasons. The best I could hope to do was to teach the Jews that such tactics didn't pay off.

The Fun Begins!

So I first went to the center of town and took a hotel room. The Dick Tracy act in the lobby was like a scene from an old Charlie Chaplin picture, with cops "reading newspapers" all over the place and all the "props" on hand, except possibly the false whiskers. While I was registering, the clerk got a strange phone call, looked horrified, then told me to wait a minute while he looked over his available rooms. He was, of course, finding a room for me with a vacant room beside it for the cops, and then giving them time to get up there and install their "bugs".

I pretended ignorance of all this and finally got into the room and closed the door.

I got out my list of all the local Gentile rats, peace creeps, etc., and started calling them asking them cryptic questions, using phony names. They were confused and flabbergasted, of course, but anybody listening in would have figured there was some "hanky-panky" going on. I told the colored maid of one wealthy race-mixer that I would be there "to pick up the negatives" in about half an hour.

I kept a memorandum of the names, addresses and phone numbers. When I was done, I tore the

memorandum into tiny shreds, removed a few of the shreds and flushed them in the commode. I then threw the remainder of the shreds into the pot, and made sure that anybody trying to fish them out would NEVER forget the job--if indeed he could stand doing it at all.

A Run-around Tactic

I left the hotel and took a cab to the home of the race-mixer where I had told the maid I'd be by to pick up the "negatives".

The "escort" of police cars was with me all the way. When I got to the home, I ran around the side of the house to the back door before the cops could get sight of me, then raced around in front again stuffing an envelope in my pocket.

I jumped back in the cab I had kept waiting, and had it drive to the post office.

There I rushed to the money order window, took out a roll of bills with a hundred (which had been contributed by a lady in the city I had visited earlier) and smaller bills and ones underneath. I asked the clerk for a money order for two thousand dollars. I looked as "suspicious" and "rushed" as I knew how. The clerk replied that they don't go any higher than a hundred (which I knew, of course).

I dashed into a phone booth in the lobby of the post office, which was, by then, full of the Dick Tracy types, and called a press service man I knew there who had once been stationed in Washington and who had been won over to sympathy with us. I asked him to "leak" to his colleagues on the TV and radio staffs and newspapers, that George Lincoln Rockwell would soon be in the police station!

Free Publicity!

No newsman could risk missing whatever might happen there, so the police station was alive with reporters, cameras, mikes and technicians when I got there. I asked to see the chief about the police persecution.

I saw the official in private, trailed by the pack of newssharks.

I had timed the trip to the police station for about 3:30, when there would be precious little time to get the film rushes on TV and the dispatches on the wires for the 6 p.m. news. (That way, the Hebrews don't get so much time to slam down their black hood of censorship before the story is already out.)

After talking to the police official, I was interviewed by the press and TV.

I then went to a motel, and had the delightful pleasure of seeing myself blasting and exposing the Communist Jews and race-mixers on FREE TV TIME which would have cost about twice what the wealthy individuals would probably have contributed. My police escort sat around "staking me out" while I relaxed, enjoying it all.

The Jews stopped me from seeing my contacts, but they got far the worst of it, and the cops would hate those Jews for a long time for that assignment. Can't you just see those poor detectives piecing together those soggy, filthy, smelly little scraps from the hotel toilet--and then tracking down and interrogating all the race-mixing preachers and pinkos in town as "secret Nazi supporters"?!

YOU Need This Knowledge

I have not told this story just for the fun of it --although I will admit there is a good bit of "fun" in outwitting the Jews and making fools out of them.

The purpose of this story is to prove to you that YOU need to know how to handle such police tactics. YOU--the American patriot and fighter for a White, Christian America, urgently need to know how to defend yourself from illegal police and court persecution.

As I write this, one of our members, Russ Roberts, in Detroit, has been arrested and charged with "libeling" the niggers by passing out "Back-to-Africa" boat tickets. Others, in the Philadelphia area, are being threatened by the Jews with everything from sedition to spitting on the sidewalk.

When General Walker was thrown in the Federal insane asylum, he had the friends and money to fight his way out. But what about the little guy--YOU--what can YOU do, with no big fortune, no big friends to help you, not even public knowledge of your plight if you are falsely seized at the demand of the Jews and flung into a prison or insane asylum? How do you get rid of an illegal "tail" following you? How can you insure privacy from electronic "bugging", etc.? How can you prevent infiltration of your group--such as has caused the false imprisonment of so many patriots by provocateurs--and the public humiliation of others, like the Maryland Citizens' Council which recently voted to join CORE after it had been filled with nigger-loving "ringers"? How can you protect yourself against lying rats on the witness stand, who get up there and swear you are engaged in something illegal? How can you protect yourself in jail from beatings, "falling out of bunks", from "rape" by filthy queers and all the rest of the hor-

rors of prisons? How can you "beat" improper and illegal "interrogation" designed to trap you if you talk, and harass and bully you if you don't? How do you file a simple "Habeas Corpus" to get yourself out of jail, when you have no help on the outside, and no big money?

I could list hundreds of such desperately urgent questions which you need to know to survive.

Do you know the answers--or would you be frightened to death and "lost" if they grabbed you on some framed-up charge? Would you be panicked if you found yourself suddenly surrounded by police cars? Do you know how to deal with the "good-guy bad-guy" technique used to "sucker" you into "confessions" you don't mean? Or would you wind up hearing the "good guy" damn you to prison in court?

After almost six years of fighting for survival against everything they could and can throw at me, I have learned every dirty trick in the book, and how to COUNTER! I have fought all the way to the Supreme Court and won! I have almost always been without a lawyer (or with a free--and often worthless--"drunk tank" court-appointed lawyer), yet I have forced them to throw out case after case against me and our lads. We have rocked the nation time after time with major demonstrations, and beaten their jails and mad houses.

And with it all, we have managed to maintain the friendship and understanding of MOST OF THE COPS (who know as well as we do what's going on, and persecute us only on orders which most of them hate).

One cop, as a matter of fact, who privately subscribes to our material, told me that his whole department thinks of me as a sort of "Robin Hood", while they are forced to work for the "Sheriff of Nottingham". Time after time they have seen me and our men on their "scaffold in Nottingham"--only to have us leap over the wall and be clean away every time.

YOU Can Learn Methods

YOU can learn to beat these illegal tails, jails, courts, bug-houses and harassments!

So far as I know, nobody in the world has EVER put down on paper the kind of knowledge I have gained in defending myself from this sort of political warfare and persecution.

Every two weeks you get one of these lessons, study them, do the investigative or laboratory practice work, report your results, answer the test questions, and then send in your lesson for grading and correction. With the help of my staff,
